Philadelphia, April 20, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—Please call a Special Meeting of Common Council for Thursday, 29th inst., at 2 o'clock P. M., for the transaction of general business, oblige,

Yours truly,

WENCEL HARTMAN,
Pres't of Common Council.

Members present :

Messrs. Abrahams, Allen, Amick, Balbirnie, Barrows, Barton, Batt, Birch, Blackwood, Blake, Boorse, Borden, Bougher, Boyer, Breiting, B. H. Brown, W. H. Brown, Buchholz, Buck, Buckley, Caverow, Collins, Connell, Conrad, Cornelius, Corson, Costello, Creadick, Davidson, DeHaven, Doak, Edmonds, Erdin, Eslon, Falbey, Funston, Garrett, Gilpin, Goheen, Goodman, Gordon, Graham, Grist, Hahn, Hammond, Hawkes, Hazlett, Heins, Henry, Hetzell, Hohl, Hulst, Irvine, Irwin, Iseminger, Kinsley, Kittams, Knight, Krisher, Kucker, Lang, Leithead, Leonard, Levering, Linton, Little, Lovegrove, McCullough, McAllister, McCurdy, Martin, Mathias, Means, Meeredy, Meehan, Mercer, A. The President made the following statement in relation to alleged changes in an ordinance: That rumors respecting the ordinance in question constituted a matter of the gravest importance to the City and Councils alike. He was glad to perceive that a judicial investigation into the truth or falsity of the statements had been ordered and hoped that such an investigation, which would be a thorough and complete one, would result in the matter being made entirely clear to the public. Ordinances when reported from Committee should be considered as enwrapped in the halo of sanctity, and no polluted hand should be permitted to taint them in any stage of their passage. The President and officers of Councils will certainly frown upon and expose any such attempted liberty. Such a charge as that involved in the rumors should not for a moment be allowed to hang over Councils and it was only due to its members as well as to the fair fame of the City, that a searching and exhaustive investigation should be made.

Mr. Hawkes moved that the statement made by the President be approved and that they be entered on the Journal.

Which was unanimously agreed to.

The President presented the following :

Philadelphia, April 29, 1897.

The question being on agreeing to the first and only section,

Mr. W. H. Brown moved that Common Council resolve inself into a Committee of the Whole for the purpose of amending the bill.

The President decided, the previous question having been ordered, the motion was not in order.

Mr. W. H. Brown, seconded by Mr. G. Thomas, presented the following appeal :

We appeal from the decision of the Chair, that a motion to go into the "Committee of the Whole" is out of order, for the reason that it is not in accord with Rule 17, of the Joint Rules of Councils.

WILSON H. BROWN,
GEORGE THOMAS.

The President called Mr. Hawkes to the Chair.

The question being, shall the decision of the Chair stand as the judgment of the Chamber.

It was agreed to,

And the decision of the Chair was sustained.

The President resumed the Chair.

The question recurring on agreeing to the first and only section.

It was agreed to,

The title was agreed to.

The bill was read a third time,

And on its final passage,

The yeas and nays were required according to law, and were as follows:

YEAS—Messrs. Abrahams, Allen, Barton, Blake, Bougher, Boyer, Buchholz, Buckley, Caverow, Connell, Cornelius, Corson, Davidson, Dixon, Falbey, Garrett, Gilpin, Gordon, Graham, Hahn, Hammond, Harvey, Hawkes, Hazlett, Heins, Hetzell, Hohl, Hults, Irvine, Irwin, Ivins, Kinsley, Kittams, Knight, Krisher, Kucker, Lang, Leithhead, Leonard, Levering, Linton, Little, Lovegrove, McAllister, McCurdy, Mathias, Means, Mecredy, A. F. Miller, S. G. Miller, Mingle, Mitchell, Moore, Morrison, Morton, Neill, Orr, Pallatt, Quinn, E. W. Richards, Frank Richards, Scott, Seger, Seltzer, Shugart, Slater, Smedley, Spiel, Stauffer, A. F. Stevens, F. Stevens, Stevenson, Thackara, W. S. Thomas, Tongue, Van Osten, Thos. Wagner, Warren, Warwick, Wolstencroft, and Hartman, *Pres't*—81.

NAYS—Messrs. Anderson, Birch, Boorse, Borden, W. H. Brown, Buck, Collins, Creadick, Edmonds, Goodman, Iseminger, Meehan, Mercer, Montgomery, Morrow, Parker, Roberts, Sayre, Seeds, G. Thomas, and G. H. Wagner—21.

A majority of the members elected having voted in the affirmative,

It was agreed to,

And the bill passed.

So Common Council concurred.

Mr. Goodman presented the following :

Philadelphia, June 17, 1897.

I desire to file my reasons for refusing to vote for the ordinance to grant to the Pennsylvania Railroad Company

a twenty-five year lease on the Dock street property, owned by the City.

The City owns two hundred and five feet front at that point, valued at two hundred and five thousand (205,000) dollars. A license has been granted to build a pier 100 feet wide by 580 feet long, with a water-way of about 70 feet on each side.

The work has been commenced, and already over 7,000 yards of stone and hard filling have been placed.

It is my opinion that the City should construct this pier, especially as it is of the utmost importance to extend the fender to the Port Warden's line.

Again, the property in question will more than double in value as soon as the improvements to the harbor and the widening of Delaware avenue, between Vine and South streets, are completed.

It must be remembered that at least five million (5,000,000) dollars will be expended in the near future by the City and privately, for the improvement of the front referred to. For the above reasons it is unwise to extend the lease at this time, especially so when it is realized with an expenditure already authorized of sixty-five thousand (65,000) dollars, the property will command a rental of from fifteen to twenty thousand dollars annually.

Respectfully submitted,

SAMUEL GOODMAN.

Mr. Morrow presented the following :

I vote no for these reasons: First, a personal investigation has shown me that the rentals of sub-tenants and dockage charges net the present lessees, in excess of the rental paid the City, upwards of \$10,000. The rental proposed, \$5,000, is in my judgment totally inadequate.

Second. The present ordinance will utterly destroy the property of the City, which is worth upwards of \$200,000, and is opposed by the executive officers of the City.

A. R. H. MORROW.

Mr. Sayre presented the following :

I vote "no" because the bill does not specify what improvements are to be made by the lessee.

CHAS. H. SAYRE.

Mr. W. H. Brown presented the following :

We vote "no" for the following reasons :

Said lease is not in accord with the law requiring advertisement before leasing. The leasing of this property has not been advertised; therefore, there have been no competitive bids. The annual rental named, viz, \$5,000 per year, is ridiculously low; as the present property has at least a value of \$204,000.

If the City leased this dock to-day properly, she would realize from it at least \$15,000 a year. As evidence of this we submit, that the Delaware Avenue Market Company who at present have the lease of this property, sublet it to sixteen tenants, who each pay from \$25 to \$121.67 per month, or a total of about \$1,000 per month. In addition to which, the said company receives a large income from wharfage and dockage of boats at this wharf.

We also object to this lease for the reason that it will prevent a great city improvement, viz: the extension of this wharf to the pier-head line, a distance of 580 feet. For this extension the City already has its plans finished, and are prepared to go ahead with the work, which it is estimated will cost \$65,000. We contend that this extension is necessary, and that it is necessary for the City to retain ownership of it, for the purpose of developing the commerce of this port.

The City should be in a position at all times to lease or grant dockage to large steamships, to encourage the establishment of direct lines between this and foreign ports; and not compel them to pay exorbitant charges exacted by private corporations owning the docks.

We object to this method of leasing docks for long periods, such as named therein. We object to this particular lease for the reason that it does not protect the City's interest; inasmuch, as it does not provide for the exten-

sion of the wharf to the pier-head line as a compensation to the City for the low rental; nor does it provide that the large sewer emptying into the river at this point, be carried out in the channel, which should be done in the interest of public health.

Wilson H. Brown, George Thomas, Theodore Borden, Chas. Roberts, Melville B. Parker, S. Creadick, D. O. Boorse, George Ghuyas Mercer, Chas. F. Iseminger, J. C. Collins, G. W. Edmonds, Daniel H. Buck, H. L. Montgomery.

Mr. Anderson (on leave) offered the following, to wit: "Resolution of sympathy with Charles F. Iseminger, on the death of his wife." (*Appendix No. 161.*)

The resolution was twice read, and agreed to.

The title was agreed to.

Common Council proceeded to second reading of Select Council bill (*Appendix No. 40*) entitled "An Ordinance to amend an ordinance entitled 'An Ordinance to authorize the work necessary for the widening of Delaware avenue to its full width, between Vine street and South street (excepting on the westerly side, between Market and Walnut streets), in the Fifth and Sixth Wards; for paving and repaving the said avenue and other streets necessary to complete the work; for the erection, where necessary, of a bulkhead wall of stone, with such foundations and backing as may be required, on the easternmost line of said avenue, between the points named, for the widening and extension of wharves in front of property owned by the City of Philadelphia to the established Port Wardens' line, and such other work as may be necessary to complete the widening of said avenue; providing for the construction, reconstruction and alteration of all sewers, gas and water mains, electrical conduits and other municipal constructions incident to all the aforesaid work and necessary for its proper completion; also, to authorize the work necessary to improve the channel of the Delaware river; also, providing for the carrying into effect such authority and certain conditions,' approved March 31, 1896."

The first and only section was again read.

Mr. Morrow moved that the bill be referred to the Committee on Surveys of Common Council.

On agreeing to the motion,

The yeas and nays were required by Mr. G. Thomas, seconded by Mr. Morrow, and were as follows :

YEAS—Messrs. Anderson, Birch, Boorse, Borden, W. H. Brown, Buck, Collins, Creadick, Edmonds, Erdin, Goodman, Hahn, Hazlett, Henry, Iseminger, Leonard, Meeredy, Meehan, Mercer, A. F. Miller, Montgomery, Moore, Morrow, Parker, Roberts, Sayre, Seeds, G. Thomas, and G. H. Wagner—29.

NAYS—Messrs. Abrahams, Allen, Barrows, Barton, Blake, Bougher, Boyer, Buchholz, Buckley, Caverow, Connell, Cornelius, Corson, Davidson, DeHaven, Dixon, Falbey, Funston, Garrett, Gordon, Graham, Hammond, Harvey, Hawkes, Heins, Hetzell, Hohl, Hults, Irvine, Irwin, Ivins, Kinsley, Kittams, Knight, Krisber, Kueker, Lang, Leithead, Levering, Linton, Little, Lovegrove, McAllister, McCurdy, Martin, Mathias, Means, H. A. Miller, S. G. Miller, Mingle, Mitchell, Morrison, Morton, Neill, Orr, Pallatt, Quinn, E. W. Richards, Frank Richards, Scott, Seger, Seltzer, Shugart, Slater, Smedley, Spiel, Stauffer, A. F. Stevens, F. Stevens, Stevenson, Thackara, Tongue, Van Osten, Thos. Wagner, Warren, Warwick, Wolstencroft, and Hartman, *Pres't*—78.

Which was not agreed to.

The question recurring on agreeing to the section,

Mr. Meehan moved that the bill be referred to the Committee of Commerce and Navigation of Common Council.

Which was not agreed to.

The question recurring on agreeing to the section.

It was agreed to.

The title was agreed to.

The bill was read a third time.

And on its final passage,

The yeas and nays were required according to law, and were as follows :

YEAS—Messrs. Abrahams, Allen, Batt, Blake, Bougher,

Boyer, Buchholz, Buckley, Caverow, Connell, Cornelius, Corson, Davidson, DeHaven, Dixon, Falbey, Funston, Garrett, Gilpin, Gordon, Graham, Hammond, Harvey, Hawkes, Hazlett, Heins, Hetzell, Hohl, Hults, Irvine, Irwin, Ivins, Kinsley, Kittams, Knight, Krisher, Kucker, Lang, Leithead, Levering, Linton, Little, McAllister, McCurdy, Martin, Mathias, Means, Meeredy, Mercer, A. F. Miller, H. A. Miller, S. G. Miller, Mingle, Mitchell, Moore, Morrison, Morton, Neill, Orr, Pallatt, Quinn, E. W. Richards, Frank Richards, Scott, Seger, Seltzer, Shugart, Slater, Smedley, Spiel, Stauffer, A. F. Stevens, F. Stevens, Stevenson, Thackara, Tongue, Van Osten, Thos. Wagner, Warwick, Wolstencroft, and Hartman, *Pres't*—81.

NAYS—Messrs. Anderson, Birch, Boorse, Borden, W. H. Brown, Buck, Collins, Creadick, Edmonds, Goodman, Hahn, Henry, Iseminger, Leonard, Meehan, Montgomery, Morrow, Parker, Roberts, Sayre, Seeds, and G. Thomas—22.

A majority of the members elected having voted in the affirmative,

It was agreed to,

And the bill passed.

So Common Council concurred.

Mr. Mercer presented the following :

I vote "aye," inasmuch, as City Councils have agreed to lease Dock street wharf to the Pennsylvania Railroad Company for twenty-five years at a rental of \$5,000 a year. I fear that if the ordinance of March 31, 1896, providing for the widening and extension of Dock street wharf by the City is not repealed, the entire wharf, after it has been widened and extended by the City, will pass by lease to the Pennsylvania Railroad Company, and thus the expense of the widening and extension will be placed upon the City and not upon the Pennsylvania Railroad Company. Therefore, I vote in favor of stopping the work of widening and extending Dock street wharf by the City.

Mr. Seeds moved to proceed to second reading of bill (Appendix No. 121) entitled "An Ordinance to amend

an ordinance entitled 'An Ordinance to make an appropriation to the Department of Public Works, for the year 1897, relative to the salaries and wages in the Survey Districts.' "

Which was agreed to.

The first section was again read, and agreed to.

The second section was again read, and agreed to.

The title was agreed to.

The bill was read a third time,

And on its final passage,

The yeas and nays were required according to law, and were as follows :

The Secretary to the Mayor was introduced, when he presented a message in writing from the Mayor submitting a bill prepared by the City Solicitor, providing for the submission to a vote of the people of the question as to whether or not a loan shall be created for necessary municipal improvements. (*Appendix No. 162.*)

Which was read, and referred to the Committee on Finance.

Also, presented a further message in writing from the Mayor transmitting a communication from the Director of the Department of Public Safety, containing a report made

by him in accordance with Resolution of Councils passed May 6th, 1897, relative to fees and charges. (*Appendix No. 163.*)

Which was read, and referred to the Committee on Finance.

Mr. Buchholz presented the following:

Philadelphia, June 17, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Inasmuch as the eight million (8,000,000) dollar loan has been declared unconstitutional and as I understand it will have to be submitted to the popular vote of the people, I would suggest that the Committee on Finance, at an early day, take steps to submit a loan of two million (2,000,000) dollars to the popular vote of the people, for the purpose of re-paving small streets 40 feet or less in width.

I am satisfied that such a loan will receive the approval of the people. A large number of our small streets are in a deplorable condition, and while we are talking about epidemics and the need of filtration, I am convinced that the hygiene of the City will be as much improved if the small streets are paved with improved pavement as in any other way, besides it is unjust that the poorer class, **who live in** small streets, should be compelled to breathe the impurities with which the air is loaded in the streets referred to. In a recent visit through our Ward, the Nineteenth, it appeared to me that some of the streets must be very unhealthy, they cannot be swept and one cannot drive through them, and houses cannot be rented. Thus landlord and tenant are alike sufferers, and the same conditions exists more or less in all the other wards. In my opinion, there is no one improvement that will do more good and give more universal satisfaction than the re-paving with improved pavement the small streets of the City at this time.

Respectfully yours,

E. BUCHHOLZ.

Which was read, and referred to the Committee on Finance.

Mr. Dixon (on leave) read in place a bill entitled "An Ordinance to authorize the paving of certain streets with sheet asphaltum."

Which was referred to the Committee on Highways.

Mr. Meehan rose to a question of privilege and presented the following communication:

DEPARTMENT OF PUBLIC WORKS.

BUREAU OF WATER.

Philadelphia, July 21, 1895.

MR. THOMAS MEEHAN,

DEAR SIR:—The Director of the Department of Public Works has referred to me a resolution introduced by you

into City Councils, looking to the construction, by the City, of storage basins to be filled by an intake by gravity, and to bringing the stored water by gravity to the City reservoirs.

The Director asks me to furnish him with certain information respecting this project, including cost to City and the economy in pumpage that would be effected by its adoption.

I shall therefore be much obliged if you will furnish me with plans and estimates showing the locations, elevations, method of construction and capacities of the several storage basins, a plan, a profile and cross sections of the proposed aqueduct, and the proposed connections between the aqueduct and the City reservoirs.

I shall be glad, also, to arrange, at your convenience, to confer with you, personally, upon the subject.

Yours respectfully,

JOHN C. TRAUTWINE, JR.,

Chief of Bureau.

Which was read.

Whereupon, presented the following statement:

In response to a resolution of Councils, the Mayor transmitted a report to these bodies from the Department of Public Works, showing that it was perfectly feasible to bring the waters of the Schuylkill from a point above Norristown, by an aqueduct to our pumping stations, at a cost, including land damages and a bridge across the Schuylkill, of a little over six million (6,000,000) dollars. This does not include the cost of the impounding reservoir. The exact cost cannot be given without first determining the location and extent of the reservoir. But as the nature of the country in the midst of which the reservoir would have to be established is similar to the country in which the Croton reservoir is situated, we may take the cost of the Croton as a basis for our own calculation. The figures given in the New York reports as the cost of the Croton reservoir are one hundred and twenty-five (125) dollars per million gallon capacity. With these figures we could build a reservoir holding as much as the capacity of all our reser

voirs, for less than two million (2,000,000) dollars. Our reservoirs are, however, but little more than half full. A well constructed two million (2,000,000) dollar reservoir would, therefore, nearly give us a twenty-four-days supply. Allowing, however, some margin for actual amount held by our reservoirs, we may safely take a twenty-day supply as the result of a two million (2,000,000) dollar expenditure on an impounding reservoir.

It is but fair to note, however, that the cost of a reservoir will vary with its capacity. The Croton holds two months' supply for a large population. It would probably cost more in proportion to build the smaller one here proposed. For the sake of security we might calculate on an ultimate expenditure of ten million (10,000,000) dollars to actually perfect the work.

No other proposition offers us anything like this amount of water within this limit of cost. The estimated cost of the combined Perkiomen, Tohickon and Neshaminy gravity plan is over twenty-seven million (27,000,000) dollars, and this only for two hundred and ten million (210,000,000) gallons per day, not including impounding reservoirs.

The Point Pleasant plan, which was to give two hundred and ten million (210,000,000) gallons a day, is to cost over nineteen million (19,000,000) dollars; while the recent figures of the Water Supply Company, for their intake from the Upper Delaware, were twenty-eight millions (28,000,000).

In discussing the question Philadelphia cannot ignore cost in connection with the approval of plans. It is out of the power of the city to borrow any large sum of money for many years to come. The experience of other cities, less financially bound, does not help us. The City of Paris, for instance, only supplies from its works an average of sixty-two gallons of water per head per day; including in this the quantity supplied to its numerous large public fountains, but the works cost one hundred million (100,000,000) dollars. It is wholly out of our power to raise the money for any of the plans to bring the water from other places than the Schuylkill River.

The question might arise here, whether it would be wise

to contract with companies to do for us what we cannot do for ourselves.

The Water Supply Company, for instance, will put in a plant to cost twenty-eight million (28,000,000) dollars, and this for only one hundred and seventy million (170,000,000) gallons per day. But it is sufficient in this place to say that no city has found it wise to divide its profits with any water company. Absolute control is the order of the day. In their earliest stages towns depend, in the main, on water companies, but they endeavor to get rid of them as they grow. Out of fifty of the largest cities in our country, nineteen have, by great efforts, dissolved partnership with water companies, and the nine only now left would if they could.

But even this proposition would entail a loss of two million (2,000,000) dollars annually, with which we could do handsomely towards accomplishing the Norristown plan.

There are but two other points to be considered, namely the quantity and quality of the Schuylkill River water.

In most discussions the water daily flowing down the Schuylkill is alone considered. We are told that sometimes in dry weather we pump out more than the daily flow. The impounding reservoir is ignored. By these reservoirs we save that which would be wasted. So far as the ability to supply our city for an indefinite period is concerned, we need only compare the Schuylkill with the Croton.

The Schuylkill has a watershed of one thousand nine hundred (1,900) square miles. The Croton has but one hundred and fifty (150) square miles. We can take out all the water we need from above Norristown, without the slightest interference with anyone's riparian rights. It is simply a question of how large we shall construct our reservoirs. It is no more illegal to construct impounding reservoirs outside than inside the city line.

The quality of the Schuylkill remains to be discussed in connection with the plan proposed. It might be a sufficient answer to say that the City of Philadelphia does not intend to put its water works directly or indirectly in the hands of any private company; and as the plan here discussed is the only one that the city can work out for itself,

the question of the quality of the water that has been in use by our city for generations is an abstract one, and is superfluous. When not polluted by mud and coal dust, no one finds fault with it. Until compelled, by reason of the increased demand on our pumps and reservoirs, to use the water within a few hours after it ran in the river bed, Philadelphia was famed for the excellent quality of its drinking water. There is probably no water drank in any community into which sewerage in some form has not entered, but nature takes care to purify it before we drink it. It is not what goes into the river that should trouble us so much as what is in the water when it is in our hand. By stimulating our imagination we behold the sickening sight of a delicious vegetable growing on a pile of the most filthy manure. We do not think of this when eating. If the vegetable is good and the water wholesome, their antecedents are of little consequence to us.

If the subsidized water from the Norristown reservoir is not as pure as we desire it, there is plenty of room for as much filtering as may be desired.

The method proposed seems not only the most desirable method of giving our citizens a permanent and abundant supply of good water, but it happens to be the only one that the city can adopt. The money can be appropriated annually in such sums as may be commensurate with the work in any one season. One or two millions could be appropriated out of the annual taxation, or more if we can see our way from time to time to provide small loans. The ordinance based on the report from the Mayor placed the sum for the first year at only one hundred thousand (100,000) dollars, as it would take some little time to select the proper parties to act in conjunction with the Bureau of Surveys and of Water, and for these to make the proper preliminaries for the actual commencement of the work. The following year, of course, more liberal expenditures would be desirable; but with a year before us, arrangements could be made in the distribution of funds at command that it would be no more difficult to provide liberally for this grand work than for the other city departments.

Also, moved that the communication just read be referred to the Director of the Department of Public Works,

with the request that he point out for the benefit of Councils any objections in regard to the plan proposed, should any such occur to him.

Which was agreed to.

Mr. Seeds, Chairman of the Committee on Finance, presented a report, with bill annexed entitled "An Ordinance to make an appropriation to new Item 13 in the annual appropriation to the Department of the Receiver of Taxes for the year 1897 for the refunding of certain twice paid, over paid and paid in error, water rents, permits and pipe laying bills paid to the Department of Receiver of Taxes, Bureau of Water, from January 1 to August 1, 1897. Wagner, Thos. Wagner, Warren, and Woodhead—57.

Less than a majority of the members elected having voted in the affirmative,

The section was not agreed to,

And the bill fell.

Mr. W. H. Brown moved to proceed to second reading of resolution (Appendix No. 181), entitled "Resolution directing the Director of the Department of Public Works to

report on resolution passed by Councils April 1, 1897, relative to advertising for bids for water gas."

Which was agreed to.

The resolution was again read and agreed to.

The preambles were agreed to.

The title was agreed to.

Common Council proceeded to the consideration of the following Select Council amendment to Common Council bill (Appendix No. 102) entitled "An Ordinance to authorize the opening of Belfield avenue, Seventeenth and Carlisle streets, Ezekiel, Lindley and Seventy-seventh streets, Glenwood avenue and Gibson lane."

Amend by adding the following new section:

SEC. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets. Upon the filing of said bonds, the Director of the Department of Public Works shall forthwith proceed to open said streets.

The amendment was read.

The question being on concurring in Select Council's amendment,

The yeas and nays were required according to law, and were as follows:

YEAS—Messrs. Amick, Balbirnie, Barton, Blake, Bougher, Buchholz, Buck, Buckley, Collins, Conrad, Corson, Creadick, Davidson, Dixon, Erdin, Eslen, Falbey, Firth, Garrett, Gordon, Hahn, Hazlett, Henry, Hetzell, Irvine, Irwin, Ivins, Kittams, Knight, Levering, Little, McCullough, McCurdy, Martin, Mathias, Means, Meehan, S. Mecredy, Mercer, A. F. Miller, H. A. Miller, Montgomery, Moore, Pallatt, Parker, Perry, E. W. Richards, Roberts, Seeds, Smedley, Stauffer, W. S. Thomas, G. H. Wagner, and Warren—39.

Less than a majority of the members elected having voted in the affirmative, it was not agreed to, so Common Council non-concurred in Select Council's amendment.

Mr. Balbirnie, seconded by Mr. Kinsley moved to reconsider the vote whereby Section 1 of Select Council bill (Appendix No. 77), entitled "An Ordinance to extend the time of the Moyamensing and Penrose Ferry Road Passenger Railway Company, for the completion of the work of laying their tracks and constructing their trolley system, as authorized by ordinance approved March 30, 1893," was defeated.

On agreeing to the motion,

The yeas and nays were required according to law, and were as follows:

YEAS—Messrs. Barton, Birch, Blackwood, Borden, B. H. Brown, Buchholz, Conrad, Dixon, Doak, Erdin, Eslen, Gordon, Hawkes, Hohl, Kittams, Krisher, Kucker, Leithead, Little, Mecredy, Meehan, A. F. Miller, S. G. Miller, Montgomery, Pallatt, Parker, E. W. Richards, Roberts, Seltzer, E. E. Smith, Warwick, and Hartman, *Pres't*—32.

NAYS—Messrs. Harrisburg, September 7, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—The Executive Committee of the Tennessee Centennial Commission respectfully represent to your Honorable Bodies that the Pennsylvania Commission will observe Pennsylvania Day at the Tennessee Centennial Exposition, in the City of Nashville, in the month of October, and for that purpose will leave for the South on

Friday, October 8, 1897, in company with their invited guests and the veterans of the late war who participated in the battles in and about Chattanooga, at which time there will be dedicated the monuments erected by the authority of the Commonwealth of Pennsylvania, on the 11th day of October. On the 13th of that month Pennsylvania Day will be celebrated at the Tennessee Exposition. The Pennsylvania Commission is especially desirous that the Liberty Bell shall accompany the Pennsylvania delegation, and for that purpose we hereby invite a Joint Committee of ten of your Honorable Bodies, including the President of each Chamber, to accompany us as our guests and such officers as may be necessary to guard and protect the bell. All citizens of our Commonwealth should be interested in making Pennsylvania Day an important feature of the Exposition, and we are of opinion that nothing will serve more to arouse the patriotism of the people than this historic relic. Tennessee being the last State admitted into the Union during the period when Congress sat in Philadelphia, makes it specially proper that all Pennsylvania should assist in a proper celebration of its Centennial Anniversary. Invitations will also be extended to His Honor, the Mayor, the Director of Public Safety and the Director of Public Works. An early answer is respectfully requested.

Very truly yours,

B. J. HAYWOOD,

Chairman Executive Committee.

The President presented the following communications:

Philadelphia, September 22, 1897.

WENCEL HARTMAN, ESQ.,

President of Common Council.

DEAR SIR:—Owing to unavoidable absence from the city I will be unable to be present at the meeting on Thursday next. Will you kindly excuse me?

Yours very truly,

BENNETT L. SMEDLEY.

—

Philadelphia, September 22, 1897.

WENCEL HARTMAN, ESQ.,

President of Common Council.

DEAR SIR:—I regret to say I will be unable to attend the meeting of Common Council, Thursday, September 23d, on account of absence from the city. Learning that there will be a motion made to reconsider the question of submitting to the people the \$11,000,000 loan bill, I desire to say I would support such a motion and would vote for restoring the \$1,000,000 for a library site, though I voted at the last meeting to strike it out. I am satisfied to submit the bill as originally framed to the people.

Yours very truly,

WILSON H. BROWN.

—

Altoona, September 22, 1897.

WENCEL HARTMAN, ESQ.,

President of Common Council.

DEAR SIR:—I find it will be impossible for me to return home in time to attend the meeting to-morrow, the 23d inst. Please excuse my absence.

Yours very truly,

JOHN E. WARREN.

Philadelphia, September 21, 1897.

WENCEL HARTMAN, Esq.,

President of Common Council.

DEAR SIR:—Absence from the city will prevent me attending Special Meeting of Common Council on Thursday, September 23d. Please excuse me, and oblige,

Yours very truly,

JAMES THOMPSON.

Less than a majority of the members elected having voted in the affirmative,

It was not agreed to,

So Common Council non-concurred in Select Council's amendments.

Common Council resumed consideration of the following amendment of Select Council to Common Council bill (Appendix No. 102) entitled "An Ordinance to authorize the opening of Belfield avenue, Seventeenth and Carlisle streets, Ezekiel, Lindley and Seventy-seventh streets, Glenwood avenue and Gibson's lane."

Amend by adding the following new section:

"SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets. Upon the filing of said bonds, the Director of the Department of Public Works shall forthwith proceed to open said streets."

The amendment was read.

The question being on concurring in Select Council's amendment,

Mr. Dixon moved that Common Council concur with the following amendment: Amend by inserting before the word "upon" the words "excepting on Lindley street and Glenwood avenue."

On agreeing to the motion.

The yeas and nays were required, according to law, and were as follows :

YEAS—Messrs. Amick, Anderson, Balbirnie, Barton, Batt, Birch, Blake, Boorse, Borden, B. H. Brown, Buchholz, Buck, Buckley, Caverow, Collins, Connell, Conrad, Cornelius, Creadick, DeHaven, Dixon, Doak, Edmonds, Erdin, Funston, Goheen, Gordon, Graham, Hahn, Hammond, Hazlett, Heins, Hohl, Hults, Irvine, Irwin, Iseminger, Ivins, Kittams, Knight, Krisher Kucker, Lang, Leithhead, Levering, Linton, McCurdy, Martin, Mathias, Means, Meehan, Mercer, S. Wagner, Warwick, Wolsteneroft, Woodhead, and Hartman, *Pres't*—87.

NAYS—None.

A majority of the members elected having voted in the affirmative,

It was agreed to,

So Common Council concurred in Select Council's amendment with an amendment.

Common Council proceeded to the third reading of Common Council bill (Appendix No. 183) entitled "An Ordinance to provide for an increase of indebtedness to the amount of eleven million two hundred thousand (11,200,000) dollars, for the improvement of suburban roads, completion of Boys' High School and erection of new school buildings, building main sewers, building art gallery, improvement to gas works, new Almshouse, abolition of grade crossings, maintenance, and equipment, to Philadelphia Museums, extension, improvements and filtration of water supply, extension of Fairmount Park, repaving of streets and underground work incident thereto, bridges, improvement of public parks or squares, purchase of ground and building fire and police stations, electrical and underground construction, grading and repairs to paved streets, curved curbing, resurfacing asphalt streets, repairs to bridges, repairs to sidewalks (City Property), and repairs to ditches and sluices, and authorizing the submission to a vote of the people and fixing the day of holding an election for the purpose of obtaining the assent of the electors to the increase of indebtedness, and authorizing the corporate authorities of this municipality to make the necessary announcement, by public advertisements, to the electors as required by law, and directing the City Commissioners to prepare and distribute the necessary ballots as provided for in the laws of the State of Pennsylvania governing the increase of indebtedness of municipalities."

The bill was read a third time.

The question being on the final passage of the bill,

Mr. McCurdy moved that Common Council resolve itself into a Committee of the Whole for the purpose of amending the bill.

Which was agreed to.

The President called Mr. Roberts to the Chair.

Common Council resolved themselves into a Committee of the Whole, Mr. Roberts in the Chair.

After some time the Committee arose.

The President resumed the Chair.

Mr. Roberts, Chairman of the Committee of the Whole, to which was referred Common Council bill (Appendix No. 183) entitled "An Ordinance to provide for an increase of indebtedness to the amount of eleven million two hundred thousand (11,200,000) dollars, for the improvement of suburban roads, completion of Boys' High School and erection of new school buildings, building main sewers, building art gallery, improvement to gas Works, new Almshouse, abolition of grade crossings, maintenance and equipment to Philadelphia Museums, extension, improvements and filtration of the water supply, extension of Fairmount Park, repaving streets and underground work incident thereto, bridges, improvement of public parks or squares, purchase of ground and building fire and police stations, electrical and underground construction, grading and repairs to paved streets, curved curbing, resurfacing asphalt streets, repairs to bridges, repairs to sidewalks (City Property), and repairs to ditches and sluices and authorizing the submission to a vote of the people and fixing the day of holding an election for the purpose of obtaining the assent of the electors to the increase of indebtedness. And authorizing the corporate authorities of this municipality to make the necessary announcement, by public advertisements, to the electors as required by law, and directing the City Commissioners to prepare and distribute the necessary ballots as provided for in the laws of the State of Pennsylvania governing the increase of indebtedness of municipalities."

Reported back said bill with the following amendment:

Amend the first section by striking out the words and figures "two million (2,000,000) dollars for repaving streets," and inserting the words and figures "one million (1,000,000) dollars for repaving streets;" also, by inserting the following: "one million (1,000,000) dollars for library site and building: *Provided*, Not more than one million (1,000,000) dollars shall be expended by the City in pay-

ment of site and erection of building;" also, by striking out the words and figures "eleven million two hundred thousand (11,200,000) dollars," and inserting the words and figures "twelve million two hundred thousand (12,200,000) dollars;" also, by adding at the end of section, the following: "one million (1,000,000) dollars for repaving with an improved pavement small streets, forty feet or less in width, from house line to house line, and the underground work incident thereto."

And amend the title accordingly.

Also, moved that the amendment (the same having been printed) be adopted.

Which was agreed to.

And the report of the Committee of the Whole was adopted.

The question recurring on the final passage of the bill.

The yeas and nays were required, according to law, and were as follows :

YEAS—Messrs. Abrahams, Allen, Amick, Balbirnie, Barrows, Barton, Batt, Birch, Blackwood, Blake, Boorse, Bougher, Boyer, Buchholz, Buck, Buckley, Caverow, Chew, Conrad, Cornelius, Creadick, Davidson, DeHaven, Dixon, Doak, Edmonds, Erdin, Eslen, Funston, Goheen, Gordon, Graham, Hahn, Hammond, Harvey, Hawkes, Hazlett, Heins, Hetzell, Hohl, Hults, Irvine, Irwin, Isenminger, Kinsley, Kittams, Knight, Krisher, Kucker, Leithead, Levering, Linton, Little, Lovegrove, McAllister, McCullough, McCurdy, Martin, Mathias, Means, Mercer, A. Lang, Leonard, Mecredy, Meehan, Moore, and Thackara—16.

A majority of the members elected having voted in the affirmative.

It was agreed to,

And the bill passed.

Mr. Hulst presented the following :

Having voted to strike out the item of \$1,000,000 for a public library site and building I now desire to file my reasons for changing my vote to reinsert the item in the bill. Although heartily in favor of a public library I voted to strike out, as I feared the retention of the item would endanger the passage of the loan bill when submitted to the people, and as I believe that many of the items therein, such as main sewers, bridges and paving, were of paramount importance to the people, I voted accordingly.

Upon further investigation I find that nearly the entire press of the city is in favor of the item for a public library and will so advocate it before the people, and as the amendment to-day provides for an additional million of dollars for repaving small streets, I am perfectly willing to vote for the public library item to be restored to the bill.

E. H. HULST,

Mr. Lovegrove presented the following:

I think in voting against the free library item in the loan bill I was in error, and I desire to vote for this item, which will enable the people in voting for the loan bill to decide themselves whether they wish a free library or not.

THOS. G. LOVEGROVE.

Mr. Buchholz moved to proceed to second reading of bill (Appendix No. 237) entitled "An Ordinance amending an ordinance entitled 'An Ordinance granting permission to the United Singers of Philadelphia to hold the National Saengerfest in Fötterall Square.'"

Which was agreed to.

The first and only section was again read.

Mr. Roberts moved to amend by adding the following: "And shall pay into the City Treasurer the sum of fifty (50) dollars for the publication of this ordinance."

Which was agreed to.

The section as amended was agreed to.

The title was agreed to.

The amendment having been printed, by unanimous consent,

The bill was read a third time,

And on its final passage,

The yeas and nays were required, according to law, and were as follows :

LAW DEPARTMENT.

Philadelphia, April 5, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—Herewith I hand you copy of the report of the Road Jury filed March 31, 1897, in the matter of the taking of property in the Twenty-first Ward, for Susan Gorgas Park.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

—
(Copy.)

REPORT OF JURY.

(Filed March 31, 1897.)

To the Honorable the Judges of the Court of Quarter Sessions of the Peace for the City and County of Philadelphia :

The undersigned jurors, who were appointed by this Court to assess the damages which the owners of ground sustained by reason of the selection and appropriation of certain ground by the City of Philadelphia, which said ground is fully described in the petition (a copy of which is hereto annexed) pursuant to which they were appointed:

First meeting. Respectfully report that in pursuance to notice all (except Mr. Brooks) met at the office of David W. Sellers, Esq., 229 South Sixth street, on October 15, 1896, at 4 P. M. At this meeting they organized, and chose Horace Yardley, Esq., as their foreman, and were severally sworn or affirmed to the performance of their

duties, and then adjourned to meet at the Reading Terminal Station on Thursday, October 22, 1896, to view the ground selected and appropriated.

Second meeting—View. The undersigned on the day appointed, October 22, 1896, in the presence of the several owners and of their counsel, visited the ground. At this meeting Mr. Brooks was sworn to the performance of his duties.

Pursuant to adjournment the undersigned met at Room 329 in the City Hall at 4 o'clock on the following days, that is to say : October 29, November 12, 18, December 2, 9, 16, and 30, 1896 ; January 6, 13, 20, February 3, 4, 5, 8, 10, 11, 13, 17, 18, 20, 27, March 1, 5, and 6, 1897.

At these several meetings the undersigned were attended by the counsel for the several owners and for the City of Philadelphia, as follows:

David W. Sellers, Esq., on behalf of Michael O'Rourke; Frederick A. Sobenheimer, Esq., on behalf of Elizabeth E. Somerset; Francis Cantrell, Esq., on behalf of Jacob Wright, and John C. Sheahan, Esq., on behalf of the City of Philadelphia.

At these several meetings witnesses were examined on behalf of each owner, and on behalf of the City of Philadelphia.

The undersigned have set opposite their signatures hereto the number of times they attended as jurors.

Before determining on the awards to the several owners the undersigned were addressed by the various counsel.

The undersigned have awarded the sums following subject to the condition that all incumbrances shall be discharged by those to whom the awards are made. All taxes lawfully assessed on the premises for which the awards are made shall be paid by those in whose favor the awards are made, including the year 1897.

After full advisement and consideration, the undersigned are of opinion that the several owners sustain the damages following, and they do therefore award:

To Michael O'Rourke, the sum of sixty thousand (60,000) dollars for: All those certain messuages or tenements and tract or piece of land in Roxborough, in the Twenty-first Ward of said City of Philadelphia, described in accordance with a survey and plan thereof made in October, 1890, by C. A. Sundstrom, Surveyor and Regulator of the Eighth Survey District of said City, as follows, to wit: Beginning at the westerly corner of Ridge avenue and Jefferson street, thence extending along the northwesterly side of Jefferson street south sixty-four degrees fifty-eight minutes west one thousand seven hundred and thirty-two feet eleven and three-quarters inches to a point; thence extending north twenty-five degrees two minutes west two hundred and ninety-eight feet ten and three-quarters inches to a point; thence extending north sixty-five degrees one minute east one thousand five hundred and fifteen feet eight and seven-eighths inches to the southwesterly side of said Ridge avenue; thence extending along the same south sixty-four degrees fifty minutes thirty seconds east one hundred and eighty-three feet eleven and five-eighths inches to a corner in the said Ridge avenue, and thence extending still along the same south fifty-seven degrees thirty-two minutes east one hundred and eighty-five feet and three-quarters of an inch to the northwesterly side of said Jefferson street, the place of beginning. Containing eleven acres and twenty-six and six-tenths perches of land, more or less. (Being the same premises which Joseph K. Wise by deed recorded May 7, 1895, in Deed Book J. J. C., No. 95, page 107 *et seq.*, conveyed to Michael O'Rourke in fee.)

To Elizabeth R. Somerset, the sum of two thousand nine hundred and fifty (2,950) dollars for: All that certain lot or piece of ground situate on the northeasterly side of Manayunk avenue, in Roxborough, in the Twenty-first Ward of the City of Philadelphia, and described as follows, viz.: Beginning at the distance of two hundred and ninety-five feet one and three-eighths inches southeastwardly from the southeasterly side of Fountain street; thence extending along the said side of the said Manayunk avenue southeastwardly one hundred and ninety-two feet to the centre line of Gates street, and thence extending along the said centre line of said Gates street north sixty-five degrees four min-

utes east one hundred and twenty-one feet one and five-eighths inches to a point; thence extending northwestwardly on a line at right angles, or nearly so, to the last mentioned line and along ground now or late of Susan Gorgas one hundred and ninety-two feet and three-eighths of an inch to a point, and thence extending on a line at right angles to the said Manayunk avenue southwestwardly one hundred and twenty-one feet one and five-eighths inches to the first mentioned point and place of beginning. (Being part of the same premises which Jacob Wright *et al.*, executors, by indenture dated the twenty-seventh day of April, A. D. 1887, and recorded at Philadelphia in Deed Book G. G. P. No. 263, page 44, etc., granted and conveyed unto Elizabeth R. Somerset in fee.)

To Jacob Wright, the sum of twelve thousand five hundred (12,500) dollars for: All that certain tract or piece of land situate in Roxborough, in the Twenty-first Ward, of the City of Philadelphia, beginning at an old stone on the southerly side of the Ridge Turnpike road, a corner of land of Samuel Gorgas, thence extending along said Gorgas' land and by the land of William Wright south sixty-four degrees fifty minutes west seventy-seven and thirty-four hundredths perches, and south sixty-five degrees three minutes west eight and sixteen hundredths perches to a corner of this and other land of the heirs of George W. Smick; thence along said land south twenty-four degrees fifty-seven minutes east seven and six-tenths perches to a corner and north sixty-five degrees three minutes east ninety-two perches to the said Ridge road; thence along said road north sixty-four degrees fifty-two minutes west ten and thirty-two hundredths perches to the place of beginning. Containing four acres one rod eight perches, more or less. (Being the same premises which by indenture bearing date June 22, 1866, and recorded at Philadelphia in Deed Book L. R. B. No. 185, page 246, granted and conveyed unto the said Jacob Wright in fee.)

A plan marked "C. A. Sundstrom, Surveyor, Eighth District, June 20, 1895," and which was in evidence before the jury and to which the description in this report refers, has been filed with the City Solicitor for reference.

In witness whereof the undersigned have hereunto set their hands and seals this sixth day of March, 1897.

of the City of Philadelphia.

GENTLEMEN :—I have the honor to request an additional appropriation to this office of two thousand five hundred (2,500) dollars to Item No. 3, for stationery, printing, miscellaneous advertising and incidentals (Mayor's Office).

This is made necessary by reason of the cost attending the advertising and sale of the Subway and Delaware Avenue Improvement Loans.

I am, respectfully,

CHAS. F. WARWICK,
Mayor.

APPENDIX No. 6.

OFFICE OF THE MAYOR.

Philadelphia, April 15, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—I have the honor to herewith transmit for your consideration a communication received from Mr. Thomas M. Thompson, Director of the Department of Public Works, relative to additional appropriations to the Bureaus of Gas, Highways and Water, Department of Public Works, for the year 1897.

I am, respectfully,

CILAS. F. WARWICK,
Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, April 14, 1897.

HON. CHAS. F. WARWICK,
Mayor of Philadelphia.

DEAR SIR :—I would respectfully call attention to the fact that the appropriation for maintenance to several of the Bureaus of this Department is totally inadequate for our requirements.

The estimates of this Department for the year 1897 were based upon the cost of maintenance during the year 1896, and the amounts asked for were what would be actually needed during the present year. These estimates, when submitted to the Committee on Finance, were reduced, and the amount appropriated to several of the Bureaus for maintenance is entirely insufficient to meet the demands for the current year.

I, therefore, respectfully submit the following statement of additional monies that will be required to meet the current expenses of this Department for the present year :

Bureau of Gas.

Item 2. For wages of stokers and helpers, mechanics, laborers, and other employees connected with the manufacture of gas	\$75,000
Item 3. For gas coal.....	350,000
	<hr/>
	\$425,000

Bureau of Highways.

Item 4. For repairing and maintaining unpaved streets, etc	\$25,000
Item 7. For general repairs to bridges.....	20,000
	<hr/>
	\$45,000

In this connection I would state that there was appropriated to Item 4, for repairing and maintaining unpaved streets, &c., \$110,000, of which amount there was reserved \$35,000, for sprinkling macadam roads, leaving \$75,000, of which, \$73,900 is covered by the contract for country

roads. This leaves but \$1,100 for wooden trunks, steps, hand and guard rails and no provision whatever for new iron culverts.

There was appropriated to Item 7, for general repairs to bridges, \$50,000, which will leave us \$20,000 short of the amount which is absolutely necessary to cover dangerous and important repairs to several of our bridges.

Bureau of Water.

Item 2. For general supplies, including fuel (coal for pumping stations), etc.....	\$150,000
Item 3. For repairs to machinery, etc.....	50,000
Item 4. Repairs and maintenance, buildings, grounds and reservoirs.....	50,000
Item 5. Repairs to and improvement of the distribution, etc.....	75,000
Item 6. For supplies, including fuel, labor at City construction and repair shop.....	25,000
Item 8. Purchase of material and cost of labor in connection with the laying of service mains and expenses incident thereto.....	75,000
	<hr/>
	\$425,000

Recapitulation.

Bureau of Gas.....	\$425,000
Bureau of Highways.....	45,000
Bureau of Water.....	425,000
	<hr/>
Total.....	\$895,000

The amounts asked for in the above statement will be actually needed to carry the Department through the present year, provided the work is to be proceeded with; and I have the honor to request that you transmit this matter to Councils for their early consideration, that provision may be made for the needs of the Department, before the adjournment of Councils for the summer months.

Yours truly,

THOMAS M. THOMPSON,

Director.

LAW DEPARTMENT.

Philadelphia, April 9, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR :—In compliance with the request of the resolution of Councils passed November 21, 1895, I enclose you a copy of the report of the jury appointed to assess damages for the widening of Chestnut street, in front of premises No. 116 Chestnut street, Fifth Ward, said report being filed April 9, 1897. The amount awarded was \$3,128.

The actual widening of Chestnut street in front of premises above named has taken place.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

Term, C. P. No. 4. No.

Copy.

REPORT OF JURY.

(Filed April 9, 1897.)

In the matter of the widening of Chestnut street, in front of premises No. 116 Chestnut street, in the Fifth Ward, of the City of Philadelphia.

To the Honorable the Judges of the said Court:

The undersigned jurors appointed by your Honorable Court on the petition of John A. Brown, Jr., owner of

premises on the south side of Chestnut street, known as No. 116 Chestnut street, between Front and Second, to assess the damages, if any, for the widening of said Chestnut street in front of said premises, No. 116 Chestnut street, in the Fifth Ward, of the City of Philadelphia, respectfully report :

That after due notice, proof whereof appears of record, the jurors met on December 9, 1896, at 3.30 P. M., in Room 581, City Hall, Philadelphia. The following jurors were present: Horace Yardley, C. A. McManus, J. Redman Coxe, Herbert P. Ker, S. Emlen Meigs, and Wm. S. Blight. At this meeting the jurors were severally sworn or affirmed and examined on their *voir dire* touching their capacity to serve as jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed to perform their duties as road jurors in the matter of the widening of said Chestnut street, in front of said premises known as No. 116 Chestnut street, in the Fifth Ward, of the City of Philadelphia.

The jury then organized by electing Wm. S. Blight, foreman, and Horace Yardley, secretary: after which the petition was read to the jury and the affidavit of service of notices on the requisite property owners along the line of said Chestnut street, were produced and are hereto attached. The official plan was also produced for the use of the jury, and is also attached to this report. At this meeting and at subsequent meetings held in Room 581, City Hall, Philadelphia, the jury were attended by Bockius & Wister, representing John A. Brown, Jr., the petitioner, and Joseph W. Catharine, Assistant City Solicitor, for the City.

That by an ordinance of the Select and Common Councils of the City of Philadelphia, duly approved the 31st day of March, 1884, pursuant to the power and authority vested in said Councils, by the Act of Assembly, 28th April, 1870, P. L. 1291, the Department of Surveys were ordered and directed to make Chestnut street, from the river Delaware to the river Schuylkill, of the width of sixty feet, widening equally on both sides from the old

centre line, and said ordinance further provides that "after the confirmation and establishment of said lines it shall not be lawful for any owner or builder to erect a new building, or to rebuild or to alter the front of any building now erected, without making it recede so as to conform to the lines established for a width of sixty (60) feet." By virtue of said Act of Assembly said ordinance, the Bureau of Surveys did widen Chestnut street, on the City plan, between the points aforesaid, and the new line of Chestnut street was afterwards duly confirmed and established. That the old buildings upon the lot or piece of ground owned by the petitioner were destroyed by fire on the 25th day of September, 1895, and thereafter, the said petitioner applied for a permit to the proper municipal authorities to begin the erection of a building thereon, which said permit was refused unless the petitioner agreed to set back said building in accordance with the ordinances of said Act of Assembly and said Councils. In consequence thereof, the petitioner was compelled to recede four feet nine and one-half inches on the east line, and four feet ten and three-quarter inches on the west line, from the former building line. The ground so taken had a frontage upon the said Chestnut street of twenty-seven feet ten inches.

On December 15, 1896, the jury made a view of the said premises affected as aforesaid by the widening of said Chestnut street, at which meeting to view the requisite number of jurors were present. They were also attended by counsel for the petitioners, and for the City.

The jury also held meetings upon the following dates for the purpose of taking testimony, hearing the arguments of counsel, and for consultation: December 22, 1896; January 5, 12, 19, 26; February 9, 16, 23; March 2, 6, 9, 13, 15, 1897; and one meeting subsequently for the purpose of signing report.

And now, therefore, after a full and impartial consideration of the testimony submitted to them, and after a careful view of the lines of said Chestnut street, to which it has been widened in front of said premises, No. 116 Chestnut street, and the same being duly considered, and

considering as well the advantages as the disadvantages of each and every property on the line of said street by the widening thereof as aforesaid, and acting on our best judgment we award damages as follows :

John A. Brown, Jr. \$3,128

The jury in considering benefits came to the conclusion that no property in the City was benefited by the said widening, and that the whole amount so assessed should be paid by the City of Philadelphia.

All of which is respectfully submitted.

APPENDIX No. 11.

RESOLUTION

Authorizing the Finance Committee to take action against House Bill No. 428, at Harrisburg, and any other financial legislation hostile to the interests of Philadelphia.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Finance Committee be authorized to take such action as they may deem expedient, to prevent the passage, at Harrisburg, of House Bill No. 428, compelling assessors to deduct all *bona fide* judgments, mortgages or liens of record in assessing real estate; also to take similar action regarding any other financial legislation that is hostile to the interests of this City.

APPENDIX No. 12.

RESOLUTION

Requesting the General Assembly of Pennsylvania not to pass an Act compelling Assessors to deduct judgments, mortgages or liens of record in assessing real estate.

WHEREAS, House Bill No. 428 is pending in the Legislature at Harrisburg, compelling Assessors to deduct all *bona fide* judgments, mortgages or liens of record, from the assessed value in assessing real estate.

AND WHEREAS, Such a law would open the door to the perpetration of gross frauds and would utterly unsettle the financial arrangements of this City; therefore, be it,

Resolved, by the Select and Common Councils of the City of Philadelphia, That we hereby earnestly protest against the passage of such an act; and we respectfully urge the General Assembly of Pennsylvania, and especially the members from the City of Philadelphia, to defeat said act.

Resolved, That a copy of this resolution be forwarded to the Senate and House of Representatives of Pennsylvania.

APPENDIX No. 13.

RESOLUTION

Requesting the Mayor of the City of Philadelphia to call a meeting of the prominent citizens to take action relative to the floods in the Southern States.

WHEREAS, It is with sorrow we learn of the disastrous floods in the Southern States; be it therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Mayor call a meeting of the prominent citizens to devise ways and means to alleviate the sufferings of the masses now without homes and food, and to send such aid as in their judgment they deem necessary.

APPENDIX No. 14.

RESOLUTION

Of request to the Director of the Department of Public Works, to furnish an estimate to these Councils of the cost of cleaning the streets and collecting garbage by day labor, by the Department of Public Works.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Depart-

ment of Public Works be; and he is hereby requested to furnish these Councils with an estimate of what it would cost the Department, by day labor, to clean the streets and collect the garbage during the coming year, and if in his opinion it could be done in this way better and with more satisfaction to the public than under the present system.

APPENDIX No. 15.

RESOLUTION

To appoint a Joint Special Committee to interview the Board of Directors of the Northern Liberties Gas Company, relative to a reduction in the price of gas furnished to consumers by said company.

Resolved, by the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of five members from each Chamber be, and is hereby appointed to interview the Board of Directors of the Northern Liberties Gas Company, relative to a reduction in the price of gas furnished to consumers by said company.

WHEREAS, The strip of ground lying between the curb line on the west side of Thirty-third street and the East Park Reservoir and extending from the north side of Columbia avenue to the south side of Diamond street, is at present uncared for and in need of grading and other attention.

AND WHEREAS, A question has arisen as to whether the said strip of ground is properly under the care and supervision of the Commissioners of Fairmount Park or of the Water Department of the City of Philadelphia; therefore, be it,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be, and is hereby requested to examine into the question and furnish his opinion as to whose duty it is to keep the said strip of ground in proper order and condition.

APPENDIX No. 19.

RESOLUTION

Of request to the Department of Public Works to stop all proceedings relative to changing the names of streets until Councils have time to pass upon a bill amending the same.

WHEREAS, Councils by ordinance approved December 27, 1895, authorizing and directing the Department of Public Works to revise and change the names of intermediate streets.

AND WHEREAS, The action of the Board of Surveyors in changing the name of certain streets has occasioned great annoyance and complaint from a number of our citizens; therefore, be it,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Department of Public Works be, and they are hereby requested to stop all proceedings relative to changing the names of streets until Councils have time to pass upon a bill amending the same, which has been offered in Councils this day.

APPENDIX No. 20.

RESOLUTION

Relative to withdrawal of cables and wires from the tubes laid by the Bell Telephone Company without the sanction of Councils as specifically stated in the general ordinance of 1886.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of Public Works, the Director of Public Safety and the Chief of the Electrical Bureau, are hereby directed to order the withdrawal of cables and wires from the tubes laid without the sanc-

tion of Councils by the Bell Telephone Company, in the following streets: Market street, from Fortieth street to City line; St. John street, from Callowhill street to Germantown road; Germantown road, from St. John street to Glenwood avenue; Berks street, from Front to Ninth street; Front street, from Berks to Harrison street; Harrison street, from Front street to Frankford road; Frankford road, from Harrison to Hanover street; Hanover street, from Frankford road to Richmond street; Richmond street, from Hanover to York street; Front street, from Berks to Amber street; Amber street, from Front street to Frankford road; Frankford road, from Amber street to creek at Frankford; Fifth street, south from South street; Seventeenth street, north from Vine street; and on other streets north of Vine street and south of South street, of which the Electrical Bureau has a record; also that they be directed to forbid the further equipment of said tubes for the reason that wires placed therein were not put underground solely for the purpose of meeting the demands of the ordinance of 1882, for the removal of all overhead wires, but purely for the purpose of securing a placement for the new construction, and directly contrary to the spirit of the ordinance of 1886, which specifically states that before any streets shall be used by any company, corporation or individual, "their routes or requirements shall be first drafted into an ordinance to be submitted to Councils for their approval or disapproval."

APPENDIX No. 21.

RESOLUTION

Fixing the cost of engrossing and framing resolutions passed by Common Council.

WHEREAS, The passage of resolutions by Common Council relative to retiring members has reached such an extent as to mean a large expenditure of money without any regular appropriation, and it is deemed advisable that

some limit should be placed on the cost of such resolutions; therefore, be it,

Resolved, by the Common Council of the City of Philadelphia, That the cost of all resolutions authorized to be engrossed and framed shall not exceed the sum of forty (40) dollars. The same to be charged to Item 7, in the annual appropriation to the Clerks of Councils.

APPENDIX No. 22.

RESOLUTION

Of request to the City Controller to countersign certain warrants for alterations at Independence Hall.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Controller be, and he is hereby authorized to countersign a warrant for labor and materials furnished by Stacy Reeves & Sons, in excess of the contract for alterations at Independence Hall, amounting to nine hundred and forty-seven (947) dollars; also a warrant in favor of Wilson Brothers & Co., for services as civil engineers and architects, amounting to one hundred and forty (140) dollars, during the year 1896, to be taken out of Item 26, of the annual appropriation to the Department of Public Safety (Bureau of City Property), for the year 1897.

APPENDIX No. 23.

RESOLUTION

Of request to the Director of the Department of Public Works, relative to advertising for bids for supplying water gas to the City.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Depart-

ment of Public Works be authorized and requested in advertising for bids, for furnishing water gas, in accordance with resolution passed April 1, 1897, to invite proposals from any individual, company or companies who may desire to bid, and shall report the result of such advertisement to Councils on or before the last Stated Meeting in May next, for their action before awarding contracts.

APPENDIX No. 24.

RESOLUTION

Of request to the heads of the Departments relative to fees and charges.

WHEREAS, The expense of maintaining the various Departments is increasing at a rapid rate, by reason of the improved service and equipment of the various Bureaus made necessary in modern municipal government.

AND WHEREAS, The income of the City is insufficient to keep pace with the demands of the Departments, therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the heads of the various Departments be requested to immediately transmit to Councils a schedule of all fees or charges in their several Bureaus for information or service performed, together with the report or recommendation as to how much these charges or fees may be increased without necessarily becoming burdensome or exorbitant, but to be more in harmony with the improved service rendered; and be it further,

Resolved, That the various Departments of the City furnishing service or valuable information to individuals, corporations or companies without charge, be requested to recommend a schedule of prices for such service.

APPENDIX No. 25.

OFFICE OF THE MAYOR.

Philadelphia, April 29, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—I have the honor to herewith transmit for your consideration a communication received from Frank M. Riter, Esq., Director of the Department of Public Safety, together with a resolution of the Board of Health, and a copy of an ordinance recommended by the Board relative to spitting in public buildings and other public places.

I am, respectfully,

CHARLES F. WARWICK,

Mayor.

—

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, April 14, 1897.

HON. CHAS. F. WARWICK. ESQ.,
Mayor of the City of Philadelphia.

DEAR SIR :—I enclose herewith a copy of a resolution of the Board of Health, relative to spitting in public buildings and other public places, and a copy of the ordinance recommended by the Board which, I would request that you transmit to Councils for such action as they may deem proper.

I remain, yours truly,

FRANK M. RITER,

Director.

BUREAU OF HEALTH.

Philadelphia, April 13, 1897.

FRANK M. RITER, Esq.,

Director, Dept. of Public Safety.

DEAR SIR :—I am directed by the Board of Health to transmit to you the following copy of preamble and resolution. etc., and to request that it be forwarded to City Councils.

Respectfully yours,

JOHN J. McCAY,,

Chief Clerk.

WHEREAS, The habit of spitting in frequented public places, particularly when such places are enclosed, is not only uncleanly and unnecessary, but prejudicial to health.

AND WHEREAS, It is proved that certain diseases, as consumption, are mostly propagated by dried expectoration, and for this reason alone the habit should be condemned. It is therefore

Resolved, That City Councils be respectfully requested to co-operate with the Board of Health in their endeavors to restrict, if not prevent, this pernicious habit, and they are hereby respectfully solicited to pass the following ordinance, not only to promote cleanliness, but to safeguard the public health.

AN ORDINANCE

Forbidding spitting in public buildings and passenger railway cars.

WHEREAS, Spitting in public buildings and passenger railway cars has been declared by boards of health of different cities in the United States to be prejudicial to the health of the people who visit such buildings or ride in such cars.

AND WHEREAS, This practice is not only unhealthy, but uncleanly, offensive and filthy, and injurious to wearing-apparel, especially of women, and therefore a common nuisance, therefore

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That spitting upon the floors of public buildings and of passenger railway cars is hereby declared to be a nuisance, and prejudicial to health, and is hereby prohibited, under a penalty of five (5) dollars for each and every offense, to be recovered as penalties of like amount are by law recoverable.

APPENDIX No. 26.

COMMISSIONERS FOR THE ERECTION OF THE PUBLIC BUILDINGS.

Philadelphia, April 28, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—Referring to communication addressed to your Honorable Bodies, under date of April 12 inst., wherein was named the sum of fourteen thousand four hundred and thirty (14,430) dollars and forty-six (46) cents as being required to supply the additional furniture, etc., needed to transfer the Board of Revision of Taxes from their present quarters in the City Hall, to rooms upon the northwest corridor, first floor; said sum being estimated upon the aggregate of lowest proposals received therefor, prior to the above date,—I have now to state, that upon the basis of proposals received yesterday, substituting wood instead of steel in construction of cases, desks, etc., the above named amount will be reduced by the sum of six thousand five hundred (6,500) dollars,—making the total amount now required, seven thousand nine hundred and thirty (7,930) dollars and forty-six (46) cents.

Very respectfully,

WM. B. LAND,
Secretary.

APPENDIX No. 27.

THE TRADES LEAGUE OF PHILADELPHIA.

Philadelphia, April 28, 1897.

WENCEL HARTMAN, Esq.,

President of Common Council.

DEAR SIR :—In the mandamus suit in Court No. 4, of the Bell Telephone Company against the City, to compel the Mayor, the Director of Public Safety, and the Chief of the Electrical Bureau to issue permits for the erection of terminal poles in order to make effective the Company's underground system of conduits (which are said to have been laid at an expense of over one million dollars), without any authority from Councils, and therefore have been so laid illegally, the Chairman of the Telephone and Electrical Committee and of the Law Committee of the Trades League present the following brief synopsis of the ordinances leading up to and controlling the situation, at the present time.

In their ordinances of 1879, the Bell Telephone Company agreed to "comply with all ordinances of the City which have been or may hereafter be enacted regulating or in any manner controlling telegraph or telephone companies in the use of the streets for telephone or telegraph purposes in the City of Philadelphia."

The ordinance of 1863 prohibits the erection of any poles in the City for telegraphic purposes *without* the consent of Councils is first had and obtained.

The ordinance of 1886, regulating and controlling all electrical companies in the use of the streets, forbids the erection of poles, laying of underground conduits, etc., *without* the sanction of Councils in the first place having been obtained.

In accepting their underground ordinance of 1888, which gave the Bell Telephone Company power to lay underground conduits, erect terminal poles, construct man-holes, etc., within certain prescribed limits, the company

accepted and was governed by the provisions of the ordinances of 1863 and 1886. After enjoying the franchise granted to them in 1888, under the provisions of the ordinance of 1886, for so many years and which extended over the territory bounded by the two rivers and Vine and South streets, finding that an extension was necessary, the Bell Telephone Company, in 1894, made application to Councils for an ordinance under the provisions of the ordinance of 1886, in due form ; this ordinance was referred to the Electrical Committee and thence to Sub-Committee. In the Sub-Committee a hearing was given to the Trades League, and consistent with its policy for the past five or six years, the Trades League not only pleaded for better service, but demanded that Councils should fix a reasonable rate, and also require that the Bell Telephone Company should pay into the City Treasury a certain percentage of its gross receipts as a tax, for the use of the Highways and as an income to assist in keeping the streets in repair, and thus decreasing the general taxation to that extent. All in the interests of the citizens of Philadelphia. The Trades League, acting upon the methods at that time being adopted in Councils, based upon offers from other telephone companies then seeking privileges, petitioned Councils, through its Committee, to pass the ordinance applied for by the Bell Telephone Company, provided the same restrictions be incorporated as were voluntarily offered by less favored corporations. However, under instructions received from the parent company in Boston, the local officers of the Bell Telephone Company of Philadelphia declined to accept this ordinance that would have been passed at that time, possibly unanimously, and also instructed its officials here to allow the ordinance to slumber.

The ordinance of 1882 compelling the placing of all wires underground was never enforced, and is not enforced to-day, and the passage of the resolution of 1886, given in full below, holding the said ordinance in abeyance, practically killed it, as it is dead to all intents and purposes, therefore the trotting out of this shadow of an ordinance to apply for underground privileges, when the com-

pany knew it was bound by the conditions of the 1886 ordinance was a subterfuge, a delusion and a snare. The company pretended it was anxious and willing to comply with the terms of an obsolete ordinance when it knew well that legally it must be bound by ordinances under which it had already accepted grants, but which ordinances did not suit its convenience in 1895, because of the demand of the City and its own subscribers for fair treatment. Had the ordinance of 1882 been enforced, literally and practically, the Bell Telephone Company would have been the first to raise a hue and cry against its onerous provisions and attempt to defeat it by legal and other methods so well known to careful observers of this company's mode of dealing with municipal authorities in this and other cities. But in 1895, thirteen years after its passage, the company professes its earnest anxiety to comply with its provisions, and by inducing various heads of City Departments to propound questions to the Law Department of the City as to the right of the Board of Highway Supervisors to grant it franchises (which Board is merely an administrative body, distinctly formed to carry out the law as enacted by Councils) finally elected to commence the construction of a vast system of conduits, extending over 172 streets and reaching in extent over 37 miles under permits issued by this body (the Board of Highway Supervisors), and having so laid this 37 miles of conduits in direct opposition to the will of Councils and therefore laid without legal authority, the company then applied for the further permission to erect terminal poles, which Councils not only refused to grant but passed a resolution (February 4, 1897) forbidding the Department of Public Works, the Department of Public Safety or the Electrical Bureau, from granting any permits without the authority of Councils.

Therefore, from every standpoint, the Bell Telephone Company is in possession now of 37 miles of streets to which they have no legal title, and the granting of the mandamns, if granted, would be practically to legalize an illegal grant and legalize an illegal title.

Your attention is respectfully directed to the following resolution of Councils of January 21, 1886 :

RESOLUTION

Directing the Chief of the Electrical Bureau to defer action in the matter of the removal of overhead wires.

WHEREAS, The Chief of the Electrical Department was, by resolution of June 11, 1885, instructed "to notify the various telegraph and telephone companies that all overhead wires, between Vine and South streets, and the Delaware and Schuylkill rivers, must be removed before January 1, 1886," and requiring him to remove all overhead wires between the limits named remaining in place on the date aforesaid.

AND WHEREAS, By the removal of the overhead wires at the time mentioned, the greatest inconvenience will be sustained by the public, and serious losses will be incurred by the business community, and in order that such inconvenience may be avoided, pending the passage of certain ordinances now under consideration by the Electrical Committee of these Councils, it is, therefore

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chief of the Electrical Department be, and he is hereby directed *not to enforce* the removal of overhead wires as required by the resolution of June 11, 1885, for the present.

Also, note extract from ordinance creating the Board of Highway Supervisors, approved March 17, 1884.

AN ORDINANCE

To create a Board of Highway Supervisors, for the purpose of preventing frequent and unnecessary opening of street pavements.

"SECT. 3. This Board, thus constituted, shall meet at least once in two weeks to consider all applications, ordinances, and resolutions that may be referred to them, *after the same has been approved by Councils* ; and they are hereby granted authority to prescribe and enforce such regulations and rules as they may adopt, governing the

time and manner in which all street excavation shall be made, and the time and method of repairing over the same."

Also, note the City Solicitor's answer to David R. Walker, Chief of the Electrical Bureau and Chairman Subcommittee of the Board of Highway Supervisors :

LAW DEPARTMENT.

Philadelphia, July 23, 1895.

D. R. WALKER, Esq.,

DEAR SIR :—I have your letter of July 22d. The ordinance of December 24th, 1879 (Book of Ordinances, page 267) authorizes the erection of overhead wires, but *does not* empower any company to lay underground conduits. That ordinance therefore, *does not* justify your Board in issuing permits to the Bell Telephone Company to lay underground conduits.

Yours very truly,

(Signed) JOHN L. KINSEY,
City Solicitor.

Also, note the City Solicitor's opinion in answer to a letter from A. M. Beitler, Esq., Director of Public Safety.

LAW DEPARTMENT.

Philadelphia, August 1, 1895.

A. M. BEITLER, Esq.,

Director, Dept. of Public Safety.

DEAR SIR :—I have received your letter of the 31st ult. (724) and carefully considered its contents.

I *cannot* advise you that the American Telegraph and Telephone Company can give the Bell Telephone Company the right to lay wires in the conduits which the former company was licensed by the City to construct, without express authority from the City by ordinance.

The ordinance of December 24, 1879, granting permission to the Bell Telephone Company to run and maintain its wires "over and through the streets of the City of Philadelphia," does *not* empower that company to construct conduits underground, or to acquire a right in conduits constructed under the special license or privilege to another company. Even the ordinance of June 13, 1882, requiring that all poles and wires should be removed before January 1, 1895, does not authorize the laying of wires in streets, *without application to Councils for authority so to do.*

Yours very truly,
(Signed) JOHN L. KINSEY,
City Solicitor.

Also, note extract from the City Solicitor's opinion, delivered to Thomas M. Thompson, Esq., Director of Public Works, September 18, 1895.

"While there is no expressed provision in the ordinance of 1879 permitting the placing of the wires underground, neither is there at the same time any prohibition thereof."

JOHN L. KINSEY,
City Solicitor.

Also, note extract from City Solicitor's opinion delivered to Edward W. Patton, Esq., Chairman of the Electrical Committee of Councils, under date of June 27, 1896.

"If the ordinance of December 24, 1879, be considered separate from the ordinance of 1882, it would necessarily confer upon the said telephone company the power to erect poles in the streets of Philadelphia, as well for supporting telephone wires as for connecting with their subscribers. As, however, the telephone company, by its obligation filed under ordinance of 1879, agreed to comply with all ordinances regulating telegraph or telephone companies in the use of the streets, and as in obedience to the ordinance of June 13, 1882, it was permitted to place its wires underground, it *cannot* claim the right to both overhead wires and underground wires."

Also, note extracts from the letter of Frank M. Riter, Esq., Director of Public Safety, to the Mayor, December 10, 1896.

“After considering the question of issuing permits to the Bell Telephone Company to erect terminal poles, I am reluctantly forced to the conclusion that both precedent and construction *are against it*. It would seem to be a legislative authority to be exercised only by the City Councils *or by their express authority*. Ordinances, as I have quoted, have been passed permitting them to extend into certain territories what is commonly known as the overhead system, the same that was first used by this company under its original ordinance of 1879.

“So far as the erection of terminal poles by the Bell Telephone Company is concerned, the precedent seems fixed by the ordinance of June 12, 1888, which granted it the right to erect the number of terminal poles to which I have above referred. Without the authority thus granted by Councils, this company, it would appear, could *not* have procured the necessary permits to erect the terminal poles indicated.

“I am informed by the Chief of the Electrical Bureau that the system employing terminal poles is infinitely superior to that system which uses the overhead wires. In fact, with underground conduits terminal poles are perhaps *alone practicable*. If terminal poles are not employed to distribute, at fixed points, the telephone wires to the company's subscribers, a conduit would have to be run into the premises of each subscriber. This would be extravagantly expensive to the company and indirectly to the City. Where a subscriber was to be accommodated, the main conduit of the company would have to be tapped for the purpose of running a conduit to a property, and the highway and pavement would have to be broken and a manhole fixed in the highway, and this as many times as there are properties holding subscribers.

“It is not against the use and erection of terminal poles that I raise these objections, but they are based upon the fact that there is no power vested in the Department of

Public Safety to grant permission to erect terminal poles without prior legislative action by Councils authorizing it. Whenever the Bell Telephone Company has extended its operations into new territory, the authority of Councils is invoked, and when it is sought to perfect its system in the territory between Vine and South streets, and river and river, the like authority was invoked.

“The ordinance of 1888 would seem to fix as a definite precedent that *no* inherent authority or initiative power existed in the Department of Public Safety to grant permission to fix terminal poles, and that it would only be exercised *after* it had been authorized by Councils.”

And finally note extract from the Mayor's letter to the Select and Common Councils of the City of Philadelphia, January 21, 1897.

“The company states that there will be taken from the overhead service about 2,000 miles of wire, and there will be erected about 175 poles in back streets, and in place of the 2,000 miles of wire only 12 miles will be strung.

Mr. Riter, in his report to me, recommends the passage of a joint resolution authorizing the granting of permits upon his part, to effect the change suggested. I am of opinion that the authority to grant these permits *resides in me*, but in view of the importance of the matter, and the desire at all times to submit these questions to Councils, I respectfully request that a resolution, such as is herewith transmitted, be adopted by your Honorable Bodies. In my judgment it will work to the advantage of the municipality, and I *urge* its immediate passage.

I am, respectfully,

CHAS. F. WARWICK,

Mayor.”

(In the annual report of the Electrical Bureau for 1895, page 180, the Bell Telephone Company is reported to have a total mileage of wires upon city poles of 108 80-100

miles, mileage of wires upon other poles 250 67-100 miles,
total wires on poles 351 47-100 miles.)

GENTLEMEN:—We, your Committee on Highways, to whom was referred the bill entitled ‘An Ordinance to reimburse the American Incinerating Company for laying a temporary road-bed in the Thirty-sixth Ward,’ respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

The annexed letter from the Chief of the Bureau of Highways fully explains this ordinance.

John W. Davidson (*Ch’n pro tem.*), Chas. C. Warwick, Wm. R. Knight, Jr., Thos. Wagner, Jr., Samuel Lamond, Jos. H. Brown, P. E. Costello, H. Black, Wm. McCoach, J. H. B. Amick, John J. Orr, John P. Buckley, James Wolstencroft, Thos. J. Morton.

WM. F. DIXON, Esq.,

Chairman, Committee on Highways.

DEAR SIR:—In compliance with the request made by the Committee on Highways, at the meeting held yesterday (Monday), February 8, 1897, I respectfully make the following report on the bill to reimburse the Philadelphia

Incinerating Co. the sum of \$413, expended in laying plank roads on Schuylkill avenue or Thirty-sixth street and Reed street in the Thirty-sixth Ward.

Under ordinance approved January 30, 1896, bids were received on April 14, 1896, for the grading of Schuylkill avenue, from Reed to Harmer street, and contract was awarded to Michael McMahon, who completed the grading August 4, 1896, Reed street, at Schuylkill avenue, having previously been graded. In doing this work the old railroad ties which had been laid on Schuylkill avenue and Reed street were taken up and they were so worn and rotted that they were not replaced, and a few which were fit for use being used on Schuylkill avenue further down.

In the late summer of 1896, the heavy rain made the road simply impassable, owing to the fact of there being no system of drainage to carry the water off, and the traffic being so heavy, had soon become so very bad that teams could not get through the heavy clay soil, even though extra horses were employed, as the street had been graded out some four or five feet.

An appeal was made to the Department for relief and we secured proposals and estimates for planking the road and found it would cost, by the lowest bid, the sum of \$413 to do the work, but not having any funds available for the purpose nothing could be done.

At this time Mr. R. Walter Peterson, representing the Philadelphia Incinerating Co., called to see what was being done, his company being under contract to dispose of certain collections of garbage and being under heavy penalty for completing their contract he had become quite anxious owing to the impassable condition of the roads.

After learning the condition of affairs and that we had no funds with which to do this work Mr. Peterson offered to advance the money on behalf of his Company. I explained to him that I had no authority to accept an advance or to authorize the work in any manner that would obligate the City in any way. He then desired to know what prospect there would be of getting the money back if they did the work. I again explained to him the situation, telling

him I could not give him any assurance that the money would be returned, but that if he was willing on behalf of his Company to go on and do the work without cost or expense to the City and without any obligation expressed or implied and afterwards chose to ask Councils to reimburse them, that I should be very willing to report the facts and recommend the payment of the cost of the work. This proposition Mr. Peterson acceded to and the work was done after I presented the matter to the Director of the Department of Public Works, Thomas M. Thompson, Esq., and received his approval of the proposition.

This Bureau received the proposals and estimates and the work was done under our supervision and just as we would have had it done at the expense of the City had the funds been available. It was a real emergency and an actual necessity, as the Incinerating Co. would not have been able to fulfill its contract with the City in cremating the garbage, owing to the impassable condition in which the roads had been left by reason of the grading. The City and the general public have and have had the benefit of the road, and while there is no legal obligation to pay, there is real equity in the claim, and I respectfully recommend the approval and passage of the ordinance as a matter of simple justice.

I am, very truly and respectfully,

(Signed) THOMAS L. HICKS,
Chief of Bureau of Highways.

AN ORDINANCE

To reimburse the American Incinerating Company for laying a temporary road-bed in the Thirty-sixth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works is hereby authorized to approve, and the City Controller to countersign a warrant for four hundred and thirteen (413) dollars, drawn in

favor of the American Incinerating Company, to reimburse that corporation for laying a temporary plank road-bed in Schuylkill avenue or Thirty-sixth street and Reed street, in the Thirty-sixth Ward, a distance of about 600 feet, and shall charge the said amount to Item 21 for emergencies, in the annual appropriation to the Department of Public Works, Bureau of Highways.

APPENDIX No. 34.

Philadelphia, April 28, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance regulating the formulation of ordinances for grading streets and roads, and providing for the proper contracting for work authorized in accordance therewith,” respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

John W. Davidson (*Ch’n pro tem.*), Chas. C. Warwick, Wm. R. Knight, Jr., Thos. Wagner, Jr., Samuel Lamond, Jos. H. Brown, P. E. Costello, H. Black, Wm. McCoach, J. H. B. Amick, John J. Orr, John P. Buckley, James Wolstencroft, Thos. J. Morton.

AN ORDINANCE

Regulating the formulation of ordinances for grading streets and roads, and providing for the proper contracting for work authorized in accordance therewith.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That when ordinances to authorize the grading of streets or roads are referred to the Committee on Highways of said Councils, said Committee shall obtain from the Department of Public

Works, Bureau of Surveys, certificates setting forth what legally opened street or streets, within six (6) blocks of those named in said ordinances, require cutting or filling where such cutting or filling can be interchangeably used, and that said Committee shall take such facts into consideration, and shall embody such streets in one estimate in the ordinance when reported back to Councils.

SECT. 2. That the Director of the Department of Public Works be, and is hereby authorized and directed, that whenever an ordinance of Councils shall authorize the grading of any street or streets, in manner as set forth in Section 1 of this ordinance, then and in that case the said Director shall so advertise for, and award the work, that the same shall be embodied in one and the same contract.

SECT. 3. All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 35.

Philadelphia, April 28, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to authorize the surfacing of Ford road, between Conshohocken avenue and Belmont avenue, in the Twenty-fourth Ward,” respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

John W. Davidson (*Ch’n pro tem.*), Chas. C. Warwick, Wm. R. Knight, Jr., Thos. Wagner, Jr., Samuel Lamond, Jos. H. Brown, P. E. Costello, H. Black, Wm. McCoach, J. H. B. Amick, John J. Orr, John P. Buckley, James Wolstencroft, Thos. J. Morton.

AN ORDINANCE

To amend an ordinance approved April 13, 1896, entitled "An Ordinance to authorize the surfacing of Ford road, between Conshohocken avenue and Belmont avenue, in the Twenty-fourth Ward."

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That an ordinance approved April 13, 1896, entitled "An Ordinance to authorize the surfacing of Ford road, between Conshohocken avenue and Belmont avenue, in the Twenty-fourth Ward," be altered and amended by striking out of the fifth and sixth lines, the words and figures "three thousand five hundred (3,500) dollars," and inserting in lieu thereof the words and figures "three thousand (3,000) dollars"; by striking out of the sixth, seventh and eighth lines the words and figures "Item 4," "year 1896," and inserting in lieu thereof the words and figures "Item 2," "year 1897," so that the ordinance as amended shall read as follows :
Section 1. The Select and Common Councils of the City of Philadelphia, do ordain, That the Department of Public Works be authorized to enter into a contract for surfacing with broken stone, of the width of sixteen (16) feet in the center thereof, Ford road, between Conshohocken avenue and Belmont avenue; the cost to the City not to exceed three thousand (3,000) dollars. The said sum to be taken from Item 2, in the annual appropriation to the Department of Public Works (Bureau of Highways), for the year 1897 : *Provided*, That the above authorized work shall in no way relieve the owners of property from the payment of all assessment bills for work to be done in the future when the regular municipal improvements are made.

APPENDIX No. 36.

RESOLUTION

Authorizing and directing the Department of Public Works to permit the landing of steamboats at Susquehanna avenue wharf.

WHEREAS, The wharf at Susquehanna avenue has been used by several of the steamboat companies for the purpose of taking on and landing passengers.

AND WHEREAS, The City has been compelled to keep this wharf in repair, therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be, and is hereby authorized and directed to make such arrangements and charges as he may approve of, for the landing of steamboats at Susquehanna avenue wharf, the money so received from the granting of permits to the various steamboats, to be applied to the maintenance of said wharf: *Provided,* That the granting of said permits to the steamboats to land at this wharf does not interfere with the business of any of the Bureaus in the Department of Public Works.

APPENDIX No. 37.

RESOLUTION

Of request to the Legislature relative to municipal corporations as set forth in bill No. 322, of the Senate.

WHEREAS, There has been introduced into the Pennsylvania Legislature a bill providing that municipal corporations shall not undertake or perform any business or purpose of existing corporations without first acquiring their franchise and property.

AND WHEREAS, This is an unwarranted and uncalled for interference with the affairs of local municipal government; therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That we enter our earnest protest against the passage of this bill and against any bill that tends to deprive the City of a free and untrammelled management of its municipal affairs; be it further

Resolved, That the Clerks of Councils be instructed to send a copy of this resolution to each of the members of the Senate and the House of Representatives, and also to the Speaker of the House and the President of the Senate, with request that the same be read in open session.

APPENDIX No. 38.

RESOLUTION

Of request to the City Controller to countersign a certain warrant.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Controller be, and he is hereby requested to countersign a warrant drawn by the Clerks of Councils in favor of John Dick, Jr., for the sum of one hundred and fifty (150) dollars, for decorating Common Council Chamber and furnishing cut flowers, to be charged against Item 7, in the annual appropriation to the Clerks of Councils.

APPENDIX No. 39.

RESOLUTION

To appoint a Joint Special Committee to confer with The Zoological Society of Philadelphia, to ascertain on what terms the City of Philadelphia can secure control or acquire possession of their collection in Fairmount Park.

Resolved, by the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of three members from each Chamber be appointed to confer with the Zoological Society of Philadelphia to inquire on what terms the City of Philadelphia can secure control or acquire possession of their collection in Fairmount Park.

APPENDIX No. 40.

RESOLUTION

Of request to the Legislature to defeat bill to repeal the Act of 1868 and other acts, which forbids the granting of franchises for the construction of passenger railways on certain streets.

WHEREAS, A bill has been introduced in the Senate of Pennsylvania, by Senator Hardenburg, to repeal the Act of 1868, and other acts, which forbid the granting of franchises by the Commonwealth, for the construction of passenger railways on certain streets.

AND WHEREAS. The passage of said bill would allow of the construction of the track or tracks for passenger railway on Broad, Diamond, and other streets in the City of Philadelphia, which are now forbidden by law; therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia. That our Senators and Representatives in the State Legislature be, and they are hereby requested to use every lawful and honorable means to defeat a bill recently offered by Senator Hardenburg, repealing the Act of 1868 and other acts, by which "it is provided that the Commonwealth shall not grant a franchise or privilege of constructing or maintaining a passenger railway or track or tracks, or any artificial tramway, on any street or portion of streets in any city."

Resolved, That a copy of this resolution be sent to the Speaker of the House of Representatives and President *pro tem.* of the Senate.

APPENDIX No. 41.

RESOLUTION

To transfer certain gasoline lamps in the Thirty-sixth Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the gasoline lamps be trans-

ferred from 2226 Earp street to Maiden lane, west of Twenty-eighth street, bottom of hill ; 2225 Sears street to Maiden lane, at bridge near Twenty-ninth street ; 2224 Gerritt street to Maiden lane, top of hill, near Thirtieth street ; 2223 Wilder street to Maiden lane, near Thirty-first street ; Wilder street, between Nineteenth and Twentieth street to Maiden lane, near Thirty-second street.

APPENDIX No. 45.

LAW DEPARTMENT.

Philadelphia, May 4, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR :—I have to acknowledge receipt of your communication of April 20 last, forwarding a copy of the resolution of the Select and Common Councils passed April 15, which recites that,

“ WHEREAS, The strip of ground lying between the curb line on the west side of Thirty-third street and the East Park Reservoir, and extending from the north side of Columbia avenue to the south side of Diamond street, is at present uncared for, and in need of grading and other attention.

AND WHEREAS, A question has arisen as to whether the said strip of ground is property under the care and supervision of the Commissioners of Fairmount Park or of the Water Department of the City of Philadelphia; therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be, and is hereby requested to examine into the question, and furnish his opinion as to whose duty it is to keep the said strip of ground in proper order and condition.”

Replying to the foregoing resolution of inquiry, I would call the attention of Councils to the provisions of the Act of Assembly of April 14, 1868, P. L. 1083. By that Act Thirty-third street is made the eastern boundary of Fairmount Park at the point in question. The laying out of an avenue by the Park Commissioners along said boundary is directed in Section 7, and their jurisdiction is extended in Section 8 of the Act to the breadth of the footway next to the Park in all avenues or streets which shall bound upon it. Section 19, re-affirming the

language of former legislation upon the subject, gives the general power to the Commissioners to govern and maintain the Park as defined by the boundary lines fixed in Section 1.

The last named section, however, excepts from the operation of the Act "the several water works and their appurtenances which are included within these boundaries, and such user of the premises immediately adjacent to the same, and such other portions of the ground as are described in the plan, as the City of Philadelphia may from time to time require for the purposes of its Water Department." Much of this Act is substantially a repetition of the provisions of the Ordinance of Councils of March 4, 1868 (p. 88.)

The reservoir was erected in accordance with the requirements of the Ordinance of November 6, 1871, which appropriated funds for the construction of a storage reservoir in East Fairmount Park, locating it as "situate west of Thirty-third street, between Park avenue or Diamond street and Columbia avenue, if they had been extended through the Park, as shown by the dotted lines upon the map accompanying the report of the Park Commission for 1870."

As appearing upon the map thus referred to, and also as afterwards actually constructed, the reservoir does not cover the ground immediately adjoining Thirty-third street, but is built a short distance to the westward, leaving next to the foot of its eastern slope and between it and Thirty-third street, the strip of ground which is the subject of the present resolution.

Whether the Park Commission or the City Water Department has the control, and owes the corresponding duty of supervision over the said strip of ground, depends upon whether or not it is appurtenant to or has been required for the uses of the reservoir. Physically, it appears to be an integral part of the Park. It is connected at its ends with the other portions thereof, and no reason is apparent why it, more than a like piece of land upon any of the other three sides of the reservoir, should be withdrawn from the care of the Park Commissioners. If

it has been taken into the possession of the Water Department as an appurtenant part of the reservoir, or for necessary use in connection with the latter, a different inference might arise: for under the terms of the statute above quoted, it would then seem not to be subject to the management of the Commissioners, or, in literal strictness, to be excluded from the Park boundaries. But, I am not advised of any facts from which it may be assumed that the strip of ground referred to is or has been taken or used as an appurtenance to the reservoir; and in the absence of such facts, I am of the opinion that the duty to keep said strip of ground in proper order and condition rests with the Commissioners of Fairmount Park.

Very truly yours,

JOHN L. KINSEY,

City Solicitor.

LAW DEPARTMENT.

Philadelphia, May 4, 1897.

GEORGE W. KOCHERSPERGER, Esq.,

Chief Clerk of Common Council.

DEAR SIR :—I enclose you herewith copy of report of jury in the matter of the condemnation of property embraced within the boundary of Edwin H. Fidler Park, in the Seventh Ward, of the City of Philadelphia.

Very truly yours,

JOHN L. KINSEY,

City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In the matter of the condemnation of property embraced within the boundary of Edwin H. Fitler Park, in the Seventh Ward, of the City of Philadelphia.

(Copy.)

REPORT OF JURY.

(Filed May 4, 1897.)

To the Honorable the Judges of said Court :

The undersigned jurors appointed by your Honorable Court to view the property taken for the opening of Fitler Park, and to assess the damages occasioned by the said taking, respectfully report :

That pursuant to notice, the jury met in Room 580, City Hall, on January 5, 1897, at 3 P. M., to organize, and all the jurors being found to be duly qualified, they were sworn to discharge their duties impartially and according to their best judgment. At this meeting, Albert B. Kelley, Esq., on behalf of the City of Philadelphia, produced proof of the service of notice of the first meeting of the property owners and jurors.

The jury subsequently met on January 6, 8, 15, 22, 26, 29; February 2, 5, 10, 12, 19, 23, 26; March 3, 5, 10, 12, 19, 23, 26, 30; April 2, 5, 6, 7, 8, 9, 10, 12, 13, 14, 15, 17, 19, 1897; which, including one to sign this report, makes a total of thirty-six (36) meetings in all.

At these meetings the jury were attended by Richard C. Dale, Esq.; William Gorman Esq.; S. S. Craig, Esq.; A. A. Hirst, Esq.; Michael J. Ryan, Esq., for property owners and tenants, and Albert B. Kelley, Esq., Assistant City Solicitor, for the City of Philadelphia.

The property in question is the square of ground bounded by Twenty-third street on the east, Twenty-fourth street on the west, Kent street on the north, and Pine street on the south, situate in the Seventh Ward, of the City of Philadelphia, and duly condemned for park pur-

poses by ordinance of the Select and Common Councils of the said City, approved

After a thorough consideration of all the evidence submitted to them and a careful view and review of the properties taken by the opening of the said Edwin H. Fidler Park, the jury make the following awards :

John Duffy	\$1,500 00
Arthur T. Duffy.....	3,000 00

Ellen Donohue, tenant.....	40 00
John McDonald	20 00
John A. Dougherty, tenant.....	40 00
	<hr/>
	\$55,763 00

This amount (\$55,763) the jury direct shall be paid by the City of Philadelphia, the opening of the said Park being a general public improvement, the advantages and benefits of which are shared by the whole community.

The above awards are made for the fees of the different properties and for damages to the tenants by reason of the loss of their lease holds. Upon the payment to the property owners of the damages as assessed, the said owners shall each of them execute a good and sufficient deed in fee simple, without restriction, to the City of Philadelphia, for the properties so above taken.

All of which is respectfully submitted.

To authorize the repairing with broken stone, as a country road, Allegheny avenue, from Twenty-second street to Hunting Park avenue, at or near Thirtieth street, and to make an appropriation therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works (Bureau of Highways), be authorized and directed to invite proposals in writing from not less than five (5) responsible contractors for repairing with broken stone, as a country road, Allegheny avenue, from Twenty-second street to Hunting Park avenue, at or near Thirtieth street, the work herein authorized to be done of a width of 16 feet, in the centre of the street where no railway tracks exist, and of a width of 16 feet on the north shoulder

of the street where passenger railway tracks exist, and parallel with said tracks, and in strict accordance with the standard specifications of the Department of Public Works (Bureau of Highways), for work of this character.

SECT. 2. The sum of six thousand five hundred (6,500) dollars be, and the same is hereby appropriated to Item 23, in the annual appropriation to the Department of Public Works (Bureau of Highways), for the year 1897, for the expense of so much of the work herein authorized as can be done for the sum named, the work commencing at Twenty-second street.

SECT. 3. In view of the great public necessity for the early completion of this work, the Director of the Department of Public Works is hereby authorized to invite proposals as stipulated in Section 1 instead of advertising as is the usual custom and award the contract to the lowest responsible bidder, who will complete the work in the shortest time : *Provided*, That the above authorized work shall in no way relieve the owners of property from the payment of all assessment bills for work of paving when the same shall be ordered by Councils.

All ordinances or parts of ordinances inconsistent herewith be, and the same are hereby repealed.

APPENDIX No. 60.

OFFICE OF THE MAYOR.

Philadelphia, May 19, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—I have the honor to herewith transmit for your consideration a communication received from Frank M. Riter, Esq., Director of the Department of Public Safety, together with copies of correspondence relative to rental of telephones for thirteen offices of District Surveyors, Bureau of Surveys, with the recommendation that the Survey Bureau select such districts as most need the telephones within the limit of the appropriation already made.

I am, respectfully,

CHAS. F. WARWICK,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, May 10, 1897.

HON. CHAS. F. WARWICK, Esq.,

Mayor of Philadelphia.

DEAR SIR :—Item 17, in the annual appropriation to the Department of Public Safety (Electrical Bureau), is

as follows : Item 17. For rent of telephones for thirteen offices of District Surveyors, Bureau of Surveys, at one hundred (100) dollars each, one thousand three hundred (1,300) dollars.

Application was duly made by this Department to the Bell Telephone Company to make the necessary connections and furnish the service as authorized for each of the thirteen districts.

In response to this communication the Bell Telephone Co. notified the City that it could not furnish the service for that amount of money. They offered to furnish a limited service which contained so many restrictions that the Department concluded not to accept it. The unlimited service for the thirteen Survey Districts would cost \$2,260. It may be that some of the districts do not require the service as much as others. I therefore take the liberty of forwarding to you copies of the correspondence and request you to forward the same to Councils with a letter recommending that the Survey Bureau select such districts as most need the telephones within the limit of the appropriation already made, and that the Department of Public Safety be directed to carry out the ordinance in conformity with the request of the Bureau of Surveys.

I remain, with respect,

FRANK M. RITER,
Director.

—

ELECTRICAL BUREAU.

Philadelphia, April 19, 1897.

FRANK M. RITER, ESQ.,

Director, Dept. of Public Safety.

DEAR SIR :—In the annual appropriation to this Bureau for the present year, there is an item of \$1,300 to pay for telephonic service to thirteen Survey Districts. On March 23, I notified the Bell Telephone Company to make the connections and furnish the service as authorized, at the rate of \$100 per annum for each of the Survey Districts. On April 14, I received the following communica-

tion from S. M. Plush, G. M. of the Bell Telephone Company, to furnish a limited service, or what is known as a measured service, to consist of 800 calls for a fixed amount of money, and all additional calls over and above the 800 to be charged for at the rate of eight cents per call :

“DEAR SIR :—We are in receipt of your favor of March 23, asking to have connections made and furnish service to the thirteen Survey Districts named therein—Councils having appropriated as you state—the sum of \$100 per annum each for the service.

We assume that you desire limited service contracts and have arranged these to give to each district a direct connection of 800 calls to this Exchange—with the exception of three stations—namely :

1242 South Broad street, 1525 Indiana avenue, 521 Venango street.

These are two party lines but entitled to 800 calls each.

We send you herewith a list of Measured Service terms; and contracts covering thirteen stations, which if satisfactory to you, kindly have executed and return and we will establish the service as early as possible.

Very truly,

SAM. M. PLUSH,

General Manager.”

As the appropriation is made to cover the telephonic service for the entire year without any restriction as to the number of calls, and as the Department has never, to my knowledge, made a contract of this character, I would not recommend the acceptance of the service under such conditions, as it would be a departure from the established custom of the Department, and in my judgment, it is not warranted under the ordinance making the appropriation.

Please advise me of your decision.

Respectfully,

D. R. WALKER,

Chief of Bureau.

(Copy.)

Philadelphia, April 26, 1897.

FRANK M. RITER, Esq.,

Director, Dept. of Public Safety.

DEAR SIR :—I called on you on two different occasions to see you in reference to the placing of telephones in each of the thirteen Survey Districts in this city, but on each occasion I have called there have been so many people waiting to see you that I have had to give it up, the last time being this morning. As you remember, last fall I called on you in reference to making some arrangements by which the thirteen Survey Districts might be connected by telephone. You advised me to find out the cost of the same, which I did, from the Bell Telephone Company, and the amount that they stated would be necessary was \$2,500, and this amount was, I understood, entered into your application before the Finance Committee for their appropriation for this year for that purpose; but at the meeting of the Finance Committee, Chief of the Electrical Bureau stated that he thought \$1,300 would be sufficient (\$100 for each district), and this amount was appropriated for this purpose. Since that time I have called on the Bell Telephone Co. repeatedly, and also on Chief Walker, to see if we could not have the services of the Bell Telephone to the various Survey Districts. The Bell people say that \$1,300 is insufficient. Chief Walker states that he thinks the \$1,300 is ample, and on account of this difference between the Chief and the Bell Telephone people we have been deprived so far in this year of four months of service, and I understand up to the present time unless something is done speedily, we will not be able to get the use of it this year. Is there not some way by which we can get the benefit of this \$1,300, even if it be necessary to leave off three or four of the nearby Survey Districts, so that we can reach the outlying districts that take such a great length of time to reach, for unless you can be at the Surveyor's office in the morning before 10 o'clock,

and sometimes much earlier, you are liable not to catch the Surveyor for the balance of the day.

This is a matter that is of the utmost importance, not only to the builders throughout the City, but the contractors for street paving, sewers, plumbers, etc. We are very anxious to have this matter put in shape, and hope that you can suggest some means by which it may be accomplished.

Very truly,
(Signed) WM. T. B. ROBERTS.

ELECTRICAL BUREAU.

Philadelphia, April 28, 1897.

S. M. PLUSH, Esq.,

G. M., Bell Telephone Company of Philadelphia.

DEAR SIR :—I am in receipt of yours of April 8th enclosing list of charges for telephone service, with contracts, connecting the thirteen Survey Districts.

Will you please inform me by return mail, if possible, what the rate of unlimited service per year will be for the following thirteen Survey Districts :

1242 South Broad street.

S. E. Cor. Fifth and Wharton streets.

20 South Broad street.

724 Spring Garden street.

521 West Venango street.

441 West Norris street.

1500 Montgomery avenue.

4444 Main street, Manayunk.

Cheltenham avenue and Green street, Germantown.

4534 Frankford avenue.

4039 Lancaster avenue.

108 South Fortieth street.

1525 Indiana street.

Also will you inform me whether you make a pro rata contract upon the rate which you name to go from, as early a time as the instruments will be placed at the above named places to December 31, 1897, inclusive. Will you please reply to this as soon as possible.

Respectfully,

(Signed)

D. R. WALKER,

Chief of Bureau.

ELECTRICAL BUREAU.

Philadelphia, April 30, 1897.

FRANK M. RITER, Esq.,

Director, Dept. of Public Safety.

DEAR SIR :—I received the following communication from Samuel M. Plush, G. M., Bell Telephone Company of Philadelphia, this A. M., in reply to mine of the 28th:

"Philadelphia, April 29, 1897.

D. R. WALKER, Esq.,

Chief, Electrical Bureau.

DEAR SIR :—In answer to your favor of the 28th inst., asking the rate per year for unlimited service to the following points, we beg to quote as follows :

1242 South Broad street.....	\$196 00
Southeast corner Fifth and Wharton streets....	184 00
20 South Broad street.....	160 00
724 Spring Garden street.....	160 00
521 West Venango street.....	220 00
441 West Norris street.....	160 00
1500 Montgomery avenue.....	160 00
4444 Main street, Manayunk.....	160 00
Chelten avenue and Green street, Germantown.....	160 00
4534 Frankford avenue.....	160 00
4039 Lancaster avenue.....	160 00
108 South Fortieth street	160 00
1525 Indiana street.....	220 00

In answer to the last paragraph of your letter, I would state that our rule is to make a contract for no less period than a year; however, if for any reasons, later on you find it necessary to disconnect any of the above stations, we will do so upon a reasonable basis.

Very truly,

SAM. M. PLUSH,

General Manager."

You will observe that the amount to pay for a year's unlimited service to the thirteen Survey Districts is \$960 in excess of the appropriation.

Very respectfully,

(Signed)

D. R. WALKER,

Chief of Bureau.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, May 13, 1897.

HON. CHARLES F. WARWICK,
Mayor of the City of Philadelphia.

DEAR SIR :—The following is a copy of a resolution duly adopted by the Board of Health on the 11th inst.:

Resolved, That the City Councils be, and they are hereby respectfully requested, as a sanitary necessity, to authorize the construction of a sewer on Vaughn street, north from Locust street, 162 feet, and at a proper depth to permit of the drainage of Vaughn street premises.

May I respectfully suggest that the same be forwarded to Councils with a favorable recommendation by yourself.

I remain, yours truly,

OFFICE OF THE MAYOR.

Philadelphia, May 19, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit a communication received from Mr. Thomas M. Thompson, Director of the Department of Public Works, containing a report made by him in accordance with a resolution passed by your Honorable Bodies December 10, 1896, relative to the repaving of Fortieth and Forty-first streets, between Pennsylvania Railroad bridge and Parkside avenue, with asphaltum.

I am, respectfully,

CHAS. F. WARWICK,
Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, May 18, 1897.

HON. CHAS. F. WARWICK, ESQ.,
Mayor of Philadelphia.

DEAR SIR :—On April 5th, I received from the Chief Clerk of Common Council, a copy of a resolution passed by the Select and Common Councils on December 10, 1896, reading as follows :

RESOLUTION

Of request to the Director of the Department of Public Works to have Fortieth and Forty-first streets, between the Pennsylvania Railroad bridge and Parkside avenue, repaved with sheet asphaltum.

WHEREAS, Fortieth and Forty-first streets, north of Lancaster avenue, have been repaved with sheet asphaltum, excepting the portion north of Pennsylvania Railroad, and as this is one of the main entrances to the Park; therefore

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be requested to ask the railway companies having tracks on Fortieth and Forty-first streets, between the Pennsylvania Railroad bridge and Parkside avenue, to repave said streets with sheet asphaltum.

Upon receipt of this resolution, the Chief of Bureau of Highways was instructed to at once notify the Union Traction Company to repave Fortieth and Forty-first streets, from the Pennsylvania Railroad bridge to Parkside avenue, in accordance with the said resolution.

I enclose copy of reply received from Mr. John Lowber Welsh, President of the Union Traction Co., declining to repave these streets by substituting asphalt for the Belgian blocks.

A report from the Chief of Bureau of Highways in connection with this matter, reads as follows :

“The railway company repaved both these streets with the old material, and their condition at present is only fair. The blocks—many of which are worn out—have settled more or less, and the streets should be repaved.”

The railway company having refused to comply with the resolution of Councils to repave these streets, the Department can take no further action in the premises without additional legislation from Councils, as the appropriation covering this character of work is but \$5,000, and is inadequate to pay the cost of repaving these two streets.

I have the honor to request that you transmit this report to Councils for their information.

Yours respectfully,

(Signed) THOMAS M. THOMPSON,

Director.

—

UNION TRACTION COMPANY.

Philadelphia, May 17, 1897.

THOMAS M. THOMPSON, Esq.,

Director, Dept. of Public Works.

THOMAS L. HICKS, Esq.,

Chief of Bureau of Highways.

GENTLEMEN :—In reference to your request that the Union Traction Co. repave Fortieth and Forty-first streets, from the Pennsylvania Railroad bridge to Fairmount Park, I answer that inasmuch as these streets have already been repaved with improved pavement (Belgian block) and were duly accepted by the Director of Public Works, at the time of the trolley construction, we must decline to again repave them by substituting asphalt for Belgian block.

If the present Belgian block paving requires any repairing or resetting, we will, of course, do the work necessary to put it in good condition.

Yours very truly,

President.

OFFICE OF THE MAYOR.

Philadelphia, May 19, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit a communication received from Mr. Thomas M. Thompson, Director of the Department of Public Works, containing a report made by him in accordance with a resolution passed by your Honorable Bodies April 1, 1897, relative to the repaving of Chestnut street westward from Forty-second street.

I am, respectfully,

CHARLES F. WARWICK,
Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, May 18, 1897.

HON. CHAS. F. WARWICK,
Mayor of Philadelphia.

DEAR SIR :—On April 2, I received from the Chief Clerk of Common Council, a copy of a resolution passed by the Select and Common Councils on the first day of April, 1897, which reads as follows :

RESOLUTION

Of instruction to the Department of Public Works, relative to repaving Chestnut street, westward from Forty-second street.

WHEREAS, The Philadelphia Traction Co., lessees of the City Passenger Railway Company have occupied by way

of erecting trolley poles, Chestnut street, from Forty-second street westward.

AND WHEREAS, The said, The Philadelphia Traction Co., lessees, have not relaid with improved pavement, in spite of numerous notifications to do so; now, therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be, and is hereby requested and instructed to notify the said, The Philadelphia Traction Company, lessees, to at once proceed and repave with improved pavement the said Chestnut street, west of Forty-second street, as far as they have erected their trolley poles thereon.

Resolved, That in event of the said, The Philadelphia Traction Company refusing to repave the said Chestnut street, westward from Forty-second street, after such notice, then the said Director of the Department of Public Works is hereby further requested and instructed to at once, through the City Solicitor bring such proceedings, judicial or otherwise, as may be necessary to enforce the said notices and demands at the earliest possible moment.

Upon receipt of this resolution, the Chief of Bureau of Highways, was instructed to at once notify the Union Traction Co. to repave Chestnut street, west of Forty-second street, in accordance with the said resolution.

Under date of the 17th inst., I received the following letter from Mr. John Lowber Welsh, President of the Union Traction Company :

“We have determined to extend the tracks on Chestnut street as far west as Forty-fifth street, repaving the street with sheet asphalt. The work will be done as soon as bids can be secured and all preliminary arrangements made.”

I have the honor to request that you transmit this report to Councils for their information.

Yours respectfully,

THOMAS M. THOMPSON,

Director.

LAW DEPARTMENT.

Philadelphia, May 18, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR :—In compliance with the request of the resolution passed by Councils in November, 1895, I herewith hand you copy of the report of the jury in the matter of the opening and widening of Ridge avenue, between Hermit street and Adams street, in the Twenty-first Ward, filed this day.

Ridge avenue has been physically widened, but no damages are awarded, except to Emeline Righter, \$400. The Kauffman Estate have given a bond in \$5,000 to save the City harmless for any damages occasioned by the widening.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In re opening and widening of Ridge avenue, between
Hermit street and Adams street, in the Twenty-first
Ward, of the City of Philadelphia.

(Copy.)

REPORT OF JURY.

(Filed May 18, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits sustained by reason

of the opening and widening of Ridge avenue, between Hermit and Adams street, respectfully report :

That pursuant to notice they met at the road jury rooms, No. 577, fifth floor of the City Hall, on October 19, 1896, and having been first sworn upon their *voir dire* and found duly qualified, and there being no objection, they were severally sworn and examined to perform their duties impartially and to the best of their judgment and ability, as required by law.

At this meeting, and all subsequent meetings of the jury, the following counsel attended, viz: Frederick A. Sobernheimer, Esq., for the Estate of John Adams, deceased, and for Emiline Righter, *et al.*; Henry E. Garsed, for Mrs. H. F. Kauffman; W. Egbert Mitchell, Esq., for J. Vaughn Merrick, and Norris S. Barratt, Esq., Assistant City Solicitor, for the City of Philadelphia.

The jury adjourned to October 22, 1896, on which day they all met and proceeded to view Ridge avenue, between the points named, and the premises affected thereby, at which view they were attended by counsel for the petitioner and claimants in person, Mr. Barratt representing the City.

The jury held thirty-three (33) meetings, as follows : October 19, 22, 26, 30; November 6, 9, 16, 23, 30; December 7, 14, 1896; January 4, 11, 18, 25; February 1, 8, 15; March 3, 10, 17, 24, 31; April 1, 2, 3, 5, 6, 7, 8, 9, 10, and May 3, 1897.

Titles were proved and a large number of witnesses were produced and examined, both for the claimants and the City, as to the value of property on Ridge avenue, between the points named, and as to the effect upon the same by reason of the widening and opening of Ridge avenue, between Hermit street and Adams street.

After careful view of the said premises affected, and acting impartially and according to the best of their judgment, considering as well all the advantages and disadvantages, and the market value of the property before it was affected, and its market value as affected by the opening and widening of the said Ridge avenue causing the injuries complained of, they do find and report as follows :

That there has been no damage to the properties on Ridge avenue, between Hermit street and Adams street, by reason of the widening, straightening and incidental change of grade of the said Ridge avenue, excepting only to the property of Emeline Righter, situate on the northwest corner of Ridge avenue and Hermit street. This property is, in the judgment of the jurors, damaged by the widening only of the said avenue, which has affected it in its market value to the extent of the sum of four hundred (400) dollars, and the jurors do find and report and award unto the said Emeline Righter, the said sum of four hundred (400) dollars, which, in their judgment, represents the amount of the depreciation in the market value of her said property, the same being payable by the City of Philadelphia to her for the said injury.

That the Adams Estate, situate on the northwest side of the said Ridge avenue, and also on the southeast side, on behalf of which claim was made, has not, in their judgment, sustained any damage whatever, and the jurors do not find any award in favor of the said estate.

The jury, as required by law, after having determined upon the amount of damages aforesaid, made an examination of the said street to ascertain as to whether any property in the neighborhood thereof, or adjoining thereto, was benefited by the said opening, and after a consideration of the advantages and disadvantages of the said opening, the jury have assessed no benefits, and decided that all of the damages should be paid by the City of Philadelphia.

There is attached to this report a plan of the said Ridge avenue, between the points named, with a profile showing the grade thereof.

All of which is respectfully submitted.

LAW DEPARTMENT.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR :—A copy of the report of the jury in the matter of the condemnation of property for Hancock Park is herewith enclosed. It was filed to-day.

Should Councils consider, for any reason, that an appeal should be taken in this case, such appeal must be taken within thirty days from the date of filing the report.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In the matter of the opening of Hancock Park, in the
Seventeenth Ward, of the City of Philadelphia.

REPORT OF JURY.

(Filed May 7, 1897.)

To the Honorable the Judges of said Court :

The undersigned jurors appointed by your Honorable Court to assess the damages caused by reason of the condemnation and taking of ground in the matter of the opening of Hancock Park, in the Seventeenth Ward, of the City of Philadelphia, respectfully report :

That after due notice by service upon the registered property owners, proof of which is hereto attached and

marked "Exhibit A," the jury met on the second day of March, 1897, in Room 377, City Hall, at 3 P. M. There were present at that meeting Samuel S. Ellis, W. R. MacFarland, Theodore Frothingham, P. G. Yearick, Thomas J. Coots and U. S. Koons, of the jury. Henry K. Fox, Esq., and David Wallerstein, Esq., appeared for the Trustees of the Estate of Theodore Delaney; T. B. Stork, Esq., for Caroline Riehle; P. K. Erdman, Esq., for Simon S. Myers, and Charles S. Knittel, Esq., for Conrad Urban. The jurors were each severally sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. Each juror was then duly sworn or affirmed by one of their number to perform their duties as jurors in the matter of the condemnation of property for Hancock Park, faithfully, impartially, and according to the best of their judgment. The jury organized by electing Samuel S. Ellis, foreman, and W. R. McFarland, secretary. A plan was produced for the use of the jury, the petition for the appointment of the jury was also produced and read to the jury, and proof of service of notice upon the registered property owners was likewise produced and read to the jury. After which the jurors adjourned to meet on the premises on Friday, March 5, 1897, at 4 P. M. On Friday, March 5, the jurors met on the premises at 4 P. M., as agreed to. At this meeting all of the jurors were present. Subsequent meetings were held for the purpose of taking testimony, hearing the arguments of counsel, and for consultation, on March 9, 16, 19, 23, 26, 30; April 2, 6, 9, 10, 15, 19, 20, 1897.

And now, therefore, after a careful view and review of the premises taken, and after a careful consideration of all the testimony submitted to them, the jury do find and award the following damages :

Margaret W. Delaney, Charles Delaney and	
Charles W. Asbury, Trustees of the Estate	
of Theodore M. Delaney, deceased.....	\$20,000 00
Simon S. Myers.....	15,000 00

Caroline A. Riehle.....	\$2,500 00
Conrad Urban	14,000 00

The jury do further find that all the said damages should be paid by the City of Philadelphia.

All of which is respectfully submitted.

APPENDIX No. 66.

CITIZENS' MUNICIPAL ASSOCIATION.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We notice by the Appendix of Common Council No. 49, page 66, an ordinance authorizing the Department of Public Works, Bureau of Highways, to invite proposals in writing for the repairing with broken stone as a country road Allegheny avenue, from Twenty-second street to Hunting Park avenue, and appropriating the sum of \$6,500 for said work.

Allegheny avenue is a public street and was opened for travel some years ago. A portion of it is occupied by double tracks for a passenger railway and the portion of the street on which tracks are not laid is already under a contract with the contractor for the maintenance of unpaved streets and roads and should be put and maintained in good condition by him without further charge to the City.

The part on which railway tracks are laid should be put and kept in good condition by the passenger railway

company as provided by Section 2 of the ordinance of April 1, 1859, to wit :

“ That all streets or highways which are unpaved at the time of laying the rails, shall be kept in good travelling order by the railroad company, until the same shall be repaved, repaired and kept in good order, at the proper cost of the railroad company occupying the same.”

The ordinance before you moreover proposes that an illegal act be done by your Honorable Bodies, inasmuch as it attempts to authorize the invitation of bids in writing without the advertisement required by Act of Assembly. It is scarcely worth while to pass an ordinance certain to be overthrown by the Courts at the petition of taxpayers, when the legal method of accomplishing the desired result is equally easy.

It appears, however, that the Bureau of Highways has had such confidence that your Honorable Bodies would violate the law that it has already invited bids in writing without waiting for your action, usurping thus legislative as well as its subordinate functions.

The Bureau's reason for this as stated in the “ Ledger ” of the 13th inst., is scarcely adequate to justify the proposition. While it is desirable, as stated, to keep the good name of the City from suffering in the estimation of the thousands who will attend the great German Celebration for three days in June, the public which uses this street every day in the year and has paid for the privilege may well ask why it is not equally considered. This public will doubtless be glad to have the street placed in passable order, but only at the expense of the railway company and the contractor and in full conformity with established law and custom.

Another ordinance is before your Honorable Bodies for consideration, authorizing the Mayor to enter into a contract for the resurfacing of Ford road. This work has already been completed without any contract, in flagrant violation of law, and we would suggest that an investigation of the methods by which such irregularities can occur would be more to the public interest than the justification by

means of an *ex post facto* ordinance. Payment for this work should be resisted at every step as a warning against such practices.

On behalf of the Executive Committee of the Citizens' Municipal Association.

Yours very truly,

JOEL J. BAILY,
Chairman.

thousand (15,000) dollars be, and the same is hereby appropriated to Item 14, in the annual appropriation to the Mayor, for the year 1897, to be expended under the supervision of the Finance Committee of Councils, for the purpose of entertaining the foreign delegates who are to visit the City for the purpose of attending the National opening of the Philadelphia Museum : *Provided*, A like amount be raised and expended by private subscription.

APPENDIX No. 68.

Philadelphia, May 19, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—The Committee on Finance, to which was referred a bill entitled “An Ordinance to make an appropriation to the Department of the Register Wills, for the year 1897;” also, a communication from the Register of Wills transmitting an Act of Assembly, passed April 29, 1897 (which act is hereto appended), and the decree of the Judges of the Orphans’ Court of this county, entered thereon May 1, 1897, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation, and ask its passage.

Jacob J. Seeds (*Ch’n*), D. S. B. Chew, Gustave Hahn, Edward A. Anderson, Wm. R. Knight, Jr., R. R. Bringhurst, H. Black, Wm. McCoach, Edw. W. Patton, William McMullen, Watson D. Upperman, Jos. H. Klemmer, Jos. H. Brown, Chas. Roberts, Thos. J. Rose, Chas. Seger.

AN ACT

To further amend the fifth section of an act entitled “An Act relating to the organization and jurisdiction of the orphans’ court and to establish a separate orphans’ court, in and for counties having more than one hundred and fifty thousand inhabitants, and to provide for the elec-

tion of judges thereof," approved May nineteenth, Anno Domini one thousand eight hundred and seventy-four, as amended by an act approved the thirteenth day of April, Anno Domini one thousand eight hundred and eighty-seven, amending that part of the same which applies to the fixing and payment of the salaries of the register of wills and assistant clerks of said court.

Section 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met and it is hereby enacted by the authority of the same, That the fifth section of an act entitled "An Act relating to the organization and jurisdiction of the orphans' court, et cetera," approved the nineteenth day of May, Anno Domini one thousand eight hundred and eighty-seven, and which reads as follows :

"Section 5. The Register of Wills of each and every county containing over one hundred and fifty thousand inhabitants in which a separate orphans' court is or may be hereafter established shall be clerk of such orphans' court and subject to its directions in all matters pertaining to his office and he may appoint assistant clerks but only with the consent and approval of said court, who shall receive annual salaries payable monthly by the treasurer of said respective counties as follows, to wit: The first assistant, two thousand dollars; the second assistant, eighteen hundred dollars, and third assistant, twelve hundred dollars, and all other assistants, one thousand dollars each, which salaries shall be paid out of the fees of said office paid into the treasury of the county upon bills attested by said register and countersigned by a judge of said court," be amended so as to read as follows :

Section 5. The register of wills of each and every county containing over one hundred and fifty thousand inhabitants in which a separate orphans' court is or may be hereafter established shall be clerk of such orphans' court and subject to its directions in all matters pertaining to his office and he may appoint assistant clerks, but only with the consent and approval of said court, who shall receive annual salaries payable monthly by the treasurer

of said respective counties as follows, to wit: The first assistant, two thousand five hundred dollars; the second assistant, two thousand dollars, and third assistant, fourteen hundred dollars, and the annual salaries of all other assistants to be fixed by the judge of said court, but said annual salaries not to exceed twelve hundred dollars each, which salaries shall be paid out of the fees of said office paid into the treasury of the county upon bills attested by said register and countersigned by a judge of said court. But in the event that the fees received in said office of register of wills be not sufficient to fully pay the register and his assistants then payment shall be made in full to the said register of wills but to his assistants in manner as follows, viz: where there are more than one assistant then the balance of fees remaining to the credit of said office of register of wills shall be divided among each of said assistants in proportion as his salary shall stand to the whole.

Section 2. That all acts and parts of acts inconsistent herewith be, and the same is hereby repealed.

AN ORDINANCE

To make an additional appropriation to the Department of Register of Wills, for the year 1897.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of fifteen hundred and thirty-three (1,533) dollars and thirty (30) cents be, and the same is hereby appropriated to the Register of Wills out of the fees earned by the said Register to be applied as follows: Three hundred and thirty-three (333) dollars and thirty-three (33) cents for the increase of the salary of the first assistant clerk of the Orphans' Court, and one hundred and thirty-three (133) dollars and thirty-three (33) cents each for the increase of the salaries of the second, third, fourth, fifth, sixth, seventh, eighth, ninth, and tenth assistant clerks of said Court, for the remainder of the current year, as per Act of Assembly of April 29, 1897. DEPARTMENT OF PUBLIC WORKS.

Philadelphia, May 12, 1897.

W. H. FELTON, ESQ.,

Clerk, Committee on Highways.

DEAR SIR :—Yours of the 28th ult., enclosing draft of ordinance to authorize the Department of Public Works to pay for the paving alongside the road-bed of the Philadelphia and Frankford Railroad and the Schuylkill River East Side Railway Company, received.

The statement of the non-liability of the railroad companies for the payment of bills for paving in front of their right of way, is correct. In the case of the City of Erie *vs.* State Street, etc., 175 Pa., page 523, the Supreme Court on May 18, 1896, overruled the decision of January 7, 1895, and decided that railroad companies were not liable for the payment of bills for paving in front of their right of way.

In the case of the paving of Twenty-fourth street, north of Wharton street, the Court of Common Pleas No. 1, March Term, 1896, decided that a railroad company was not subject to assessment for paving the cartway in front of its right of way and that it would rest with Councils to pass an ordinance to authorize the payment of the bills.

The bills named in the accompanying draft of ordinance are in proper form, and have received the necessary approval of the officials of the Bureau of Highways.

Yours respectfully,

THOMAS M. THOMPSON,

Director.

AN ORDINANCE

To authorize the Department of Public Works to pay for paving alongside of the road-bed of the Philadelphia and Frankford Railroad Company and the Schuylkill River East Side Railroad Company.

WHEREAS, The Court of Common Pleas No. 1, March Term, 1896, decided that the road-bed of railroad companies was not liable for the payment of bills for paving ; therefore,

LAW DEPARTMENT.

Philadelphia, May 26, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR :—Enclosed herewith I hand you copy of the report of the jury in the matter of the immediate opening of an additional portion of Weccacoe Square, in the Third Ward, of the City of Philadelphia, filed May 24, 1897.

Yours respectfully,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In the matter of the immediate opening of an additional portion of Weccacoe Square, in the Third Ward, of the City of Philadelphia.

REPORT OF JURY.

(Filed May 24, 1897.)

To the Honorable the Judges of said Court :

The jury appointed by your Honorable Court to assess the damages caused by the condemnation of property for an additional portion of Weccacoe Square, in the Third Ward, of the City of Philadelphia, respectfully report :

That after personal service of notice upon the property owners, proof of which is hereto attached, marked "Exhibit A," the jury met on March 10, 1897, in road jury

room No. 377, City Hall, at 10.30 A. M. At this meeting the following jurors were present : A. Atwood Grace, William B. Souder, J. Redman Coxe, William R. Hertz, William C. Haines and Bernard Harris. There also appeared Messrs. Monaghan & Phillips and George J. Dengler, Esq., for various tenants; David Wallerstein, Esq., for Henry R. Zilm; William Gorman, Esq., for John Sheehan; John Weaver, Esq., for John Hartman, Executor of the Estate of Thomas Rider, deceased; Agnew MacBride, Esq., for Helen Spear and Margaret C. McStocker; Charles F. Gummey, Esq., for Margaret McCoy, and J. Lee Patton, Esq., Assistant City Solicitor, for the City of Philadelphia. The following tenants were also present: Max Rosenfeldt, Carrie Chertock, Benjamin Rosen, Abe Ruben and Jacob Lousberg.

The jurors were sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then each sworn or affirmed by one of their number to perform their duties as jurors in the matter of the condemnation of property for an additional portion of Weccacoe Square, in the Third Ward, of the City of Philadelphia, faithfully and impartially and according to the best of their judgment; after which the jury organized by electing A. Atwood Grace, foreman, and J. Redman Coxe, secretary. At this meeting the petition for the appointment of the jury was produced and read to the jury. The affidavit of service of notice on the registered owners and tenants was also produced, and the plan for the use of the jury was also produced at this time. The jury adjourned to meet on the premises on Thursday, March 11, 1897, at 11 A. M. The jury met as agreed, on March 11, 1897, at 11 A. M., at which meeting all the jurors were present. Subsequent meetings were held for the purpose of taking testimony hearing argument and for consultation, on the following days : March 19, 23, 26, 29 ; April 2, 5, 9, 12, 15, 19, 23, 26, 28, 29, 30 ; May 1, 3, 4, 5, 6, 7, 8, 17 and 18, 1897.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the premises affected, the jury do find and award the following damages :

Helen Spear, for premises 411 Queen street.....	\$2,900
John Hartman, Executor of the Estate of Thomas Rider, deceased, for premises 409 Queen street	2,900
Henry H. Zilm, for premises 407 Queen street....	2,900
Margaret C. McStocker, for premises 405 Queen street	3,050

Joseph Sheehan, for premises 812 Weccacoe street.	1,850
Margaret McCoy, for damages to the southern wall of her premises 802 Weccacoe street.....	200

All of which is respectfully submitted.

A. ATWOOD GRACE,
WM. C. HAINES,
J. REDMAN COXE,
WM. R. HORTZ,
WM. B. SOUDER,
BERNARD HARRIS.

REPORT OF JURY.

(Filed June 1, 1897.)

To the Honorable the Judges of said Court :

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, by reason of the opening of Wood street, from Fleeson street to Fountain street, in the Twenty-first Ward, of the City of Philadelphia, respectfully report :

That after due notice the jurors met on March 22, 1897, at 3 o'clock, in Room No. 581, City Hall, for organiza-

tion. The jury organized by electing R. Meade Bache, foreman, and S. A. J. Salter, secretary. All the jurors were present except George Emlen. At this meeting and at the subsequent meetings, the jurors were attended by the following counsel, representing property owners and tenants along the line of said street: Francis S. Cantrell, Esq., for John Connor; George W. Bowker, Esq., for Estate of Annie J. Sloan, deceased, and Charles E. Perkins, Esq., Assistant City Solicitor, for the City of Philadelphia.

That at this meeting, to wit, March 22, 1897, the jurors were severally sworn or affirmed on their *voir dire* by one of their number, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as jurors in the matter of the opening of Wood street, from Fleeson street to Fountain street, in the Twenty-first Ward, impartially, and according to their best judgment, after which the petition was read to the jury and the official plan produced for their use. The affidavit of service of notice on the registered property owners and tenants along the line of the said street was also produced and filed with the jury. The jury then adjourned to make a view of the premises on March 25, 1897, at 10.30 o'clock. All the jurors attended at said view. Subsequent meetings were held for the purpose of taking testimony, hearing the arguments of counsel and for consultation on the following days: April 5, 12, 19, 26, 27, 28; May 3, 6, which, together with one meeting for signing this report, makes a total of eleven (11) meetings.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and taking into consideration and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, they do find the following property owners are damaged to the amount set opposite their names:

John Connor	\$1,350 00
Estate Annie J. Sloan.....	1,400 00
	<hr/>
	\$2,750 00

The jury also find that no property in the vicinity is specially benefited by the opening of said street, and report that the whole amount of damage should be paid by the City of Philadelphia.

All of which is respectfully submitted.

APPENDIX No. 96.

DEPARTMENT OF CITY CONTROLLER.

Philadelphia, June 3, 1897.

MR. WENCEL HARTMAN,
President of Common Council.

DEAR SIR :—I have the honor to herewith submit copy of communication with statement of audit made of the books of the Tacony Iron & Metal Co., to January 1, 1897, forwarded Mr. Samuel C. Perkins, President, 1st inst., in response to a resolution of the Board of Commissioners for the Erection of the Public Buildings.

Yours truly,

JOHN M. WALTON,
City Controller.

DEPARTMENT OF CITY CONTROLLER.

Philadelphia, May 25, 1897.

SAMUEL C. PERKINS, ESQ.,

President, Commissioners for the Erection
of the Public Buildings:

DEAR SIR :—I beg to submit the result of an audit by this Department of the books and accounts of the Tacony Iron & Metal Co., contractors for the construction of the Tower of the City Hall, in accordance with the following resolution adopted at a Stated Meeting of the Public Building Commissioners held February 5, 1897 :

“Resolved, That inasmuch as the Commissioners have referred to the Committee on Metal Work of Tower, the matter of the employment of an expert accountant, to audit the books and accounts of the Tacony Iron & Metal Co., as kept between them and the Commissioners, and to report thereon to the Commissioners; therefore, that this Committee hereby request of the City Controller that he appoint an accountant or accountants from his office force as he may deem proper, to make an audit of the books and accounts herein referred to, and make such report of the same to the Commissioners as will enable them to effect settlement, and terminate the contract with the Tacony Iron & Metal Co., for metal work of Tower, dated September 24, 1889, at as early a date as possible.”

Upon the receipt of my reply to the Resolution acquiescing in your request to make said audit at the earliest date consistent with the work of this Department, the books and vouchers of the Tacony Iron & Metal Co., were forwarded, and auditors assigned to the duties of examination which compelled their employment at night, or after the ordinary business of the office was closed.

The method of bookkeeping employed by the Tacony Company necessitated a careful comparison of the hundreds of small vouchers in order to perfect the entries, of itself a laborious task involving the exercise of much patience and time.

The audit now presented does not embrace the years prior to December of 1892, to 1889, the date of the commencement of the work, for the reason that on the latter date, December, 1892, an audit was authorized by my predecessor in this Department in which it was shown that the total cost of the tower to that time was \$533,602.02.

The following is a summary of the audit just completed:

Mr. Francis Shumann, President of the Tacony Co., in a letter to this Department, dated December 16, 1892, estimated the value of the appliances and buildings belonging to the City, supplied for the purpose of the tower at \$95,000. By a schedule forwarded since the commencement of this audit by the Tacony Co., at my request, the approximate values will, together with other property to be accounted for, in all probability exceed the former estimate.

The property was protected by a bond of \$50,000, given under the contract when that instrument was executed. The amount being deemed insufficient, by this and the Law Department, it was thought advisable, after the commencement of this audit, to ask for an additional bond and agreement, of a responsible Trust Co., unlimited as to amount, which was prepared by the Law Department and executed, "conditioned for the return of the property or payment to the City of such sum as the said property may be valued."

CONTRACT.

Briefly, the contract is dated September 24, 1889, and was entered into by the Public Building Commissioners with the Tacony Iron and Metal Co., of Tacony, Philadelphia, the City Trust, Safe Deposit and Surety Co., entering security to the amount of \$50,000 for the faithful performance of the contract.

The work and materials were to be subject to the supervision and approval of the architect and superintendent, the decision of the architect as to the character of the work and materials furnished to be binding and conclusive

upon the contractors, the contractors agreeing to furnish all the materials at the actual cost thereof, after deducting all trades, special discounts and rebates which might be allowed. The Commission to pay for all office and travelling expenses, materials and labor furnished, including the services of a principal civil engineer at \$416 per month, and the services of a general manager and superintendent at \$208 per month, for the time they were actually employed, and agreeing to pay as compensation to the said Tacony Iron & Metal Co., 15 per cent. in excess of the actual net cost of the tower.

The compensation to the contractors to be paid monthly upon the bills verified by oath of the President, Treasurer or Secretary of the Contractors, and certified by the architect and superintendent of the Commissioners.

The Commissioners further agreeing to pay the contractors for all the scaffolding, hoisting apparatus, tools, implements and materials, and all freights, transportation and hauling required to carry on and complete the contract.

The above is a resume of the most important features of the contract with the Tacony Iron & Metal Co., as well as its condition on December 31, 1896. With regard to the latter it should be borne in mind that the Controller's functions are restricted to the accounts of the Departments and Bureaus of the City. With the books and accounts of contractors he can exercise no control whatever, except as in the present instance, they are voluntarily forwarded with a request to have them examined.

In conclusion, I beg to say that the books of the Tacony Company contained an interest charge in the shape of an offset which is claimed to be due by reason of certain delayed payments of bills by the City.

In the exhaustive audit made this account was verified but has not been recognized nor included in this report because it was not considered as embraced in the terms of the contract.

Yours very truly,

JOHN M. WALTON,

City Controller.

APPENDIX No. 99.

RESOLUTION

Of instruction to the Committee on Street Cleaning, relative to the advisability of the City doing the work.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee on Street Cleaning investigate the cleaning of the streets, and consider the advisability of the City doing said Work.

APPENDIX No. 100.

Philadelphia, June 3, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the ordinance to authorize the opening of Letitia street, south of Market street, beg leave to report that we find in the ordinance of December 9, 1896, the distance of 75 feet south of Market street was not sufficiently great to cover the entire widening as was contemplated when this ordinance was passed. As authorized at the present time, the widening would leave a portion of a building almost entirely destroyed by the former widening of about 3 feet in width by 21 feet in length. As the building will be destroyed at any rate the damage cannot be greater. Unless the present ordinance is passed the City will be prevented from making claims against the owners of property for benefits for the widening of the street. We, therefore, report the annexed ordinance to amend the ordinance of December 9, 1896, with a favorable recommendation.

Wm. F. Dixon (*Ch'n*), John J. Orr, P. E. Costello, Jas. Wolstencroft, Thos. Wagner, Jr., Wm. R. Knight, Jr., Jos. H. Brown, Arthur H. MacOwen, Lalen C. Krisher, Samuel Lamond, Watson D. Upperman, Wm. McCoach, Chas. C. Warwick, H. Black.

AN ORDINANCE

To amend ordinance approved December 9, 1896, entitled "An Ordinance to authorize the opening of Letitia, Greene, Johnson, Hansberry, Knox, Sixteenth, Grant, Levering and Comly streets, and Robert's avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That Section 1 of the ordinance, approved December 9, 1896, entitled "An Ordinance to authorize the opening of Letitia, Greene, Johnson, Hansberry, Knox, Sixteenth, Grant, Levering, and Comly streets, and Robert's avenue," be altered and amended in so far as it relates to Letitia street, by striking out the words "seventy-five feet," and inserting the words "ninety-six feet," so that said ordinance shall read: "Letitia street, to its full width, as now laid down on the City plan, from Market street to a point about ninety-six feet southward from the southern building line of said Market street.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to authorize the Board of Directors of City Trusts to construct a vault under Girard street, in the Ninth Ward," respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Wm. F. Dixon (*Ch'n*), John J. Orr, P. E. Costello, Jas. Wolstencroft, Thos. Wagner, Jr., Wm. R. Knight, Jr., Jos. H. Brown, Arthur H. MacOwen, Lalen C. Krisher, Samuel Lamond, Watson D. Upperman, Wm. McCoach, Chas. C. Warwick, H. Black.

AN ORDINANCE

To authorize the Board of Directors of City Trusts to construct a vault under Girard street, in the Ninth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Board of Directors of City Trusts be, and are hereby authorized to construct a vault under Girard street, 56 feet east of Twelfth street, and between the properties of the Girard Estate on the north and south sides of said street : *Provided*, There shall be not less than three feet of covering below the established grade of said Girard street, to permit conduits or other municipal structures to be laid therein. Said vault not to exceed thirty feet in length and to be built and constructed under the plans and specifications to be approved by the Department of Public Works (Bureau of Highways). Before exercising any privileges under this ordinance, the said Board of Directors of City Trusts, shall file with the City Solicitor a satisfactory agreement, indemnifying the City against all damages, by reason of the construction and maintenance of said vault, and shall repave and keep in repair that portion of the street broken, whenever called upon to do so by the Director of the Department of Public Works : *Provided*, That the privilege hereby granted shall, in no way, relieve the said Board of Directors from the payment of charges required by the ordinance, approved September 17, 1888; and fifty (50) dollars shall first be paid into the City Treasury for printing this ordinance, and said privileges shall be revocable at any time by the passage of a resolution or ordinance to that effect.

APPENDIX No. 102.

Philadelphia, June 3, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to

authorize the opening of Belfield avenue, Seventeenth and Carlisle streets," beg leave to report that a jury is now assessing damages for the construction of a main sewer on the line of Belfield avenue. The damages will be no greater for the taking of the street at the same time, thus avoiding two proceedings and a double award of damage.

Seventeenth street is opened, except a triangle 72 feet on one end and 12 feet on the other. The property adjoining will be very largely benefited by reason of the opening, but as it is owned by an estate who have no power to dedicate, the only way to have the street opened is the passage of an ordinance. The street was supposed to be opened and a contract executed for paving, which cannot be completed. No possible damage can arise by reason of the opening of this street.

A bond has already been filed by the owners of property indemnifying the City against damages by reason of the opening of Carlisle street. A copy of the certificate from the City Solicitor certifying that this bond has been filed is hereto attached. We, therefore, report the ordinance with a favorable recommendation.

Wm. F. Dixon (*Ch'n*), John J. Orr, P. E. Costello, Jas. Wolstencroft, Thos. Wagner, Jr., Wm. R. Knight, Jr., Jos. H. Brown, Arthur H. MacOwen, Lalen C. Krisher, Samuel Lamond, Watson D. Upperman, Wm. McCoach, Chas. C. Warwick, H. Black.

AN ORDINANCE

To authorize the opening of Belfield avenue, Seventeenth and Carlisle streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized and directed to notify the owners of property over and through which the following streets will pass, that at the expiration of three months from the date of said notice said streets will be required for public use, viz.: Belfield avenue, from Walnut lane to Chew street; Seventeenth

street, from Pulaski avenue to Butler street, and Carlisle street, from Erie avenue to Butler street.

SECT. 2. The Mayor of the City is hereby authorized and directed to enter security on behalf of the City of Philadelphia for the payment of any damages which may be assessed by reason of the opening of said streets. Upon the filing of said bonds, the Director of the Department of Public Works shall forthwith proceed to open said streets.

Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to authorize the grading of Ritner, Seventh, Eighth, Ashmead, Harvey, Third, “H,” Monticello and Bonitz streets, and Evergreen avenue,” respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Wm. F. Dixon (*Ch'n*), John J. Orr, P. E. Costello, Jas. Wolstencroft, Thos. Wagner, Jr., Wm. R. Knight, Jr., Jos. H. Brown, Arthur H. MacOwen, Lalen C. Krisher, Samuel Lamond, Watson D. Upperman, Wm. McCoach, Chas. C. Warwick, H. Black.

AN ORDINANCE

To authorize the grading of Ritner, Seventh, Eighth, Ashmead, Harvey, Third, “H,” Monticello, and Bonitz streets, and Evergreen avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized and directed to grade the following streets to the established grade of the City, with the necessary drains, etc.,

viz: Ritner street, from Fourth to Sixth street; Seventh street, from Moyamensing avenue to Ritner street; Seventh street, of the width of 24 feet, from Oak lane to Sixty-sixth avenue; Eighth street, of the width of 30 feet, to the temporary grade, from Oak lane to Sixty-sixth avenue; Ashmead street, from Greene to Knox street; Harvey street, from Pulaski avenue to Lincoln avenue; Third street, from Sedgley avenue to Erie avenue; "H" street, from Kensington avenue to Tioga street; Monticello street, from Fifty-third to Wilton street; Bonitz street, from Wayne to Clarissa street, and the footways of Evergreen avenue, from Germantown avenue to Prospect avenue: *Provided*, That said streets shall be first dedicated or properly opened, the grading shall be advertised for, and the contract awarded to the lowest bidder.

APPENDIX No. 104.

Philadelphia, June 3, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled "An Ordinance to authorize the paving of Montgomery, Duval, Musgrave, Nash, Sprague, Clarion, Fifty-ninth, Bonitz, Bruner, Juniatta, Jasper, Fourth, Dutton, and Hoffman streets; Moyamensing avenue, and the sidewalks on Reed street," respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Wm. F. Dixon (*Ch'u*), John J. Orr, P. E. Costello, Jas. Wolstencroft, Thos. Wagner, Jr., Wm. R. Knight, Jr., Jos. H. Brown, Arthur H. MacOwen, Lalen C. Krisher, Samuel Lamond, Watson D. Upperman, Wm. McCoach, Chas. C. Warwick, H. Black.

AN ORDINANCE

To authorize the paving of Montgomery, Duval, Musgrave, Nash, Sprague, Clarion, Fifty-ninth, Bonitz, Bruner, Juniatta, Jasper, Fourth, Dutton, and Hoffman streets; Moyamensing avenue, and sidewalks on Reed street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized and directed to enter into a contract with a competent paver or pavers for the paving of the following streets with vitrified bricks, viz: Montgomery street, from Hancock to Mascher street, without a sewer being first constructed in said street; Duval street, from Adams to Greene street; Musgrave street, from Church to Sharpnack street; Nash street, from Ployd to High street; Sprague street, from Woodbine avenue to Stenton avenue; Clarion street, from Ontario to Kettlewell street; Fifty-ninth street, from Market to Arch street; Bonitz street, from Wayne to Clarissa street; Bruner street, from Wayne to Clarissa street; Juniatta street, from Wayne to Clarissa street. The following streets with granite, Pennsylvania or Lambertville blocks, viz: Jasper street, from Clearfield street to Allegheny avenue, and Fourth street, from Durfor to Ritner street. The following streets with sheet asphaltum on broken stone base and binder, viz: Dutton street, from Mitlin to Hoffman street; Hoffman street, from Otsego to Dutton street, and Moyamensing avenue, from Eighth to Ninth street; also, the north and northwest sidewalks of Reed street, from Eleventh to Twelfth street, with cement pavement. The City's cost of said work to be taken from Item 2, in the annual appropriation to the Department of Public Works, Bureau of Highways. The conditions of which contracts shall be that the contractor shall collect the cost of said paving excepting the sidewalks on Reed street, from the owners of property respectively fronting on said streets, and shall enter into an obligation to the City to keep said streets in good repair for five years after the paving is finished:

Provided, Said streets shall be first dedicated or properly opened, and the Director of the Department of Public Works first advertise for proposals for paving said streets and award the contracts to the lowest bidders, and that the owners of property fronting on said streets shall not be charged more than the contract price.

RESOLUTION

Of request to the Senate and Legislature of the Commonwealth of Pennsylvania relative to municipal corporations, as set forth in bill No. 264, of the Senate.

WHEREAS, There is a bill pending, known as Senate bill No. 264, that will not allow municipal corporations to grant

any privileges to a new corporation for the manufacture of gas, light, heat and power, etc., and if said bill becomes a law it will be impossible for the City to have the advantage of competition.

AND WHEREAS, This is an unwarranted and uncalled for interference with the affairs of local municipal government, therefore be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That we enter our earnest protest against the passage of this bill and against any bill that tends to deprive the City of a free and untrammelled management of its municipal affairs; be it further

Resolved, That the Clerks of Councils be instructed to send a copy of this resolution to each of the members of the Senate and the House of Representatives, and also to the Speaker of the House and the President of the Senate, with request that the same be read in open session.

DEAR SIR:—I enclose you herewith copy of the report of the jury in the matter of the opening of Wolf street, from Eighth street to Moyamensing avenue, in the First Ward, filed June 3, 1897.

This street has been physically opened.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In the matter of the opening of Wolf street, from Eighth street to Moyamensing avenue, in the First Ward, of the City of Philadelphia.

(Copy.)

REPORT OF JURY.

(Filed June 3, 1897.)

To the Honorable the Judges of said Court :

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, in the matter of the opening of Wolf street, from Eighth street to Moyamensing avenue, in the First Ward, of the City of Philadelphia, respectfully report :

That after due notice, the jury met on April 1, 1897, at Road Jury Room No. 581, City Hall, for organization.

The following jurors were present : Thomas M. Locke, John McGuigan, Charles H. Woodruff, Thomas T. Coots, P. Gross Yearick, and James Work. The jury organized by electing Thomas M. Locke, foreman, and P. Gross Yearick, secretary, after which the jurors were sworn or affirmed, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve; after which they were duly sworn or affirmed to perform their duties as road jurors in the matter of the opening of Wolf street, from Eighth street to Moyamensing avenue, in the First Ward, of the City of Philadelphia, impartially and according to their best judgment. That at this meeting a copy of the petition was read to the jury and the official plan produced for the use of said jury. The affidavit of service of notice on the registered owners was also produced and is now on file in the Court of Quarter Sessions.

At this meeting the jury were attended by John Roberts, Esq., for Isaac Meyers; Robert Hinckley, Esq., for the Philadelphia Presbytery, and Charles E. Perkins, Esq., Assistant City Solicitor, for the City of Philadelphia.

The jury met to view the premises on April 2, 1897, and subsequent meetings were held for the purpose of hearing testimony and arguments of counsel, on April 7, 14, 21, 28; May 5, 12, 19, and 20, 1897. The jury reviewed the property on May 21, and met for consultation on May 22, 24, 25, 26, and 27, which, together with one meeting to sign this report, makes a total of sixteen (16) meetings.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said street is to be opened, the jury make the following awards of damages :

Philadelphia Presbytery	\$1,725 00
Isaac Myers	2,500 00

The jury also find that no properties are benefited by the opening of the said Wolf street, from Eighth street

to Moyamensing avenue, and that all the damages should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed June 9, 1897.)

To the Honorable the Judges of said Court :

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, caused by reason of the opening of Bockius street, from Cheltenham avenue to Stenton avenue, in the Twenty-second Ward, respectfully report :

That after due notice, by service upon the registered property owners, the jury met for the purposes of their appointment, and in pursuance of said notice, in room No. 377, City Hall, on Wednesday, March 10, 1897, at 11 A. M. At this meeting the following jurors were present: J. Redman Cox, Horace Yardley, John R. Savage, Paul S. Richards, W. H. Milliken, and J. E. Soule. There were also present: William Findlay Brown, Esq., for Thomas Huston; J. Frederick Hartman, Esq., for Jacob A. Datz; G. V. P. Jones, Esq., for Melvina and Margaret B. Lawrence; Thomas F. Byrnes, Esq., for Dr. Charles K. Rowe; Thomas Wagner, Esq., for William S. Winship and Patrick McDonald, and J. Lee Patton, Esq., Assistant City Solicitor, for the City of Philadelphia.

At this meeting the jury were sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then sworn or affirmed by one of their number to perform their duties as jurors in the matter of the opening of Bockius street, from Cheltenham avenue to Stenton avenue, in the Twenty-second Ward, of the City of Philadelphia, faithfully, justly and impartially and according to their best judgment. At this meeting a plan was produced for the use of the jury; the affidavit of service of notice upon the registered property owners was also produced and is hereto annexed, marked "Exhibit A."

The jury adjourned to meet on March 12, to view the

same. On March 12, 1897, the jury met on the premises affected and viewed same; after which meetings were held for the purpose of consultation, hearing the arguments of counsel, and taking testimony, on March 15, 16, 19, 23, 26, 30; April 2, 6, 9, 20, 27, 30; May 4, 7, 11, 14, 18, 20, 21, 22, 25, 28, 31, and June 1, 1897.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said street is to be opened, and considering as well the advantages and disadvantages, damages and benefits, to each and every property owner, the jury do find and award the following damages, viz :

Thomas Huston	\$1,125 00
Melvina and Margaret B. Lawrence.	1,200 00
William S. Winship.....	250 00
Patrick McDonald	350 00
Charles K. Rowe	2,400 00
Jacob A. Datz.....	No damage

The jury do further find that no properties are benefited by reason of the said opening, and that all the damages should be paid by the City of Philadelphia.

All of which is respectfully submitted.

OFFICE OF THE MAYOR.

Philadelphia, June 10, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit for your consideration a communication received from

Frank M. Riter, Esq., Director of the Department of Public Safety, containing a resolution passed by the Board of Health, held May 25, 1897, relative to the placing of sewers on Aurora street, west from Ninth street to Raspberry, and on Taylor street, between Coral and Emerald streets.

I am, respectfully,

CHARLES F. WARWICK,

Mayor.

DEPARTMENT OF PUBLIC SAFETY.

Philadelphia, May 27, 1897,

HON. CHAS. F. WARWICK,
Mayor of Philadelphia.

DEAR SIR:—The following is a copy of a resolution duly passed at a meeting of the Board of Health, held May 25, 1897 :

“Resolved, That City Councils be requested to pass an ordinance directing that sewers be placed on Aurora (Latimer) street, west from Ninth street to Raspberry (Hutchinson) street, and also an ordinance to place a sewer on Taylor street, between Coral and Emerald streets, for the purpose of abating nuisances prejudicial to public health.”

May I ask that you forward the above with your recommendation to City Councils, if you approve of the same.

Yours very truly,

FRANK M. RITER,

Director.

APPENDIX No. 118.

Philadelphia, June 9, 1897.

WENCEL HARTMAN, ESQ.,
President of Common Council.

At a meeting of the Board of Public Education, First School District of Pennsylvania, held at their Chamber, on Tuesday, June 8, 1897, the following report was adopted.

The Committee on Property report that they regret to learn of the decision of the Supreme Court in regard to the Loan, as it deprives the Board of the opportunity of affording much needed relief to many Sections, and in particular to the Boys' High School. The Committee, looking forward to the speedy completion of the building, awarded contracts for the completion of the same, conditional upon Councils making the necessary appropriations for that purpose. The contractor for the main building, Robert Johnston, being the original contractor, assumed all responsibilities and went on with the work and has, including his sub-contractors, spent over \$220,000, to date, placing the building in a condition that it could readily be finished in a short space of time.

It seems to your Committee, in view of the pressing necessities of the Boys' High School, divided as it is in several buildings, it being impossible to carry out its course with justice to its pupils, that it is imperatively necessary that the building should be completed as soon as possible, therefore, the Committee would recommend the adoption of the following resolutions, to be forwarded to City Councils :

Resolved, That whilst the Board of Public Education in awarding the contract for the finishing of the Boys' High School Building did not assume any responsibility, the contract being awarded subject to the appropriation being made by Councils, the contractor for the main building, Captain Robert Johnston, having the first contract and completing the same, went on with the second, assum-

ing, Captain Robert Johnston, having the first contract money, aggregating over \$220,000, but by so doing will save over one year's time in the completion of the building.

Resolved, That in view of the above facts and the urgent necessity of an early use of the new building, that City Councils be respectfully urged to provide means for the payment of the contractors, and the completion of the building.

From the Minutes.

H. W. HALLIWELL,

Secretary.

APPENDIX No. 119.

RESOLUTION

To appoint a Joint Special Committee of five members from each Chamber to visit the City of New York to investigate the system and method of street cleaning now in operation, and to report to these Councils.

WHEREAS, The street cleaning system of the City of Philadelphia has been the subject of much discussion in these Councils.

AND WHEREAS, It is a well known fact that it has been far from satisfactory in its operations during the last winter and spring.

AND WHEREAS, The City of New York has been operating its own system of street cleaning, without subletting the same to contractors, which system has been very successful, it being considered at the present time the cleanest city in the United States, considering its size; therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of five members of each Chamber be, and is hereby appointed to visit the City of New York and investigate the system and methods of street cleaning now in operation, and to report to these Councils.

RESOLUTION

To authorize the Chairman of the Committee on Finance to approve contracts and sureties during the summer vacation.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Chairman of the Committee on Finance be, and is hereby authorized to approve contracts and sureties during the summer vacation.

APPENDIX No. 127.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance granting permission to the Chebra Bikur Cholin Cemetery to

add one acre of ground to its cemetery on Bridge street, in the Twenty-third Ward," beg. leave to report that the portion of ground to be included in the cemetery is now low marshy land and will not interfere with any street now on the City plan. We see no possible objection to granting the permission. We, therefore, report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kittams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

AN ORDINANCE

Granting permission to the Chebra Bikur Cholin Cemetery to add one acre of ground to its cemetery on Bridge street, in the Twenty-third Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and the same is hereby granted to Chebra Bikur Cholin Cemetery to add one acre of ground to its cemetery on the northwestward adjoining the same on Bridge street, in the Twenty-third Ward: *Provided*, That the said permission does not in any way interfere with any streets now on the City plan.

APPENDIX No. 128.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to

authorize the Trustees of the Home for Consumptives, located in Montgomery County, to connect with and discharge sewage into the sewage sewer constructed by the City of Philadelphia in Stenton avenue, near Willow Grove avenue, in the Twenty-second Ward," beg leave to report that careful consideration was given to this matter, and we find that the sewage from the Home at the present time percolates through the ground and ultimately reaches the Wissahickon creek. The proposed permission can be granted without interfering with any public interest, and as the work will be done without expense to the City, we report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'u*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kittams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

AN ORDINANCE

To authorize the Trustees of the Home for Consumptives, located in Montgomery County, to connect with and discharge sewage into the sewage sewer constructed by the City of Philadelphia, on Stenton avenue, near Willow Grove avenue, in the Twenty-second Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Trustees of the Home for Consumptives, situate at the northeast corner of Stenton avenue and Evergreen avenue, in Montgomery County, be, and are hereby authorized to connect with and discharge sewage into the sewage sewer constructed by the City of Philadelphia, in Stenton avenue, near Willow Grove avenue, in the Twenty-second Ward; the work to be done at the expense of the said Trustees, and the plans and method of making connection to be first approved by the Department of Public Works: *Provided*, That the privilege hereby granted shall be revocable at any time on the passage of a resolution or ordinance to that effect.

SECT. 2. The Director of the Department of Public Works shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest responsible bidders; and it shall be a condition of said contracts that the contractor shall accept the sums assessed upon and charged to the properties lying upon the lines of said sewers in manner and form authorized by ordinance, entitled "An Ordinance regulating the assessments upon property for the construction of branch culverts or drains," approved May 12, 1866, and supplement thereto, approved February 16, 1869, and any excess over and above said assessment, in addition to that provided for by ordinance entitled "An Ordinance authorizing the Chief Engineer and Surveyor to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3, 1868, to be charged to the item for branch sewers in the annual appropriation made to the Department of Public Works (Bureau of Surveys).

SECT. 3. The Director of the Department of Public Works shall not award contracts for the construction of any of the sewers authorized by this ordinance until the streets are on the City plan, and all legally opened, excepting on Columbia avenue, from Fiftieth to Fifty-first street, and all properties abutting thereon assessed at full City rates: *Provided*, That where properties are assessed at less than full City rates and the streets on the plan are opened, he may award the contracts upon receipt of a duly executed agreement, binding owners to pay the regular assessment charges: *Provided, however*, That before the sewer on said Columbia avenue shall be constructed, the Pennsylvania Railroad Company shall first agree to permit the City to construct the same over its ground; but no permit shall be issued for the drainage of any property on the line of said sewer until the regular frontage charges shall have been paid.

APPENDIX No. 130.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the ordinances to place on the City plan Fitzgerald, Reese, Fairhill, Warnock, Jackson, Leon, Cameron, Irving, Alder, Uber, Rittenhouse, Lena, Chadwick, Cantrell, Baneroft, Conestoga, St. Mark's, Naudain, Hollywood, Myrtlewood, Dover, Newkirk, Corlies, Air-dree, Dell, Russell, Schuller and Kirkbride streets, and triangular piece of ground at the intersection of Point Breeze avenue and Twenty-first street, beg leave to report that all of these streets comply with the present laws and ordinances and will be placed on the plan without any damage to the City. A proviso indemnifies the City against all damages for placing on the plan and opening, excepting on Kirkbride street and the intersection of Point Breeze avenue and Twenty-first street. Kirkbride street

is needed as the line of a proposed main sewer. The damages estimated for opening the street when needed are one thousand (1,000) dollars. The property at Twenty-first and Point Breeze avenue will in all probability be dedicated to the City. We, therefore, report the ordinance with a favorable recommendation.

Ellsworth H. Hults (*Ch'n*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kitams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

AN ORDINANCE

To place on the City plan Fitzgerald, Reese, Fairhill, Warnock, Jackson, Leon, Cameron, Irving, Alder, Uber, Rittenhouse, Lena, Chadwick, Cantrell, Baneroft, Conestoga, St. Mark's, Naudain, Hollywood, Myrtlewood, Dover, Newkirk, Corlies, Airdrie, Dell, Russell, Schiller, and Kirkbride streets, and triangular piece of ground at the intersection of Point Breeze avenue and Twenty-first street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to place on the City plan Fitzgerald street, of the width of 30 feet, from Fourth to Fifth street; Reese and Fairhill streets, each of the width of 30 feet, from Ritner to Porter street; Warnock street, of the width of 30 feet, from Mitlin to McKean street; Jackson street, of the width of 25 feet, from Washington avenue to Ellsworth street; Leon street, of the width of 30 feet, from Washington avenue to Ellsworth street; Cameron street (Eakin place), of the width of 20 feet, north and south from Irving street (Eagle court); Irving street (Eagle court), of the width of 20 feet, west from Warnock street, and of the width of 15 feet, from Warnock to Alder street (Briar place); Alder street (Briar place), of the width of 15 feet, from Locust street southward; Reese street, of the width of 40 feet, from Lehigh avenue to Dauphin street; Uber street, of

the width of 50 feet, from Wingohocking street to Germantown avenue; Rittenhouse street, of the width of 50 feet, from Chew to Underhill street; Lena street, of the width of 50 feet, from Fifteenth to Sixteenth street; Chadwick street, of the width of 30 feet, from Wharton to Reed street; Chadwick street, of the width of 30 feet, from Passyunk avenue to Jackson street; Cantrell street, of the width of 30 feet, from Chadwick to Sixteenth street; Bancroft street, of the width of 30 feet, from Cantrell to Jackson street; Conestoga street, of the width of 40 feet, from Woodland avenue to Paschall avenue; St. Mark's street, of the width of 20 feet, from Baltimore avenue southward; Nandain street, of the width of 60 feet, from Fiftieth to Fifty-second street; Hollywood and Myrtlewood streets, each of the width of 30 feet, from York to Cumberland street; Dover and Newkirk streets, each of the width of 30 feet, from Jefferson to Oxford street; Corlies street, of the width of 30 feet, from Oxford street to Glenwood avenue; Airdrie street, of the width of 40 feet, from Thirteenth street to Old York road; Dell (late Franklin) street, of the width of 25 feet, from MacFerran to Broad street; Russell (late Humboldt) street and Schiller street, each of the width of 30 feet, from Tenth street to the Richmond Branch of the Philadelphia & Reading R. R.; Kirkbride street, of the width of 40 feet, from Delaware avenue to the Port Warden's line; also, the triangular piece of ground bounded on the southeast by Point Breeze avenue, on the west by Twenty-first street, and on the north by a line which is the continuation of the north side of Sear's street, as a portion of the intersection of Twenty-first street and Point Breeze avenue: *Provided*, That the owners of ground within the lines of said streets, excepting on Cameron, Irving, Alder, St. Mark's, Dell, Russell, Schiller, Jackson, Leon, Reese and Kirkbride streets, and the intersection of Point Breeze avenue and Twenty-first street, shall first dedicate the same as public highways, or shall file a bond or enter into a written agreement satisfactory to the City Solicitor indemnifying the City against all damages that may arise by reason of the placing of said streets on the plan and their subsequent opening: *Provided, however*, That before

said Cameron, Irving, Alder, St. Mark's, Dell, Russell, and Schiller streets shall be placed on the plan, satisfactory evidence shall be furnished that said streets have been opened, built upon and in public use prior to June 6, 1871: *Provided, also*, That before said Jackson, Leon and Reese streets shall be placed on the plan satisfactory evidence shall be furnished that said streets have been opened and in public use a sufficient length of time to protect the City against damages by reason of placing them on the plan.

APPENDIX No. 131.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance increasing the width of Reger street, from Portico street to a point about 186 feet southwest therefrom, in the Twenty-second Ward," beg leave to report that the said street is now upon the City plan, of the width of 25 feet. The buildings on the southeast side are one foot back of the present confirmed line of the street, except one house, the property of Mr. James R. Gates, which is upon the present street line. It would be advisable to make the proposed revision. There can be no damage arising by reason of the same, except as might be claimed by Mr. Gates, who is required by a provision in the ordinance, however, to agree not to claim any damages. We, therefore, report the ordinance with a favorable recommendation.

Ellsworth H. Hults (*Ch'n*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kittams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

AN ORDINANCE

To increase the width of Reger street, from Portico street to a point about 186 feet southwest therefrom, in the Twenty-second Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be, and is hereby authorized to revise the line of Reger street, from Portico street to a point about 186 feet southwest therefrom, in such a manner as to make said Reger street twenty-six (26) feet wide, by adding thereto one (1) foot on the southeast side: *Provided*, That James R. Gates first enters into an agreement satisfactory to the City Solicitor not to claim damages by reason of said revision, in so far as the same affects his property.

APPENDIX No. 132.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the grades of Cornwall street, from “G” to “H” street, in the Twenty-fifth Ward,” beg leave to report that the grades of the street can be changed in order to permit the development of the surrounding property to a very much better advantage than at present. As no public interests will be affected and the change will not cause any damage to the City, we report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kitams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

AN ORDINANCE

To revise the grades of Cornwall street, from "G" to "H" street, in the Twenty-fifth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to revise the grades of Cornwall street, from "G" to "H" street, in the Twenty-fifth Ward: *Provided*, That the owners of property affected first file an agreement satisfactory to the City Solicitor not to claim damages by reason of said change of grade.

APPENDIX No. 133.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to revise the lines and grades of Baker street, from Jackson to Gay street, in the Twenty-first Ward," beg leave to report that Baker street, throughout its entire length, is used to a great extent by mill teams and the easy grade of the street makes it more adapted for heavy travel than other streets in the neighborhood running from southeast to northwest. The intersection at Gay street, however, is a great detriment to the travel on Baker street, owing to the acute angle between the streets in the line of travel, and the consequent contraction which takes place each time a heavy team rounds on a sharp corner. In order to facilitate travel on Baker street, it is deemed advisable to widen the intersection at Gay street, by cutting off the acute angle. The estimated damages for opening the street on the lines proposed are four thousand (\$4,000) dollars. We therefore, report the ordinance with a favorable recommendation.

Ellsworth H. Hults (*Ch'n*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kit-

tams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

AN ORDINANCE

To revise the lines and grades of Baker street, from Jackson to Gay street, in the Twenty-first Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to revise the lines and grades of Baker street, from Jackson to Gay street, in the Twenty-first Ward.

APPENDIX No. 134.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades of that portion of plans No. 143 and No. 167, bounded by Sixty-third street, Sixty-ninth street, Vine street and Cobb’s creek, in the Thirty-fourth Ward,” beg leave to report that the changes authorized are very much in the interests of the improvement of the property as well as the citizens in the neighborhood. As the changes can be made without damage to the City we report the ordinance with a favorable recommendation.

Ellsworth H. Hults (*Ch’u*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kitams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

AN ORDINANCE

To revise the lines and grades of that portion of plans No. 143 and No. 167, bounded by Sixty-third street, Sixty-ninth street, Vine street and Cobb's creek, in the Thirty-fourth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be, and is hereby authorized to revise the lines and grades of that portion of plans Nos. 143 and 167, bounded by Sixty-third street, Sixty-ninth street, Vine street and Cobb's creek, in the Thirty-fourth Ward: *Provided*, That Messrs. William and John Sellers, Jr., first enter into an agreement satisfactory to the City Solicitor not to claim damages by reason of the said revision, and that the provisions of the ordinance of April 8, 1890, relative to streets running in a straight line shall not apply to the revisions authorized by this ordinance.

APPENDIX No. 135.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled "An Ordinance to revise the lines and grades of that portion of plan No. 151, bounded by Sixtieth and Sixty-first streets, Kingessing and Greenway avenues," beg leave to report that it appears to be to the interest of the City and for the better development of the property that the proposed changes should be made. As the City is fully indemnified against damages, we report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kit-

tams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

AN ORDINANCE

To revise the lines and grades of that portion of plan No. 151, bounded by Sixtieth and Sixty-first streets, Kingsessing and Greenway avenues.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to revise the lines and grades of that portion of plan No. 151, bounded by Sixtieth and Sixty-first streets, Kingsessing and Greenway avenues, by striking from the said plan Adaline (or Upland) street, from Sixtieth to Sixty-first street, and in lieu thereof to place upon the plan two 30 feet wide streets, from Sixtieth to Sixty-first street, and to make the necessary changes of grade: *Provided*, That the two 30 feet wide streets shall be first dedicated to the City, and the owners of ground within the said boundaries first file an agreement satisfactory to the City Solicitor protecting the City against all damages by reason of the striking of said Adaline (or Upland) street from the said plan, and the change of grades necessary thereby.

APPENDIX No. 136.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to authorize the revision of that portion of plan No. 184,

bounded by Baltimore avenue, Willow's avenue, Fifty-sixth street and Cobb's creek," beg leave to report that the proposed ordinance is for authority to revise the grades in the vicinity of Fifty-seventh street and Hoffman avenue, to decrease the gradient on Fifty-seventh street, for the proposed bridge to be erected over the West Chester and Philadelphia Railroad. The said gradient as now confirmed on the City plan is 7 4-10 per cent., and this can be reduced to about 5 per cent. The surrounding property affected by the change is as yet unimproved; the owners thereof have stated there would be little or no damage claimed. When the proposed bridge is constructed Fifty-seventh street will be a main thoroughfare. It, therefore, appears desirable to change this grade so that there may be no impediment to public travel. The estimated cost of the proposed change for extra grading streets is twenty-five hundred (2,500) dollars, and the damages to surrounding property, five hundred (500) dollars. We, therefore, report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kitams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

AN ORDINANCE

To authorize the revision of that portion of plan No. 184, bounded by Baltimore avenue, Willow's avenue, Fifty-sixth street and Cobb's creek.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to revise that portion of plan No. 184, bounded by Baltimore avenue, Willow's avenue, Fifty-sixth street and Cobb's creek, in the Twenty-seventh Ward, so as to provide an easier approach to the proposed bridge over the West Chester and Philadelphia Railroad at or near the line of Fifty-seventh street.

APPENDIX No. 137.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise the lines and grades on a portion of plan 190, so as to strike from the City plan Ridgeland avenue, from Belmont avenue to Windermere avenue, and to make the necessary revision of the lines and grades upon streets adjacent thereto, between Ridgeland avenue and Woodbine avenue, in the Twenty-fourth Ward,” beg leave to report that Ridgeland avenue, as now laid out on the plan will, when opened, entail a great expense to the City for damages for land taken. The portion taken from Mr. Joseph M. Bennett is the highest ground upon this tract, and if the street is opened the balance of the ground will slope in such a way as to make it undesirable for building purposes. The grade on Edgley avenue is much less than on Ridgeland avenue, and makes a more direct connection from Belmont avenue to the Fall’s bridge. The Fairmount Park Commission own the ground east and west of the property of Mr. Bennett, who is ready to dedicate the portion of Edgley avenue through his property. There will be no cost for land damages by reason of the other changes. We, therefore, report the annexed ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch’n*), Hiram A. Miller, A. R. H. Morrow, Wm. G. Rutherford, P. A. McClain, Jos. H. Brown, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Ezekiel Gordon, Geo. H. Kittams, Josiah Linton.

AN ORDINANCE

To revise the lines and grades on a portion of plan 190,
so as to strike from the City plan Ridgeland avenue,
from Belmont avenue to Windemere avenue, and to

make the necessary revision of the lines and grades upon streets adjacent thereto, between Ridgeland avenue and Woodbine avenue, in the Twenty-fourth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be, and is hereby authorized to revise the lines and grades on a portion of plan 190, so as to strike from the City plan Ridgeland avenue, from Belmont avenue to Windermere avenue, and to make the necessary revision of the lines and grades upon streets adjacent thereto, between Ridgeland avenue and Woodbine avenue, in the Twenty-fourth Ward : *Provided*, That Mr. Joseph M. Bennett first dedicate so much of the bed of Edgley avenue that passes over his ground, and that the ordinance of April 8, 1890, relating to streets running in a straight line shall not apply to the changes authorized by this ordinance.

APPENDIX No. 138.

Philadelphia, June 10, 1897.

**To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.**

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the ordinances to strike from the City plan Thirty-first street, from Lehigh avenue to Cambria street, and Frank street, from Emlen to Quincy street, beg leave to report that a change has been made in the line of Thirty-first street, which will not interfere with the Odd Fellows' Cemetery, and as no damage will accrue by reason of the striking of either Thirty-first or Frank street from the plan, we report the annexed ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'n*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kittams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

AN ORDINANCE

To strike from the plan Thirty-first street, from Lehigh avenue to Cambria street, and Frank street, from Emlen to Quincy street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to strike from the City plan Thirty-first street, from Lehigh avenue to Cambria street, and Frank street, from Emlen to Quincy street: *Provided*, Before said Thirty-first street shall be stricken from the plan the Odd Fellows' Cemetery Co. shall dedicate the westernmost 50 feet of the new Thirty-first street, from Lehigh avenue to Cambria street, and the other owners of property interested first file a bond satisfactory to the City Solicitor indemnifying the City against all damages by reason of the striking of said street from the plan, and before Frank street shall be stricken from the plan the owners of property in the bed and on the line of said street shall first enter into an agreement satisfactory to the City Solicitor releasing the City from all damages by reason of the striking of said street from the plan.

APPENDIX No. 139.

Philadelphia, June 10, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to revise and change the names of certain streets in the City of Philadelphia;” also, various petitions and protests filed by the Historical Society of Pennsylvania, the Civic Club of Philadelphia and other parties, beg leave to report that after careful consideration of the subjects, and having received from the City Solicitor an opinion as to the present

status of the change of street names, have agreed on the changes as authorized in the annexed ordinance, and believe that these changes will largely suit the persons interested. We, therefore, report the ordinance with a favorable recommendation.

Ellsworth H. Hulst (*Ch'u*), Hiram A. Miller, A. R. H. Morrow, H. W. Sherlock, Josiah Linton, Geo. H. Kitams, Ezekiel Gordon, Elmer S. Little, Wm. G. Rutherford, P. A. McClain, J. Emory Byram, C. E. Connell, W. N. Stevenson, George W. Conrad, Jos. H. Brown.

APPENDIX No. 140.

Philadelphia, June 10, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Committee on Gas, to which was referred sundry bills to authorize the laying of gas-pipe in certain streets, respectfully report that they have carefully considered the same, and return the annexed bill with a favorable recommendation, and ask its passage.

John Pallatt (*Ch'u*), Thos. G. Lovegrove, Josiah Linton, John H. Woodhead, Danl. H. Buck, Bennett L. Smedley, Walter Graham, Isaac D. Hetzell, J. C. H. Ivins, Thos. Wagner, Jr., Chas. M. Swain, Watson D. Upperman, Samuel Lamond, Jos. H. Brown, James Nolan.

AN ORDINANCE

To authorize the laying of gas-pipe in certain streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the Department of Public Works be, and is hereby authorized to lay gas-pipe in the following streets, viz: Broad street (west side), from Passyunk avenue to Moyamensing avenue; Clarion street, from Federal street north; Jackson street, from Seventeenth to Nineteenth street, in the Twenty-sixth Ward. Airdrie street (both sides), from Fifth to Lawrence street; Carey street (both sides), from Fifth to Lawrence street, and Hilton street, from "F" to "G" street, in the Thirty-third Ward: *Provided*, That said streets shall be first dedicated or properly opened.

APPENDIX No. 141.

Philadelphia, June 10, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—Your Special Committee appointed to prepare suitable resolutions relative to the death of James

Edmund Grist, Esq., late a member of Common Council, from the Thirty-fourth Ward, respectfully report the annexed resolutions, and recommend their passage.

Robert Harvey (*Ch'u*), William W. Allen, Thomas Meehan, Chas. Roberts, Wilson H. Brown.

RESOLUTIONS

Relative to the death of James Edmund Grist, Esq., late a member of Common Council, from the Thirty-fourth Ward.

WHEREAS, The members of Common Council of the City of Philadelphia receive with profound regret the announcement of the death of James Edmund Grist, Esq., one of the representatives, for one and one-half years, from the Thirty-fourth Ward, which occurred on May 23, 1897, in his 33d year; therefore, be it,

Resolved, by the Common Council of the City of Philadelphia, That in the death of James Edmund Grist, Esq., the City loses one of its ablest representatives, and the Thirty-fourth Ward especially, an honorable, faithful and conscientious servant, and one whose intelligent devotion to duty renders his loss to the body particularly severe.

Resolved, That the preamble and these resolutions be entered on the Journal of Common Council, and that a copy be engrossed and framed and forwarded to the family of the deceased, with the cordial sympathy of this body in the severe loss which they have sustained.

APPENDIX No. 142.

RESOLUTION

To meet in Joint Convention to elect a member of the Board of Port Wardens, in place of Samuel S. Talbot, deceased.

Resolved, by the Select and Common Councils of the City of Philadelphia, That Select and Common Councils

meet in Joint Convention in Common Council Chamber, this day, June 10, at 4 P. M., for the purpose of electing a Port Warden to succeed Samuel S. Talbot, deceased.

APPENDIX No. 143.

RESOLUTION

Permitting the Pennsylvania Railroad Company to run trains for the conveyance of passengers east of Broad street, on July 5, 1897.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Pennsylvania Railroad Company be permitted and is hereby authorized to run passenger trains on Monday, July 5, 1897, on Washington avenue, east of Broad street, and on such other streets as may be necessary for the transportation of the Naval Battalion, the Third Regiment, and other organizations of the N. G. P.

APPENDIX No. 144.

RESOLUTION

Relative to the approval of bills during the summer recess of Councils.

Resolved, by the Select and Common Councils of the City of Philadelphia, That during the summer recess of Councils five (5) members of any Committee shall be sufficient to constitute a quorum for the approval of schedules and bills.

APPENDIX No. 145.

RESOLUTION

Of request to the Director of Public Works to delay improvements on Hansberry street, until jury report on damages.

WHEREAS, On December 9, 1896, an ordinance was passed to open and grade Hansberry street, from Wayne to Greene streets, in the Twenty-second Ward; and

WHEREAS, The contracts have been awarded to proceed with the work of improvement previous to the award of the Jury being received; and

WHEREAS, No public necessity requires the immediate opening of this street, but on the contrary works a great hardship to an old resident, who has occupied the premises for thirty years, where house and barns will be destroyed; therefore be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of Public Works be requested to delay the improvements until such time as the award of the Jury be received by Councils: Provided, That the City is not liable for any damages.

APPENDIX No. 146.

RESOLUTION

Of request to the Director of Public Works, not to award contracts for improvements on streets until the award of jury on damages.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of Public Works is hereby requested not to award any contracts for grading or the introduction of City improvements on any streets un-

til the award of the Juries for opening such streets is received by Councils, in order that Councils shall have an opportunity to repeal such measures where in their judgment the awards are excessive.

APPENDIX No. 147.

RESOLUTION

Of request to the Director of Public Works in relation to paving of Magnolia avenue, from Cheltenham to Price street, in the Twenty-second Ward.

WHEREAS, By ordinance of Councils of June 30, 1896, the paving of Magnolia avenue, from Cheltenham avenue to Price street, was authorized.

AND WHEREAS, Said paving is not a public necessity, as said street on the Price street end is abutted by the Reading Railroad, with no outlet for vehicles, and the street is not used for travel, nor would it be if paved.

AND WHEREAS, The property owners on said street had no knowledge of the passage of the ordinance: therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of Public Works be, and is hereby requested not to have the paving done on said street until public requirements demand the same.

APPENDIX No. 148.

RESOLUTION

Of request to the members of Congress from Philadelphia, and United States Senators from Pennsylvania, in reference to the widening of a sidewalk in the Twenty-third Ward, of said City of Philadelphia.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the members of Congress from

Philadelphia, and Senators from the State of Pennsylvania, be, and are hereby requested to urge upon the proper authorities of the United States Government the immediate necessity for the widening of the sidewalk in front of the Frankford Arsenal, on the northeasterly side of Bridge street, between the Frankford creek and the Bridge street entrance to said Arsenal.

Resolved, That the Clerks of Councils forward a copy of this resolution to each member of Congress from Philadelphia, the United States Senators from Pennsylvania, and to the commanding officer of the Frankford Arsenal.

APPENDIX No. 149.

RESOLUTIONS

Relative to retrenchment in the administration of municipal affairs.

WHEREAS, The necessity of retrenchment in the administration of municipal affairs is apparent to all our citizens, and the recent decision of the Supreme Court on the loan question admonishes us that we must proceed on the pay as you go system; therefore, be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the executive heads of the several Bureaus of our City government be permitted to conduct their respective departments untrammelled by any interference on the part of any person or persons, officially or otherwise, so that there can be no reason assigned or excuse given why the said departments cannot be conducted on strictly business principles.

Resolved, That the said executives be, and are hereby requested, with the consent of the Mayor, to forthwith remove all persons, who in their judgment are now occupying positions which can be dispensed with, without detriment to the interest of the City.

Resolved, That the said executives are requested not to suggest nor make any appointments except those absolutely necessary, and that all such appointments, whether as laborers or otherwise, must be of those most capable to perform the work to be done.

Resolved, That we, the members of Select and Common Councils, for the remainder of the fiscal year, 1897, will refrain from interference in the administration of the several Bureaus in the matter of recommendation, discharge or retention of employees.

Resolved, That if any such interference as aforesaid be made, we suggest that no recognition thereof is to be entertained or received by said executives.

Resolved, That the heads of the several Bureaus be requested to report in printed form to these Councils, at their meeting to be held in September, 1897, any suggestions as to reduction of salaries, including their own, that in their judgment is advisable or necessary, the labor to be performed to be the standard or basis of amount of salary to be paid.

APPENDIX No. 150.

LAW DEPARTMENT.

Philadelphia, June 15, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—Enclosed herewith I hand you copy of the report of road jury in the matter of the widening of Chestnut street, between Fifth and Sixth streets, in front of premises Nos. 523 and 525, filed June 14, 1897. This widening has actually taken place.

Yours very truly,
JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In the matter of the widening of Chestnut street, between Fifth and Sixth streets, in front of premises Nos. 523 and 525 Chestnut street.

(Copy.)

REPORT OF JURY.

(Filed June 14, 1897.)

To the Honorable the Judges of said Court :

The undersigned the jurors appointed by your Honorable Court to assess the damages and benefits, if any, for the widening of Chestnut street, in front of premises Nos. 523 and 525 Chestnut street, respectfully report :

That after due notice the jurors met on April 12, 1897, at 3 P. M., in Room No. 577, City Hall, Philadelphia,

for organization. The following jurors were present: J. E. Soule, William Harris, S. A. J. Salter, George Kelly, and J. M. Ritter. John C. Bell, Esq., appeared for the Real Estate Title Insurance and Trust Company, the petitioner, and David Lavis, Esq., Assistant City Solicitor, for the City of Philadelphia.

At this meeting, to wit, April 12, 1897, the jury organized by electing J. E. Soule, foreman, and William Harris, secretary, after which the before mentioned jurors were sworn or affirmed by one of their number on their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The said jurors were then severally sworn or affirmed to perform their duty as road jurors in the matter of the widening of Chestnut street, in front of premises Nos. 523 and 525 Chestnut street, impartially and according to their best judgment. At this meeting a copy of the petition was read to the jury and the official plan produced for their use. The affidavit of service of notice on the registered property owners affected by the said widening of Chestnut street, was also produced and is now on record in the Court of Quarter Sessions for the said county.

One of the jurors, L. A. Flanagan, appointed by the Court in this proceeding, not having appeared at the first meeting held by the jury, but having appeared at the meeting held April 14, 1897, was examined touching his capacity to serve as a juror and was found to be disinterested, competent and in all respects duly qualified to serve; he was thereupon sworn to perform his duty as a juror in this proceeding, impartially and according to the best of his judgment.

The jury met on April 14, 1897, at 1 o'clock P. M., to make a view of the premises. All the jurors were present. Subsequent meetings were held for the purpose of taking testimony and hearing the arguments of counsel, on April 19, 23, 26, 30; May 3, 10, 14, 17, 21, 24, 28, and for the purpose of making a review of the premises on May 31, 1897. The jury held meetings for consultation on the following days: June 1, 3, 4, 7, and 8, 1897.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades to which said street was widened, and considering as well the advantages and disadvantages to the property of the said petitioner, the jury do find that the said petitioner, The Real Estate Title Insurance and Trust Company, has suffered damage to its property to the extent of two thousand (2,000) dollars, and award the said sum as damages therefor.

The jury also considered the question of benefits, and determined that no property in the immediate vicinity is benefited by the said widening, and that the whole of the said sum of two thousand (2,000) dollars awarded as damages, should be paid by the City of Philadelphia.

All of which is respectfully submitted.

LOUIS A. FLANAGAN,
S. A. J. SALTER,
J. E. SOULE,
GEORGE KELLY,
JOS. M. RITTER,
WILLIAM HARRIS.

APPENDIX No. 151.

LAW DEPARTMENT.

Philadelphia, June 16, 1897.

GEORGE W. KOCHERSPERGER, ESQ.,
Chief Clerk of Common Council.

DEAR SIR:—In reply to the resolution of request as to fees and charges in this Department, I would say that the

following fees are charged and collected under ordinance of March 28, 1881 :

For each Proposal Bond.....	\$2 00
For other bonds, each.....	5 00
For contract and bond exceeding in amount \$10,000	25 00
For contract and bond exceeding in amount \$5,000	15 00
For contract and bond exceeding in amount \$1,000	10 00
For contract and bond involving \$1,000 and less..	8 00

There are other fees collected under Acts of Assembly, but it does not now appear to be necessary to enumerate them, as the resolution refers to fees charged under ordinances and which may be increased by Councils. I would hesitate to say that any of these charges should be increased; but there are various services performed by this Department for which no fees are at present charged, and as to which it might be advisable to make a charge. In the making of leases for wharves or other property of the City, ducts, wires, etc., in City conduits, this Department has never been authorized to charge any fee. The same is true as to supplemental contracts. I would suggest, therefore, as to those matters, that a rate of charge be fixed, as follows :

For supplemental contracts, same rate as original contracts.	
For leases, each	\$5 00
For supplemental leases, each.....	5 00
For other instruments of writing, each.....	5 00
For bonds, covenants or agreements under ordinances for the opening or changing the grade of streets, each.....	5 00

Yours very truly,

JOHN L. KINSEY,

City Solicitor.

APPENDIX No. 152

RESOLUTION

Of request to the Department of Public Works, Bureau of Lighting, to discontinue the lighting of all unnecessary gas and gasoline lamps in proximity to public electric lights.

WHEREAS, It is publicly alleged that many gas and gasoline lamps continue to be lighted nightly in proximity to public electric lights, and without any adequate benefit to the City, therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Department of Public Works, Bureau of Lighting, be, and they are hereby requested to discontinue the lighting of all such unnecessary gas and gasoline lamps.

APPENDIX No. 153.

RESOLUTION

Directing the Department of Public Safety (Bureau of City Property), to take charge of the squares on Spring Garden street, from Twelfth to Broad street, in the Fourteenth Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Department of Public Safety (Bureau of City Property) be, and is hereby authorized and directed to take charge of the squares on Spring Garden street, from Twelfth to Broad street, in the Fourteenth Ward.

APPENDIX No. 154.

RESOLUTION

Of request to the Senate, relative to municipal corporations as set forth in the House of Representatives, Bill No. 280.

WHEREAS, The Simon Bill No. 280, of the House of Representatives, has passed third reading in the House and now goes to the Senate.

AND WHEREAS, This bill is substantially the same as Senate Bill No. 322, providing that municipal corporations shall not undertake or perform any business or purposes of existing corporations without first acquiring their franchises and property.

AND WHEREAS, The Select and Common Councils of the City of Philadelphia, have heretofore entered their earnest protest against the passage of this or any bill that tends to deprive the City of a free and untrammelled management of its municipal affairs; therefore, be it,

Resolved, by the Select and Common Councils of the City of Philadelphia, That we hereby repeat our protest against this proposed legislation and appeal to the Senate of Pennsylvania and to the Governor of the Commonwealth, not to approve House of Representatives Bill No. 280.

Resolved, That the Clerks of Councils be instructed to send a copy of this resolution to each member of the Senate, to the President of the Senate, with the request that the same be read in open session, and to the Governor of the Commonwealth of Pennsylvania.

APPENDIX No. 155.

RESOLUTION

Authorizing the Director of the Department of Public Works to advertise for bids for the collection of garbage for the year 1898.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Depart-

ment of Public Works be, and is hereby authorized and directed to advertise for bids for the collection of garbage for the year 1898. That the specifications for such work shall eliminate any process that does not effectually obviate objectionable odors to residents.

The incineration of garbage shall not be permitted in sections where houses are located within one thousand (1,000) feet.

He shall make a report of these bids to Councils on or before September 15, 1897.

APPENDIX No. 156.

RESOLUTION

Of request to the City Solicitor, in reference to the appeal from the decision of the Courts regarding contracts.

WHEREAS, The Act of Assembly of May 23, 1874, provides, among other things, that "all kinds of work to be done by the City shall be performed under contract to be given to the lowest responsible bidder."

AND WHEREAS, In a learned opinion, by the Hon. Judge Pennypacker, in the case of *Carroll vs. City*, and others, recently decided, it is said, following the previous language of the Supreme Court, "It cannot be doubted that the true intent of the Act of 1874, and the ordinances passed in pursuance thereof, regulating the awarding of public contracts is to secure to the City the benefit and advantage of fair and just competition between bidders, and at the same time close, as far as possible, every avenue to favoritism and fraud in its various forms." Therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor be, and is hereby authorized and instructed, in the interest of the City, and for the purpose of securing the awarding of contracts for paving to the lowest responsible bidder, and that the City may get the benefit of legitimate competition in

the paving of its streets, not to proceed with any appeal in the case of *Carroll vs. City, et al.*, now pending in the Court of Common Pleas No. 2, for the City of Philadelphia, of March Term, 1897, No. 884, as such appeal would not be in the interest of the lowest responsible bidder for paving.

APPENDIX No. 157.

RESOLUTION

Relating to the water supply.

WHEREAS, In reply to a resolution of Councils, the Department of Public Works submitted a report (see Appendix No. 20, October 15, 1896), showing that the City could bring the water from a point above Norristown, by gravity, and connect with all its pumping stations, at an approximate cost, including land damages, of eight million nine hundred and eighty-one thousand (\$8,981,000) dollars.

AND WHEREAS, After many years of investigation no other plan has been, or is likely to be, presented that is within the means of the City to carry into effect; therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Finance Committee be instructed to insert an item of one hundred thousand (100,000) dollars to the Department of Public Works, or such other sum as the Department and the Finance Committee may agree on, in the annual appropriation to the Department of Public Works, for the year 1898, for the purpose of commencing the work the coming year.

APPENDIX No. 158.

RESOLUTION

Of inquiry of the Director of the Department of Public Works, relative to lining the Roxborough Reservoir.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Depart-

ment of Public Works be, and he is hereby directed to inform these Councils, at the next regular or special meeting thereof, why, in view of the defective work already performed on Queen Lane Reservoir, he has awarded contracts for lining the eastern basin of the Roxborough Reservoir to the Vulcanite Paving Company, as publicly alleged, the material used by which company it is alleged being unsuitable for such uses.

APPENDIX No. 159.

RESOLUTION

Of request to the Committee on Fourth of July Celebration, relative to unveiling of clock at northeast corner Broad and Chestnut streets.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Committee of the Celebration of the Fourth of July, be requested to consider, and to, if possible, include in the celebration on the Fourth of July, 1897, the unveiling of the clock at northeast corner Broad and Chestnut streets.

APPENDIX No. 160.

RESOLUTION

Requesting the Director of Public Safety to provide proper accommodations for the Municipal Band for the rendering of its concerts in our Public Parks and Squares.

WHEREAS, Certain provisions having been made for the entertainment of our citizens in the Public Parks during the evenings of the summer months by the Municipal Band of Philadelphia,

AND WHEREAS, The lack of proper facilities from which the said band is compelled to render its selections makes it

impossible for the greater mass of people to properly appreciate the entertainment for which the said music has been supplied; therefore be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Safety be and is hereby requested to furnish for the accommodation of the Municipal Band a portable stand to be used on the nights of their entertainment in all the Parks or Squares not provided with a permanent stand.

APPENDIX No. 161.

RESOLUTION

Of sympathy with Chas. F. Iseninger on the death of his wife.

WHEREAS, The members of Common Council have learned of the death of the wife of our fellow member, Charles F. Iseninger, the Nestor of our body; therefore, be it,

Resolved, by the Common Council of the City of Philadelphia, That this body has learned, with great regret, of the death of the wife of Charles F. Iseninger, and that it tenders its sincere sympathy and condolence with him in his sorrow.

APPENDIX No. 162.

OFFICE OF THE MAYOR.

Philadelphia, June 17, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I beg to submit to your Honorable Bodies the accompanying bill, duly prepared as to form by the City

Solicitor, which provides for the submission to a vote of the people of the question as to whether or not a loan shall be created for necessary municipal improvements. So urgently important do I consider these improvements that I feel it my bounden duty to accompany this bill with an expression of my deliberate official judgment that the welfare of the entire community is deeply involved in the success of this measure. It seems needless to argue that if our City is to continue her progress and is to maintain her prosperity it will be an absolute necessity to secure the funds needed for these improvements.

I wish to call attention to the fact that the great public works contemplated in this bill will be of permanent benefit, and that it is obviously proper that a fair portion of the burden of expense shall be borne by future generations.

I am, respectfully,

CHAS. F. WARWICK,

Mayor.

AN ORDINANCE

To provide for an increase of indebtedness to the amount of ten million (10,000,000) dollars, for the improvement of suburban roads, completion of Boys' High School and erection of new school buildings, building main sewers, building art gallery, improvement to Gas Works, library site and building, new Almshouse, abolition of grade crossings, maintenance and equipment to Philadelphia Museums, extension improvements and filtration of the water supply, extension of Fairmount Park, repaving streets and underground work incident thereto, bridges, improvement of public parks or squares, purchase of ground and building fire and police stations, electrical and underground construction, grading and repairs to paved streets, curved curbing, resurfacing asphalt streets, repairs to bridges, repairs to sidewalks (City Property), and repairs to ditches and sluices, and

authorizing the submission to a vote of the people, and fixing the day of holding an election for the purpose of obtaining the assent of the electors to the increase of indebtedness.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the debt of the said City should be increased in the sum of ten million (10,000,000) dollars, for the following purposes: One hundred and fifty thousand (150,000) dollars for the improvement of suburban roads; nine hundred thousand (900,000) dollars, for completion of Boys High School and erection of new school buildings; three hundred thousand (300,000) dollars for building main sewers; two hundred thousand (200,000) dollars for building art gallery; one million (1,000,000) dollars for improvement of Gas Works; one million (1,000,000) dollars for library site and building; two hundred thousand (200,000) dollars for building new Almshouse; nine hundred thousand (900,000) dollars for abolition of grade crossings on the line of the Philadelphia & Trenton Railroad; two hundred thousand (200,000) dollars for equipment and building of Philadelphia Museum; two million seven hundred thousand (2,700,000) dollars for extension, improvement and filtration of the water supply; one hundred thousand (100,000) dollars for extension of Fairmount Park; one million (1,000,000) dollars for repaving streets, tramway streets and intersections, and underground work incident thereto; six hundred thousand (600,000) dollars for building bridges; fifty thousand (50,000) dollars for improvement to public parks or squares; three hundred thousand (300,000) dollars for purchase of ground and building of fire and police stations and electrical and underground construction; four hundred thousand (400,000) dollars for grading and repairs to paved streets, curved curbing, resurfacing asphalt streets, repairs to bridges, repairs to sidewalks (City Property), and repairs to ditches and sluices.

SECT. 2. That for the purpose of obtaining the assent of the electors to the increase of indebtedness as set forth in Section 1, an election shall be held in pursuance of the Act of June 9, 1891, at the usual place or places of holding

elections, at the general election to be held on the Tuesday next following the first Monday in November, 1897. That notice of said election shall be given by weekly advertisement in three newspapers of the said city at least thirty days prior to the general election, and said notice shall contain a statement of the amount of the last assessed valuation of the taxable property in the said city, amount of the existing debt, amount and percentage of the proposed increase and the purposes for which the indebtedness is to be increased.

APPENDIX No. 163.

OFFICE OF THE MAYOR.

Philadelphia, June 17, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit a communication received from Mr. Thomas M. Thompson, Director of the Department of Public Works, containing a report made by him in accordance with a resolution passed by your Honorable Bodies on May 6, 1897, relative to fees and charges.

I am, respectfully,

CHAS. F. WARWICK,
Mayor.

DEPARTMENT OF PUBLIC WORKS.

Philadelphia, June 14, 1897.

HON. CHAS. F. WARWICK,
Mayor of Philadelphia.

DEAR SIR:—On May 10, 1897, I received from Mr. George W. Kochersperger, Chief Clerk of Common Coun-

cil, the following resolution passed by the Select and Common Councils, on May 6, 1897, entitled :

RESOLUTION

Of request to the heads of the Departments relative to fees and charges.

WHEREAS, The expense of maintaining the various Departments is increasing at a rapid rate, by reason of the improved service and equipment of the various Bureaus made necessary in modern municipal government.

AND WHEREAS, The income of the City is insufficient to keep pace with the demands of the Departments, therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the heads of the various Departments be requested to immediately transmit to Councils a schedule of all fees or charges in their several Bureaus for information or service performed, together with the report or recommendation as to how much these charges or fees may be increased without necessarily becoming burdensome or exorbitant, but to be more in harmony with the improved service rendered, and be it further

Resolved, That the various Departments of the City furnishing service or valuable information to individuals, corporations or companies without charge, be requested to recommend a schedule of prices for such service.

In compliance with the request contained in the above resolution, I submit the following :

City Ice Boats.

The only charge made by the City Ice Boats is for towage, and the change from sailing vessels to steamships in the carrying trade at this port, has reduced the receipts to a minimum.

Bureau of Gas.

The following is a statement of the charges made by the Bureau of Gas :

For any one property, the Bureau allows 16 feet of service pipe, one box rim and cover, and one stop, for which no charge is made. The pipe used in excess of the above mentioned 16 feet is charged for as follows :

$\frac{3}{4}$ inch.....	25 cents per foot.
1 "	35 " " "
$1\frac{1}{4}$ "	40 " " "
$1\frac{1}{2}$ "	50 " " "
2 "	60 " " "
$2\frac{1}{2}$ "	75 " " "
3 "	\$1.00 " "

For every additional service we charge the above rate for all pipe used and also the following charge for each stop and connection.

$\frac{3}{4}$ inch.....	\$1 75
1 inch.....	2 00
$1\frac{1}{4}$ inches	3 00
$1\frac{1}{2}$ inches.....	4 50
2 inches.....	7 00
$2\frac{1}{2}$ inches.....	10 00
3 inches.....	15 00

Extra box rim and cover, \$1.00 each.

Where consumers discontinue the use of gas and desire to retain the meter upon the premises to be used in case of emergency, we make a charge for rental of meter as follows :

	Per annum.	Quarter.
From 3 light to 30 light, inclusive...	\$4 00	\$1 00
45 light... ..	4 64	1 16
60 light.....	6 32	1 58
100 light.....	10 52	2 63
150 light.....	16 12	4 03
200 light.....	22 40	5 60
300 light.....	38 52	9 63
500 light.....	63 00	15 75

In my judgment, the charges made by the Bureau of Gas are equitable, and cannot be increased without becoming exorbitant.

Bureau of Highways.

The following is a statement of all fees and charges for permits and licenses issued by this Bureau :

Charges for opening streets paved with asphalt.....	\$13 00
“ “ “ “ “ “ asphalt block.....	8 00
“ “ “ “ “ “ granolithic.....	8 00
“ “ “ “ “ “ Belgian block.....	6 00
“ “ “ “ “ “ macadam.....	6 00
“ “ “ “ “ “ brick.....	3 00
“ “ “ “ “ “ cobble.....	2 00
Tunnels.....	1 00
Using streets for building material, per month.....	25
Constructing vaults under footways: front to curb, per ft.....	25 00
Constructing vaults under footways: front to recede 3 feet from curb, per ft.....	5 00
Licenses for barrows: first year.....	50

The above fees are equitable and should not be increased, with the exception of the charge for occupying the streets with building material. This fee should be increased to \$10 per month or for a fractional part thereof; or the ordinance authorizing the storage of building material on the streets be repealed altogether. If the fee is increased to the amount recommended, the ordinance fixing such fee should contain a proviso, providing sufficient and stringent penalties, which would deter builders from violating the terms of the permit, at the same time vesting power in the Department of Public Works to summarily remove all such material, whenever, in the judgment of the Director of said Department, it is deemed expedient and to the best interests of the public to do so.

The charge for passenger railway car licenses is fixed by Act of Assembly at \$50, and cannot be increased beyond that amount. I understand there is now before Councils an ordinance for the purpose of regulating car licenses.

Bureau of Lighting.

All persons who may intend to discontinue the use of water (or any appliance thereof) shall give notice to the Bureau of Water, Department of Public Works, on or before the 30th day of November in any year, and on their failure so to do shall be chargeable with and pay the whole rent for the year next ensuing. Ordinance, June 1, 1871.

All meter bills to be paid quarterly, within ten days from date of service; if not paid within that time, a penalty of five per cent. will be added. A penalty of \$5 is imposed for opening a fire plug without a permit.

NOTE—Size of the ferrule is regulated by the amount of water rents, as follows: $\frac{1}{8}$ inch for from \$5.00 to \$16.00; $\frac{5}{8}$ inch for from \$16.00 to \$26.00; $\frac{3}{4}$ inch for from \$26.00 to \$40.00; 1 inch for from \$40.00 to \$90.00; $1\frac{1}{2}$ inch for from \$90.00 to \$160.00; 2 inch for from \$160.00 to \$360.00.

In accordance with the resolution of Councils, passed on March 20, 1884, the Bureau of Water charges for search and certificate as to the payment of pipe frontage, the sum of 25 cents. In my judgment, this charge is insufficient for the labor involved. For the insertion of ferrules from $\frac{1}{2}$ inch to 2 inches, including the cost of ferrules, the Bureau charges the sum of \$1.00 each. For 3, 4 and 6-inch connections which are classified as mains and include pipe from the main to the curb, stop, etc., we charge respectively, \$50, \$60 and \$75 each.

I would recommend that charges for ferrules proper be increased, as follows :

$\frac{1}{2}$ inch	\$1.00
$\frac{3}{4}$ "	1.25
$\frac{3}{4}$ "	1.50
$1\frac{1}{4}$ "	2.00
$1\frac{1}{2}$ "	2.50

Board of Highway Supervisors.

The charges made in the office of the Board of Highway Supervisors are made under authority of a resolution passed by the Board on January 24, 1895. Said resolution is in four sections, which read as follows :

First. That on and after this date (January 24, 1895) authority is hereby given to the draughtsman of the Board to charge at the rate of five cents per linear foot for furnishing information on a tracing, from which blue prints may be taken, showing all underground structures in the street.

Second. That a charge of two cents per linear foot shall be made for measuring and recording work after it is placed in the street.

Third. That a charge of one cent per linear foot be made for plans showing the lines and grades of a street exclusive of the underground structures.

Fourth. That no charge shall be made for a less amount than five dollars.

The above schedule of prices as charged by the Board, has worked very successfully, and, as the office is more than self sustaining I think it would be unwise to make any radical changes at this time.

Yours respectfully,
THOMAS M. THOMPSON,

APPENDIX No. 164.

Philadelphia, June 17, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—The Committee on Soldiers' Monument to whom was referred a resolution, entitled "Resolution to appoint a Joint Special Committee of ten members from each Chamber to be present at the dedication of a Monument by the Pennsylvania Troops, who fought at Chattanooga, Tenn.," respectfully report that they have examined and amended the same by striking out the word "ten," and inserting the word "twelve;" also, by inserting the following: "And that Joint Rule 30, of the Select and Common Councils, be suspended for the purpose of presenting this resolution to the Mayor for his approval or disapproval," and return the resolution as amended with a favorable recommendation.

George Hawkes (*Ch'n*), Samuel Goodman, John W. Davidson, John H. Woodhead, F. M. Harris, Wm. G. Rutherford, H. W. Sherlock, J. Emory Byram, John Dougherty, C. M. Leonard.

RESOLUTION

To appoint a Joint Special Committee of twelve members from each Chamber to be present at the dedication of a Monument by the Pennsylvania Troops, who fought at Chattanooga, Tenn., and that Joint Rule 30, of the

Select and Common Councils, be suspended for the purpose of presenting this resolution to the Mayor, for his approval or disapproval.

Resolved, by the Select and Common Councils of the City of Philadelphia, That a Committee of twelve members from each Chamber be appointed, for the purpose of representing the City of Philadelphia at the dedication of a Monument on September 19, 1897, by the Pennsylvania Troops, who fought at Chattanooga, Tenn. The cost of same not to exceed the sum of one thousand (1,000) dollars, to be charged to Item 7 in the annual appropriation to the Clerks of Councils for the year 1897, and that Joint Rule 30, of the Select and Common Councils, be suspended for the purpose of presenting this resolution to the Mayor for his approval or disapproval.

APPENDIX No. 165.

Philadelphia, June 17, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report that they have considered a resolution entitled "Resolution authorizing the employment of Hon. Joseph K. McCammon, of Washington, D. C., to collect moneys due the City of Philadelphia by the United States Government," and return the annexed resolution with a favorable recommendation, and ask its passage.

Jacob J. Seeds (*Ch'n*), Wm. R. Knight, Jr., Charles Seger, Wm. H. Garrett, Wm. Van Osten, William McMullen, Gustave Hahn, D. S. B. Chew, Thomas Firth, Thos. J. Rose, F. M. Harris, Jos. H. Brown, H. Black, R. R. Bringham, Watson D. Upperman, Edward W. Patton, Jos. H. Klemmer, W. F. Short, Jas. B. Anderson.

RESOLUTION

Authorizing the employment of Hon. Jos. K. McCammon, of Washington, D. C., to collect moneys due the City of Philadelphia by the United States Government.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Hon. Joseph K. McCammon, of Washington, D. C., be employed as counsel for the City of Philadelphia to collect any moneys that may be due or owing by the Government of the United States to the said City of Philadelphia, but which claims now appear to be barred by the statutes of limitations applicable to the same.

That the compensation of the said Hon. Joseph K. McCammon, only in the event of his success in such collection, shall be a sum of money equal to fifty per centum of the amount so collected by him, otherwise he shall receive no compensation.

That the said fifty per centum so allowed to him, shall cover all the costs and expenses of every character whatsoever, and that no costs or expense of any kind shall under any circumstances be chargeable to the City of Philadelphia.

APPENDIX No. 166.

Philadelphia, June 15, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to authorize the Department of Public Works to pay for paving Twenty-first street, alongside of the triangular piece of ground at the intersection of Twenty-first street and Point Breeze avenue, in the Thirty-sixth Ward,” respect-

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That permission be, and the same is hereby granted to the Woodside Real Estate Company to lay pipes, ducts and electric light wires, as follows :

One 4-inch sewer and four electrical ducts, 1,227 feet east from the intersection of the center lines of Ford road and Lankanau avenue; one 6-inch sewer pipe, and one 2-inch water pipe, and two electrical ducts, 885 feet east from the same point; one 8-inch sewer pipe; one 6-inch waste water pipe; one 3-inch galvanized iron pipe, and two electrical ducts, 300 feet east from the same point. Also, four electric light wires across the Ford road, lo-

eated directly above, and running parallel with the three above mentioned electrical ducts: *Provided*, That said work shall be done under the direction and supervision of the Department of Public Works, and the sum of fifty (50) dollars shall be paid by the said Woodside Real Estate Company into the City Treasury for the publication of this ordinance.

APPENDIX No. 169.

Philadelphia, June 15, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to authorize the placing of bicycle paths or strips on Broad street, between Vine and Carlton and Hamilton and Spring Garden streets,” respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Wm. F. Dixon (*Ch’n*), Edw. W. Patton, Chas. C. Warwick, John P. Buckley, Thos. Wagner, Jr., Thos. J. Morton, John J. Orr, Lalen C. Krisher, Wm. R. Knight, Jr., Jas. Wolstencroft, John W. Davidson, Samuel Lamond, Watson D. Upperman, F. A. Ballinger, P. A. McClain.

AN ORDINANCE

To authorize the placing of bicycle paths or strips on Broad street, between Vine and Carlton and Hamilton and Spring Garden streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to place asphaltum bicycle paths of the width of six feet on both sides of Broad street, between Vine and Carlton, and Hamilton and Spring Garden streets, at a cost to the City not to exceed three thousand (3,000) dollars. Said amount to be charged to Item 2, in the annual appropriation to the Department of Public Works (Bureau of Highways).

APPENDIX No. 170.

Philadelphia, June 15, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to authorize the construction of a retaining wall on Forty-eighth street, between Woodland and Greenway avenues,” respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage.

Wm. F. Dixon (*Ch'n*), Edw. W. Patton, Chas. C. Warwick, John P. Buckley, Thos. Wagner, Jr., Thos. J. Morton, John J. Orr, Lalen C. Krisher, Wm. R. Knight, Jr., Jas. Wolstencroft, John W. Davidson, Samuel Lamond, Watson D. Upperman, F. A. Ballinger, P. A. McClain.

AN ORDINANCE

To authorize the construction of a retaining wall on Forty-eighth street, between Woodland and Greenway avenues.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to enter into a contract for the construction of a retaining wall on Forty-eighth street, between Woodland avenue and Greenway avenue, at a cost not to exceed one thousand four hundred (1,400) dollars, said amount to be taken from Item 6, in the annual appropriation to the Department of Public Works, Bureau of Highways.

APPENDIX No. 171.

Philadelphia, June 15, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Highways, to whom was referred the bill entitled “An Ordinance to

amend ordinance, approved April 6, 1897, entitled 'An Ordinance to authorize the opening of Government and Chester avenues, Thirty-ninth, Dutton Arch and Dickinson streets," respectfully report that we have examined and approve the same, and submit for your consideration the annexed ordinance, and ask its passage. The annexed report of the Sub-Committee fully explains the matter.

Wm. F. Dixon (*Ch'n*), Edw. W. Patton, Chas. C. Warwick, John P. Buckley, Thos. Wagner, Jr., Thos. J. Morton, John J. Orr, Lalen C. Krisher, Wm. R. Knight, Jr., Jas. Wolstencroft, John W. Davidson, Samuel Lamond, Watson D. Upperman, F. A. Ballinger, P. A. McClain.

Philadelphia, June 14, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—Your Sub-Committee respectfully report that they have carefully examined the within ordinance and the property through which Dickinson street will pass, and find that the property is unimproved and that the opening of the street is a great public necessity, that the reason assigned for the failure to obtain the necessary four-fifths of the property owners signatures to the deed of dedication is, that portion of the property fronting on the street is owned by the Breban Estate, and part owned by the Irwin Estate, the representatives of which state that they are satisfied that the street should be opened; that a number of the heirs are minors and others live in different places, and it would be difficult to obtain their signatures to the deed; that the Messrs. Devlin and Gillespie are the owners of a large portion between Twenty-sixth and Twenty-eighth streets, which they will dedicate; that all of the property owners who appeared before the Sub-Committee state they are willing to go before a road jury and testify that no damages will result to the City by reason of the opening of said street. Therefore, in view

of the great public necessity for this street we report the ordinance with a favorable recommendation.

Thos. Wagner Jr. (*Ch'n*), Samuel Lamond, W. F. Short, Wm. R. Knight, Jr.

AN ORDINANCE

To amend ordinance, approved April 6, 1897, entitled "An Ordinance to authorize the opening of Government and Chester avenues, Thirty-ninth, Dutton, Arch, and Dickinson streets."

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the ordinance approved April 6, 1897, entitled "An Ordinance to authorize the opening of Government and Chester avenues, Thirty-ninth, Hoffman, Dutton, Arch, and Dickinson streets," be amended in so far as it relates to Dickinson street, by striking out the following words : "*Provided*, The owners of at least four-fifths of the property in the bed of said street first dedicate the same to the City."

APPENDIX No. 172.

Philadelphia, June 16, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committtee on Surveys, to whom was referred the bill entitled "An Ordinance to strike from the City plan Pine street, from Woodland avenue to Thirty-sixth street, and Thirty-sixth street, from Spruce to Pine street, in the Twenty-seventh Ward," beg leave to report, that Pine and Thirty-sixth streets are now paved with rubble pavement and were originally laid out through property of the City of Philadelphia. The property now upon both sides of the highways between the points named has been acquired by the University of Pennsylvania. The object of the striking of the streets from

the plan is to place these highways under the control of the Trustees of the University, in order that they may be developed for the benefit of that Institution in a way to conform to the general plan for beautifying their ground with trees, shrubs, etc. There seems to be no public necessity for continuing these streets, as Pine street, as at present upon the plan, connects no point through its entire length which the traveling public desire to reach, with the exception of the different departments of the University.

We feel, therefore, that by the striking of the street from the plan the City is enabling the University to improve this section without depriving the general public of any right it requires. We, therefore, recommend the approval of the annexed ordinance.

AN ORDINANCE

To strike from the City plan Pine street, from Woodland avenue to Thirty-sixth street, and Thirty-sixth street, from Spruce to Pine street, in the Twenty-seventh Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized and directed to strike from the City plan Pine street, from Woodland avenue to Thirty-sixth street, and Thirty-sixth street, from Spruce to Pine street, in the Twenty-seventh Ward: *Provided*, That no building or buildings shall be erected within the lines of said Pine and Thirty-sixth streets, and that the various Departments and Bureaus of the City of Philadelphia shall at all times have access over and through said Pine and Thirty-sixth streets, in order to extend or repair its municipal structures within the lines of said streets.

Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the bill entitled “An Ordinance to place Butler street, from Lawrence to American street, in the Thirty-third Ward, on the City plan,” beg leave to report that Butler street, for a number of years, was opened and in public use, but was stricken from the plan at the time the railroad grade crossing at North Penn Junction was dispensed with. The street at the present time is closed to public travel, owing to the depression of their tracks on the North Pennsylvania Railroad. While no damage will accrue to the City by reason of the placing of the street on the plan, the estimated cost resulting from the necessary change of grade is fifteen thousand (15,000) dollars, and the cost of the bridge to carry the street over the railroad is eighty-five thousand (\$5,000) dollars. We report the ordinance with a favorable recommendation.

AN ORDINANCE

To place Butler street, from Lawrence to American street,
in the Thirty-third Ward, on the City plan.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be authorized to place Butler street, from Lawrence to American street, in the Thirty-third Ward, upon the City plan: *Provided*, That said street shall be placed on the plan of a sufficient elevation to permit of the construction of a bridge to properly clear the track and property of the North Pennsylvania Railroad Co.

LAW DEPARTMENT.

Philadelphia, June 30, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—I enclose you herewith copy of the report of the jury, filed June 29, in the matter of the opening of Fifty-first street, from Market street to Walnut street.

Fifty-first street, from Market to Chestnut street has been physically opened for about twenty-five years. Most of the owners of property have either bought or sold plots of ground describing Fifty-first street as a boundary. From Chestnut to Walnut street there was an increase in value by reason of this opening. For these reasons the jury assessed no damages.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

THE COUNTY OF PHILADELPHIA.

In the matter of the opening of Fifty-first street, from
Market to Walnut street.

REPORT OF JURY.

(Filed June 29, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors appointed by your Honorable Court to consider the matter of the opening of Fifty-first

street, from Market to Walnut street, which was ordered by ordinance of Councils, approved March 29, 1897, and to assess the damages and benefits, if any, which the owners of property affected by the same have sustained, respectfully report:

That in pursuance of notice they met at the office of the City Solicitor, upon April 5, 1897, when and where they were respectively sworn upon their *voir dire*, touching their capacity to serve as jurors, and being found competent, were sworn to well and truly try all matters that may be submitted to them touching the opening of the said street, and to render their verdict fairly and impartially, according to the best of their skill and judgment.

That at this meeting and at subsequent meetings thereto they were attended by counsel as follows: Messrs. Craig & Smithers, for W. Horace Hepburn and Edward P. Burton; Hazard Dickson, Esq., for the Bradley Heirs, who were the owners of an undivided interest in the property marked upon the map as belonging to "William J. Sweeney;" Messrs. Harrity & Beck for the property marked upon the map "Martha J. Wilson ;" Wm. Nelson West, Esq., for Annie E. Zeiber, and Leonard Finletter, Esq., for the City of Philadelphia.

That they organized by electing Samuel MacDonell, secretary, and J. W. Boileau, foreman. That they adjourned to view the property upon April 6. After having viewed and reviewed the premises they heard testimony both in behalf of the claimants and for the City of Philadelphia.

And now, after due deliberation and consultation, and on a review of the premises, they are of opinion that the owners of property fronting along the line of the said street have sustained no damage by reason of the opening of the said street, and they therefore have assessed neither damages nor benefits.

That in making this report the jury took into consideration the proposed grade at which the said street is to be opened.

That the jury in the performance of their duties held

meetings as follows: April 5, 6, 13, 20, 23, 27; May 4, 7, 11, 14, 21, 25, 28; June 1, 8, 9, 10, 11, 12, 14, 15, 16, 17, 18 and 19, 1897.

All of which is respectfully submitted.

LAW DEPARTMENT.

Philadelphia, June 22, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—I enclose you herewith copy of the report of the jury in the matter of the opening of Thomas avenue, from Fifty-eighth street to the County line, in the Twenty-seventh Ward, filed June 21.

This street is physically opened between the points indicated, and has been physically graded to the confirmed grade of the City, since July, 1896.

I also enclose copy of the jury's report in the matter of the opening of Reinhard street, from Forty-eighth street to the old line of Forty-eighth street, in the Twenty-seventh Ward, filed June 22, 1897.

Yours respectfully,

JOHN L. KINSEY,
City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In the matter of the opening of Reinhard street, from Forty-seventh street to the old line of Forty-eighth street, Twenty-seventh Ward, of the City of Philadelphia.

(Copy.)

REPORT OF JURY.

(Filed June 22, 1897.)

To the Honorable the Judges of said Court :

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, by reason of the opening of Reinhard street, from Forty-seventh street to the old line of Forty-eighth street, in the Twenty-seventh Ward, of the City of Philadelphia, respectfully report :

That after due notice the jurors met on October 12, 1896, at 3 o'clock P. M., in Room No. 581, City Hall, for organization. All the jurors were present at this meeting. The jury organized by electing R. Meade Bache, foreman, and J. Davis Duffield, secretary. At this and the subsequent meetings the jurors were attended by J. Willis Martin, Esq., for C. H. Cheney ; James Collins Jones, Esq., for Ann C. Miller, and Charles E. Perkins, Esq., Assistant City Solicitor, for the City of Philadelphia.

At this meeting, to wit, October 12, 1896, the jurors were severally sworn or affirmed on their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed to perform their duty as jurors in the matter of the opening of Reinhard street, from Forty-seventh street to the old line of Forty-eighth street, in the Twenty-seventh Ward, impartially and according to their best judgment; after which the petition was read and the official plan

produced for their use. The affidavit of service of notice on the registered property owners and tenants along the line of the said street was also produced and filed with the jury. The jury then adjourned to meet on the premises on October 14, 1896. All the jurors attended at said view. Subsequent meetings were held for the purpose of taking testimony, hearing the arguments of counsel and for consultation, on the following days: 1896, October 21, November 6, 12; 1897, February 23, March 4, 11, 18; April 1, 8, 15, 22, 28; May 5, 7, 10, 11, 13, 17, 20, 21 and 29, which, together with one to sign this report, makes a total of twenty-four (24) meetings.

A question having arisen during the progress of these proceedings as to whether the jury ought to consider the effect of the opening of Reinhard street to the east line of old Forty-eighth street, which is about four hundred and twenty (420) feet west of the west line of Forty-seventh street, or to the east of the line of the present Forty-eighth street, it was agreed between the City and the petitioner that the jury should consider the effect of the opening only up to the east line of old Forty-eighth street, this being as far as Reinhard street is as yet physically opened, reserving to both parties the right to have the effect of the opening of Reinhard street beyond said line, considered in a future proceeding.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find the following property owners are damaged to the amounts set opposite their names :

Ann C. Miller	\$2,200
C. H. Cheney	400

The jury also find that no property in the immediate vicinity is specially benefited by the opening of said street,

and report that the whole amount of damages awarded should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed June 21, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors appointed by your Honorable Court to assess the damages and benefits, if any, for the immediate opening of Thomas avenue, from Fifty-eighth street to the County line, in the Twenty-seventh Ward, respectfully report :

That pursuant to notice the jurors met for organization on Monday, January 25, 1897, in road jury room No. 580, City Hall. All of the jurors were present at this meeting. At this meeting the petition was read to the jury, and the official plan offered in evidence, also the affidavit of service of notice on the jurors, and property owners through whose land the said street is to pass. After which the jurors adjourned to February 9, 1897,

for the purpose of making a view of the premises. Before proceeding to make a view the jurors were either sworn or affirmed on their *voir dire*, and examined touching their capacity to serve in this proceeding. Each juror was found to be disinterested, competent, and in all respects fully qualified to serve, after which they were sworn or affirmed to perform their duties as road jurors in the matter of the immediate opening of Thomas avenue, from Fifty-eighth street to the County line, impartially and according to their best judgment. George W. Hall was elected foreman, and A. Atwood Grace, Esq., secretary.

That on the day fixed, to wit, February 9, 1897, the jury accompanied by Francis H. Thole, Esq., husband of the petitioner, made a view of the premises. The jury subsequently met for the purpose of hearing the evidence on the question of damages and benefits, upon the following days: February 16, 23; March 2, 9, 16, 23, 30; April 6, 13, 20, 26; May 4, 11, 18, 21, 27, 28, and on June 1 the jury made a review of the premises and on June 4, 10 and 12, met for consultation, which, together with one for the purpose of signing this report, makes a total of 24 meetings.

That upon those days the jury heard the evidence and arguments of counsel in the above entitled matter. There were present at those meetings: Messrs. Alexander & Magill, for Helen A. Thole; J. Howard Gendell, Esq., for the Baptist Orphanage; A. Lewis Smith, Esq., for Aaron Palmer, *et al.*, and Charles S. Wood, Esq., Assistant City Solicitor, for the City of Philadelphia.

That subsequent to the meetings and during the period of consultation by the jury, namely, on June 7, Mr. Thomas Holt, one of the jurors, died, and that the report as filed, while it embraces his opinion as expressed prior to that time, is but the report of the five surviving jurors.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades of the said street, and considering as well the advantages and disadvantages to each and every property on the line of the said Thomas avenue, from Fifty-eighth street to the

County line, and the grade at which said street has been physically opened, the jury are of the unanimous opinion that Helen A. Thole has sustained damages to the extent of \$6,000, and the Baptist Orphanage to the extent of \$7,500.

Your jury believing that no damage has been sustained by Aaron Palmer, *et al.*, have made no award to them, and further find that no property in the immediate vicinity is specially benefited by reason of the said opening, and that all of the damages should be paid by the City of Philadelphia.

All of which is respectfully submitted.

APPENDIX No. 178.

RESOLUTION

To repeal resolution passed June 10, 1897, entitled "Resolution providing for the summer recess of Councils."

Resolved, by the Select and Common Councils of the City of Philadelphia, That the resolution passed June 10, 1897, entitled "Resolution providing for the summer recess of Councils," be, and the same is hereby repealed.

APPENDIX No. 179.

RESOLUTION

Of request to his Excellency, the Governor of the Commonwealth of Pennsylvania, to veto an Act relative to purchasing the plants of electric light companies.

WHEREAS, The Legislature has just passed an Act compelling cities to purchase existing electric light companies

in case they wish to operate plants of their own, and which Act will prevent the City of Philadelphia from installing or operating a system of its own, and also compels the City to pay for the franchise which was given to these companies gratuitously; therefore, be it,

Resolved, by the Select and Common Councils of the City of Philadelphia, That his Excellency, the Governor of the Commonwealth of Pennsylvania, be requested to veto said bill in the interest of the taxpayers of the City of Philadelphia.

APPENDIX No. 180.

RESOLUTION

Of instruction to the Electrical Committee to investigate into the facts relating to the issuing of a special permit to the Bell Telephone Company, and report thereon.

WHEREAS, An ordinance was passed June 27, 1895, authorizing the Bell Telephone Co. to lay underground conduits upon Preston (or Wyoming) street, in West Philadelphia.

AND WHEREAS, The said Bell Telephone Co. agreed that after the passage of said ordinance to at once lay aside conduits and immediately after they are ready for use to take down and remove the poles and wires on Fortieth street to the bridge over the Pennsylvania Railroad, on said Fortieth street.

AND WHEREAS, The Bell Telephone Co. did not then, on June 27, 1895, nor does now control the poles on said street and therefore cannot remove them.

AND WHEREAS, Select Council passed a resolution on April 5 last, ordering the removal of the wires in said conduits and the said resolution was favorably considered by the Electrical Committee of Common Council on June 7, and would no doubt have been passed by Common Council at its session held June 17, had it been reached.

AND WHEREAS, The said Bell Telephone Co. had a force of men at work from 5.30 P. M., Saturday, the 19th day of June, 1897, until about noon time on Sunday, the 20th day of June, drawing in wires and in distributing the same over a distributing pole at Fortieth and Haverford avenue, from the aforesaid conduits on Preston street, thereby disturbing the rest and peace of mind of the citizens on the said Sunday.

AND WHEREAS, The granting of the said permit was in effect a direct defiance of the expressed will of Select Council, together with that of the Electrical Committee of Common Council; therefore, be it,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Electrical Committee of the Select and Common Councils make a thorough investigation into the facts relating to the issuance of this aforesaid special permit issued under such peculiar circumstances, and report upon the same at the next session of Councils.

APPENDIX No. 181.

RESOLUTION

Directing the Director of the Department of Public Works to report on resolution passed by Councils, April 1, 1897, relative to advertising for bids for water gas.

WHEREAS, By Joint Resolution of Councils, passed April 1, 1897, the Director of the Department of Public Works was directed to advertise for bids for water gas for the year 1898, and report the result to Councils.

AND WHEREAS, The advertising for such bids would invite competition, which would result in a large saving to the City.

AND WHEREAS, The said Director has not complied with said resolution, and his failure to do so will defeat the purpose of the resolution, viz: "The securing of bids for

water gas in sufficient time to enable the companies other than that now having the contract, to erect works for the manufacture of gas to supply the City by January 1, 1898, if awarded the contract ;” therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be, and is hereby directed to report to these Councils, at the next stated or special meeting, his reason for failing to comply with said resolution.

APPENDIX No. 182.

RESOLUTION

Of request to the Director of the Department of Public Safety, relative to retaining building erected by the United Singers of Philadelphia in Fottorall Square.

WHEREAS, The ordinance approved March 31, 1896, entitled “An Ordinance granting permission to the United Singers of Philadelphia to hold the ‘National Saengerfest’ in Fottorall Square,” requires said building to be removed by October 1, 1897.

AND WHEREAS, Said building could be retained without injury to surrounding property and would prove of great interest to the City of Philadelphia, if it was the property of the City; therefore,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Safety be, and he is hereby requested to ascertain if said building can be purchased by the City of Philadelphia (and at what cost), with the view of permanently retaining the same for the benefit of the City, and to report the same at the next meeting of Councils.

APPENDIX No. 183.

Philadelphia, July 1, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN :—The Committee on Finance respectfully report that they have carefully considered a message from the Mayor transmitting a bill entitled “An Ordinance to provide for an increase of indebtedness to the amount of ten million (10,000,000) dollars, for the improvement of suburban roads, completion of Boys’ High School and erection of new school buildings, building main sewers, building art gallery, improvement to gas works, library site and building, new Almshouse, abolition of grade crossings, maintenance and equipment to Philadelphia Museums, extension, improvements and filtration of the water supply, extension of Fairmount Park, repaving streets and underground work incident thereto, bridges, improvement of public parks or squares, purchase of ground and building fire and police stations, electrical and underground construction, grading and repairs to paved streets, curbed curbing, resurfacing asphalt streets, repairs to bridges, repairs to sidewalks (City Property), and repairs to ditches and sluices, and authorizing the submission to a vote of the people and fixing the day of holding an election for the purpose of obtaining the assent of the electors to the increase of indebtedness.”

Your Committee feel that as the works contemplated in this bill will be of permanent benefit, and so urgently important are these improvements that the welfare of the entire community is deeply involved. We have increased the amount to eleven million (11,000,000) dollars, the increase to be applied to the extension, improvements and filtration of the water supply. We, therefore, return the annexed bill with a favorable recommendation, and ask its passage.

Jacob J. Seeds (*Ch’n*), Chas. F. Iseminger, Wm. R. Knight, Jr., Gus. Hahn, Wm. H. Garrett, Charles Seger,

APPENDIX No. 193.

. DEPARTMENT OF PUBLIC WORKS.

Philadelphia, July 1, 1897.

JACOB J. SEEDS, ESQ.,

Chairman Finance Committee.

DEAR SIR:—Enclosed, please find resolution authorizing the Department of Public Works to make certain changes in contracts Nos. 19 and 14, Pennsylvania Avenue Subway, said contracts covering block on south side of Pennsylvania avenue, between Sixteenth and Seventeenth streets.

When these contracts were executed covering the square of ground bounded by Pennsylvania avenue, Callowhill street, Sixteenth and Seventeenth streets, was owned by Messrs. Whitney & Sons. Recently, the Philadelphia and Reading R. R. Co. became the purchasers of this property, which will make it necessary for certain alterations to be made in the work, and this will require changes in the contracts and the result of these changes will be a net saving to the City of about \$200,000.

Mr. George S. Webster, Chief Engineer of Bureau of Surveys, in reporting upon this subject, furnishes the following details of the amounts that will be saved :

“Estimated cost of lift.....	\$75,727
Power house, with boiler, etc.....	68,350
Real estate, for power house.....	21,600
Saving between Eighteenth and Nine- teenth streets, retaining wall.....	6,000
	<hr/>
	\$171,677

The representative of Mr. John G. Johnson, attorney for the Whitney property, appeared before the road jury, on June 7, 1897, and stated that he would claim \$100,000 for damage to the properties between Sixteenth and Eighteenth streets. This covers the properties in both blocks.”

By making the changes in the contracts asked for in this resolution the damages above referred to will be eliminated. The amount required under this resolution, to wit, \$50,000, is for property that will be taken for the purpose of laying tracks to the industrial establishments in this block.

The ordinance authorizing the work on Pennsylvania Avenue Subway, gives authority to the Director of the Department of Public Works to make any necessary changes in the design or specifications of any part of the work during its progress, this I construe as meaning small or minor changes; but in such an important matter as embodied in this resolution, I deem it advisable to ask the consent of Councils before making any changes.

Respectfully yours,

THOMAS M. THOMPSON,
Director.

—

RESOLUTION

Authorizing the Director of Department of Public Works to make certain changes in Contracts Nos. 19 and 14, Pennsylvania Avenue Subway.

WHEREAS, By reason of the recent purchase of property on the south side of Pennsylvania avenue, between Six-

teenth street and Seventeenth street, extending through to Callowhill street, by the Philadelphia and Reading Railway Company, a change is desirable at this point in the plans of the work of the Pennsylvania Avenue Subway, for which contracts have been made, by means of which the power lift and its appurtenances, for the purpose of making connection with the industrial establishments, will be eliminated, and a net saving of approximately \$171,000 may be made to the Pennsylvania Avenue Subway account.

AND WHEREAS, In order to effect this saving it will be necessary for the City of Philadelphia to agree with the Philadelphia and Reading Railway Company for an adjustment of damages by reason of the occupation of one-sixth of the whole property in the block in question, on account of the easement over the said property for the use of the siding to be constructed at that point in order to continue the railroad connection with the industrial establishment of Messrs. William Sellers & Company, Incorporated.

AND WHEREAS, Under the specifications which form part of the contracts for this work, authority is given to the Director of the Department of Public Works or the City of Philadelphia to make any necessary changes in the design or specifications, or both, or any part of the work during its progress; therefore, be it,

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of the Department of Public Works be, and is hereby authorized to make the necessary changes in the contract with P. H. Flynn & Co., for Contract No. 19, Pennsylvania Avenue Subway, in the block located on the south side of Pennsylvania avenue, between Sixteenth street and Seventeenth street, and to make the necessary adjustments with the contractors for this work on account of the aforesaid changes; and also to make the necessary changes in the contract with E. D. Smith & Co., for the construction of the railroad bridge between Sixteenth street and Seventeenth street, on Contract No. 14, Pennsylvania Avenue Subway, and to make the necessary adjustments with said

•

contractors on account of aforesaid changes; all of said adjustments to be made in accordance with the terms of the respective contracts.

That the Mayor of the City is hereby authorized to enter into an agreement with the Philadelphia and Reading Railway Company, in form to be approved by the City Solicitor, by which, in consideration of the easement for the construction of the Pennsylvania Avenue Subway over the strip of ground thirty-two (32) feet wide along the south side of Pennsylvania avenue, extending from Sixteenth street to Seventeenth street, and for the damages to this property now owned by the Philadelphia and Reading Railway Company, by reason of the whole construction, it shall be provided that as an adjustment of said claims there shall be allowed a credit to the Philadelphia and Reading Railway Company, chargeable to the Pennsylvania Avenue Subway account, a sum not exceeding fifty thousand (50,000) dollars.

APPENDIX No. 194.

RESOLUTION

Relative to the location of an electric light at Thirty-fifth and Hamilton streets, Twenty-fourth Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Department of Public Safety (Electrical Bureau) be, and they are hereby requested, for the present, not to locate the electric light at Thirty-fifth and Hamilton streets, Twenty-fourth Ward, as authorized by ordinance.

.

APPENDIX No. 195.

RESOLUTION

Relative to the location of an electric light on Twenty-first street, between Diamond street and Susquehanna avenue, Thirty-second Ward.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Department of Public Safety (Electrical Bureau) be, and it is hereby requested not to locate, for the present, the electric light on Twenty-first street, between Diamond street and Susquehanna avenue, Thirty-second Ward, and that the wooden feed wire poles be removed.

APPENDIX No. 196.

RESOLUTION

Of request to his Excellency, the Governor of the Commonwealth of Pennsylvania, to veto an Act relative to purchasing the plants of electric light companies.

WHEREAS, The Legislature has just passed an Act compelling cities to purchase existing electric light companies in case they wish to operate plants of their own, and which Act will prevent the City of Philadelphia from installing or operating a system of its own, and also compels the City to pay for the franchise which was given to these companies gratuitously; therefore, be it,

Resolved, by the Common Council of the City of Philadelphia, That his Excellency, the Governor of the Commonwealth of Pennsylvania, be requested to veto said bill in the interest of the taxpayers of the City of Philadelphia.

GEORGE W. KOCHERSPERGER, ESQ.,
Chief Clerk of Common Council.

DEAR SIR :—I enclose you herewith copy of the report of the jury in the matter of the opening of Knox street, from West Logan street to Seymour street, in the Twenty-second Ward, of the City of Philadelphia, filed July 2, 1897.

This street, between the points above indicated, is actually opened and graded, but no other improvements are finished. This is a clean verdict for the City.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

REPORT OF JURY.

(Filed July 2, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the benefits, if any, for the opening of Knox street, from West Logan street to Seymour street,

in the Twenty-second Ward, of the City of Philadelphia, respectfully report :

That after due notice, the jurors met on May 7, 1897, at 3 P. M., in Room No. 577, City Hall, for organization.

The following jurors were present: George W. Hall, Frank H. Massey, James T. Carson, Andrew Kinkaid, Charles L. Leiper, and Edwin M. Walter. Joseph W. Hunsicker, Esq., appeared for Esther M. Schmucker and Mary J. M. Wagner, surviving beneficiaries under the will of George Mechlin Wagner, deceased, the petitioners; Edward J. Aledo, Esq., for the Estate of T. Charlton Henry, deceased, and David Lavis, Esq., Assistant City Solicitor, for the City of Philadelphia.

At this meeting, to wit, May 7, 1897, the jury organized by selecting George W. Hall, foreman, and Charles L. Leiper, secretary, after which the jurors were sworn or affirmed by one of their number on their *voir dire*, and examined touching their qualifications to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then sworn or affirmed to perform their duties as jurors in the matter of the opening of Knox street, from West Logan street to Seymour street, impartially and according to the best of their judgment and ability. At this meeting a copy of the petition was read to the jury and the official plan produced for the use of the said jury. The affidavit of service of notice on the registered owners of property through which the said Knox street is to be opened was also produced and is now on record in the Court of Quarter Sessions for said County. The jury met on May 11, 1897, and made a view of the premises. All the jurors were present at said view.

Meetings for the purpose of taking testimony, hearing the arguments of counsel, and for consultation, were held on the following days : May 18, 25; June 1, 10, 15, and 22, 1897. The jury reviewed the premises on June 22.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advan-

tages and disadvantages to each and every property owner along the line of the said Knox street, from West Logan street to Seymour street, the jury do find that the opening of the said Knox street, between the points named, is a benefit to all the owners of property abutting on said street, and they therefore award no damages to them by reason of the said opening.

All of which is respectfully submitted.

DEAR SIR:—I send you with this, copy of the report of the jury in the matter of the opening and change of grade of Wagner avenue, from Old York road to Eleventh street, in the Twenty-second Ward, filed July 6.

This street has not been opened by ordinance of Councils, but by the Court of Quarter Sessions, who opened it upon petition of the Reading Terminal Land Association for a jury to determine upon the advisability of the opening. The jury so determined and damages and benefits were subsequently assessed, as indicated in the enclosed report. The street has been physically opened.

Yours very truly,

REPORT OF JURY.

(Filed July 6, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, for the opening and change of grade of Wagner avenue, from Old York road to Eleventh street, in the Twenty-second Ward, of the City of Philadelphia, respectfully report :

That after due notice, the jurors met on Monday, July 6, 1896, to organize, and were duly sworn and qualified in the above case. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. That the premises in question were viewed upon the same date. Mr. John Galloway was elected foreman, and Mr. U. S. Koons, secretary.

That the jury thereupon proceeded to take testimony, and held meetings to hear the same, as follows: On September 14, 23, 29; October 1, 5, 9, 14, 19, 28; November 4, 11, 18, 25; December 2, 9, 16, 23, 30, 1896; January 6, 13, 20, 27; February 17, 24; March 3, 10, 17, 24, 31; April 2, 8, 15, 22, 29; May 6, 13, 20, 26; June 2, 4, and for consultation on June 5, 7, 8, 9, 10, 1897.

That at the first meeting so held the official plan was produced for the use of the jury and the affidavits of service of notice on the registered property owners were also produced, and are now on file in the Court of Quarter Sessions.

No petition was filed for the appointment of this jury, the original petition requesting the appointment of the jury to determine the advisability of opening the street filed on the 29th day of March, 1895, being read to the jury, and being the commencement of the proceedings under which this jury is now acting.

That testimony was offered at the subsequent meetings in behalf of the claim of the Provident Life and Trust Company, Trustees of the Cope Estate, represented by Charles E. Morgan, Jr., Esq., and Francis D. Lewis, Esq.

That testimony was offered in behalf of the claim of the Reading Terminal Land Association, represented by William H. Addicks, Esq., and Thomas B. Taylor, Esq., and on behalf of the City of Philadelphia, represented by Chester N. Farr, Jr., Esq., Assistant City Solicitor.

That Martin Van Harlingen, first appointed on this jury, attended but one meeting, and then resigned, and was succeeded by Samuel H. Chauvenet, duly appointed by the Court, who was thereupon properly sworn and qualified to perform his duties as road juror.

And that after a full and impartial consideration of all the testimony submitted to them and after a careful view and review of the lines and grades at which the said avenue is to be opened, and taking into consideration not only the damages or benefit arising from the opening of the street, but also from the grade at which the said street is opened, the jury made the following assessment of damages and benefits arising from the said opening and change of grade upon the property owners abutting on the line of said street as opened on the City plan:

To the Provident Life & Trust Co., Trustees,
of the Cope Estate, the jury award damages to
the amount of \$2,500

The jury made the following assessment of benefits :

Upon the Philadelphia & Reading Terminal
Land Association, as benefits, the sum of \$2,500

That upon the determination of the above assessment of benefits, notice of the same was given to the Phila-

delphia & Reading Terminal Land Association, as provided by law, of the fact of this assessment, and a meeting was held on the 25th day of June, 1897, at which exceptions to the aforesaid assessment were filed with the jury by the Philadelphia and Reading Terminal Land Association.

That the jury held a further meeting on June 26, 1897, for the consideration of the exceptions so filed, and after carefully considering the same, the jury are of the opinion that the above award of \$2,500 damages to the Provident Life and Trust Company, Trustees, and the above assessment of \$2,500 benefits upon the Philadelphia and Reading Terminal Land Association should stand, and the jury so report. A copy of the affidavit of service of notice, and the notice itself, is attached to this report. Another meeting was held for signing this report.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed July 15, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages, if any, caused by said opening to property owners and tenants on the line of the said street, respectfully report :

That after due notice, the jurors met on May 13, 1897, at one o'clock, for organization. All of the jurors were present at this meeting. William R. McFarland was elected foreman, after which the petition was read to the jury, and the official plan produced for the use of the said jury. The affidavit of service of notice on the registered property owners and tenants along the line of said street was also produced and is now on record.

That at this meeting, to wit, May 13, 1897, the jury were severally sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be dis-interested, competent and in all respects

duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Vankirk street, from Hagerman street to State road impartially and according to their best judgment. That at this meeting, to wit, May 13, 1897, the following counsel were present representing property owners along the line of said street: Robert H. Hinckley, Esq., representing Howard P. Castor, Jacob S. Milner, Haines and Speering, Thomas Lodstone and Horace F. Roberts; E. G. Hamersley, Esq., for J. Poinsett Castor, and Josephine Foster, and George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia. The jury then adjourned to meet on May 17, 1897, for the purpose of making a view of the premises. All of the jurors were present at the said view. The jury afterward met on May 18, 25, 28; June 1, 4, 8, 11, 15, 16, 17, 18, 21, 22, 23, 24, 25, for the purpose of hearing testimony as to the damages caused by the opening of said street. For consultation they had ten meetings, and there was a review on July 2.

And now, therefore after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find that the following named property owners are damaged to the amount set opposite their names :

Josephine C. Foster.....	\$5,000
J. Poinsett Castor	3,650
Haines and Speering	625
Howard P. Castor	250
Jacob S. Millner	175
Thomas Lodstone	15
Horace F. Roberts	25

The jury are further of the opinion that no property in the vicinity is specially benefited by the opening of the

said street, and that therefore the whole amount of the award made should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed July 6, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, caused by the opening of said Short street, from Princeton street to Friendship street, in the Thirty-fifth Ward, of the City of Philadelphia, by virtue of the ordinance of December 16, 1896, respectfully report :

That after due notice, the jurors met on March 16, 1897, at 3 o'clock P. M., for organization. All the jurors were present at this meeting. The following counsel were present at this and at subsequent meetings representing property owners and tenants along the line of the said street: P. F. Roethermel, Esq., for Hugh McGee, Margaret Gantz, Joseph Gantz and James J. Brophy. These were all the claimants for damages. George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

That at this meeting, to wit, March 16, 1897, the jurors were severally sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Short street, from Princeton to Friendship street, impartially and according to their best judgment. The jury

then organized by electing J. R. Cox, foreman, after which the petition was read to the jury, and the official plan produced, which is attached to and filed with this report.

The jury then adjourned to meet on March 17, 1897, for the purpose of making a view of the premises. All of the jurors were present at said view. The jury again met for purpose of hearing testimony, consultation, reviewing, and for argument of counsel, on the following days: March 24, 31; April 7, 14, 21, 23, 28, 29; May 5, 6, 12, 13, 19, 20, 26, 27; June 2, 3, 7, 8, 9, 10, 11, 14, 15, 18, 21 and 22, 1897.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find that the following named property owners are damaged in the amount set opposite their respective names :

Hugh McGee.....	\$500 00
Margaret Gantz	435 00
Joseph Gantz	175 00
James J. Brophy	150 00
	<hr/>
	\$1,260 00

The jury are further of the opinion that no property in the vicinity is specially benefited by the opening of the said street, and that therefore the whole amount as made should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed July 6, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court on the petition of Frederick Fowles, owner of premises at the corner of Berkley street and Wayne avenue, to assess the damages, if any, for the opening of the said Wayne avenue, from the said Berkley street to Robert's avenue, in the Twenty-second Ward, of the City of Philadelphia, respectfully report :

That after due notice, proof whereof appears of record, the jurors met on December 10, 1896, at 3.30 o'clock P.M., in Room No. 581, City Hall. The following jurors were present: William Linn, Jefferson H. Nones, George R. Peddle, Wallace Fletcher and Harold Goodwin. John Galloway, the sixth juror, was absent on account of sickness. At this meeting the jurors present were sworn or affirmed on their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed to perform their duties as jurors in the matter of the opening of Wayne avenue, from Robert's avenue to Berkley street, in the Twenty-second Ward, of the City of Philadelphia, impartially and according to their best judgment. The jury then organized by electing William Linn, foreman, and Harold Goodwin, secretary, after which the petition was read to the jury

and the affidavit of service of notice on the registered property owners along the line of said Wayne avenue, from Robert's avenue to Berkley street, were produced and are hereto attached. The official plan was also produced for the use of the jury and is also attached to this report.

John Galloway, upon a subsequent day, was sworn on his *voir dire*, touching his capacity to serve as a road juror in said proceeding, and was found to be disinterested, competent, and in all respects duly qualified to serve. He was sworn to perform the duty of juror in said proceeding, impartially and according to his best judgment.

At this and subsequent meetings, the jury were attended by the following counsel, representing property owners along the line of said avenue: C. Berkley Taylor, Esq., and William H. Addicks, Esq., for Frederick Fowles, owner of property at Berkley and Wayne avenue; John M. Vanderslice, Esq., for Elijah Cundy, owner of premises corner of Robert's avenue and Wayne avenue; Robert Finletter, Esq., and E. O. Michener, Esq., for McCallum & McCallum, owners of property on the northeasterly side of Wayne avenue; Messrs. Geiger & Horwitz, for W. T. Roberts, owner of premises on the south side of Wayne avenue, corner of Berkley street; Messrs. Morgan & Lewis, for Thos. P. Cope, Jr., owner of premises on the south side of Wayne avenue, east of Berkley street, and J. W. Catharine, Esq., Assistant City Solicitor, for the City of Philadelphia. Frederick Fowles, owner of premises northeast corner of Wayne avenue and Berkley street, and Elijah Cundy, owner of premises northwest corner of Robert's avenue and Wayne avenue, also attended the meetings of the jury.

The ordinances for the opening of Wayne avenue, from Robert's avenue to Berkley street, was passed by Councils on the thirtieth day of March, 1895, and June 27, 1895.

The jury made a view as well before as after the time of taking testimony, of the several premises affected by the said opening, at which meetings the requisite number of jurors were present.

The jury held meetings upon the following days, for

the purpose of organizing, viewing, hearing testimony and the arguments of counsel: December 17, 24, 29, 30, 1896; January 7, 14, 21; February 11, 18, 25; March 4, 11, 18, 25; April 1, 8, 15, 22; May 6, 7, 13, 20, 27; June 3, 4, 5, 7, 8, 9, and 10, 1897.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said Wayne avenue had been opened, and considering as well the advantages and disadvantages to each and every property on the line of the said avenue, by the opening thereof, and acting on their best judgment, the jury finds that the following property owners are damaged to the amount set opposite their respective names :

Elijah Cundy	\$650 00
McCallum & McCallum	2,500 00
Frederick Fowles	1,000 00
	<hr/>
	\$4,150 00

The jury in considering the question of benefits, came to the conclusion that no property in the vicinity was benefited by the opening, and that the whole amount so assessed should be paid by the City of Philadelphia.

All of which is respectfully submitted.

APPENDIX No. 202.

OFFICE OF THE MAYOR.

Philadelphia, September 2, 1897.

to the Select and Common Councils
of the City of Philadelphia

GENTLEMEN:—I herewith send your Honorable Bodies a bill entitled "An Ordinance authorizing the execution of a contract with the United Gas Improvement Company, its successors and assigns, by the City of Philadelphia, for the lease to the former of the gas works, street mains, conduits, pipes, services, meters and other property, real and personal, of the latter, used for and in connection with the manufacture and distribution of gas in the City of Philadelphia; for the operation, maintenance, enlargement, extension and betterment of the same; for the manufacture and distribution of gas in said city by said The United Gas Improvement Company, its successors and assigns, and for the exclusive supply by said lessee and its assigns, of all gas to be supplied to consumers by or with the consent of said city during the term of the lease," which was submitted to me some time since. I also enclose a copy of a letter addressed to me by the President of the United Gas Improvement Company, dated August 2d, 1897.

I have most carefully considered the matter, which is one of great importance to the City of Philadelphia, and I submit it to you, deeming it worthy your most earnest consideration.

I am, respectfully,

CHARLES F. WARWICK,

Mayor.

—
(COPY)

THE UNITED GAS IMPROVEMENT CO.

HON. CHARLES F. WARWICK,

Mayor of the City of Philadelphia.

MY DEAR SIR:—I herewith submit for your consideration an ordinance and contract for the lease of the Philadel-

phia Gas Works. The proposition presents many advantages to the City which we are enabled to offer because of our complete organization and large and successful construction and operation of the gas properties of a number of towns and municipalities, viz.: Allentown, Penna.; Ardmore, Penna.; Atlanta, Ga.; Bayonne, N. J.; Burlington, Iowa; Columbia, S. C.; Concord, N. H.; Des Moines, Iowa; Fall River, Mass.; Harrisburg, Penna.; Janesville, Wis.; Jersey City, N. J.; Johnstown, N. Y.; Kansas City, Mo.; Kansas City, Kansas; Lewiston, Maine; Manchester, N. H.; Marshall, Mich.; Minneapolis, Minn.; Omaha, Neb.; Paterson, N. J.; Pensacola, Fla.; Reading, Penna.; Sag Harbor, N. Y.; Savannah, Ga.; Sheboygan, Wis.; Sioux City, Iowa; Sioux Falls, S. D.; St. Albans, Vt.; St. Augustine, Fla.; Vicksburg, Miss.; Waterbury, Conn.; Yonkers, N. Y.

Our Company was organized under the laws of the State of Pennsylvania in 1882. We have a paid in cash capital of \$11,500,000. Our Engineering, Construction, Operating and Accounting Departments are all complete and in the highest state of efficiency, and in the event of the lease being made to us we are provided with all the facilities for an immediate successful prosecution of the business. The management of our Company is in the hands of successful Philadelphia business men, and our shareholders are almost exclusively citizens of Philadelphia, 1383 in number. In addition to our experience in the operation of the number of gas properties in the various towns and municipalities enumerated, we are also the largest constructors of gas works in the World. The proposition we make is in the form of an improvement lease, and for this very important manner of handling this property we claim to occupy an unique position.

We submit this proposal in advance of the convening of Councils that you may have sufficient time to consider and investigate the same.

Very respectfully,

(Signed)

THOMAS DOLAN.

AN ORDINANCE

Authorizing the execution of a contract with the United Gas Improvement Company, its successors and assigns, by the City of Philadelphia, for the lease to the former of the gas works, street mains, conduits, pipes, services, meters, and other property, real and personal, of the latter, used for and in connection with the manufacture and distribution of gas in the City of Philadelphia; for the operation, maintenance, enlargement, extension, and betterment of the same; for the manufacture and distribution of gas in said city by said The United Gas Improvement Company, its successors and assigns, and for the exclusive supply, by said lessee and its assigns, of all gas to be supplied to consumers by or with the consent of said city during the term of the lease.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain:*

WHEREAS, The sole source of supply of gas in the City of Philadelphia, saving of that manufactured and supplied to said city under its contract dated the third day of August, 1888, with the Philadelphia Gas Improvement Company, and also of that supplied by the Northern Liberties Gas Light Company, which latter company claims a right also to supply gas in portions of said city, is certain property known collectively as the Philadelphia Gas Works, owned by said city and now operated by it;

AND WHEREAS, Very large sums of money ought now to be expended in laying additional mains, services and connections in supplying meters and appurtenances, and in the erection of new and additional apparatus necessary for the economical manufacture, storage and distribution of gas sufficient to supply the present and prospective demands for gas by the city and by its inhabitants;

AND WHEREAS, The requirements of the city for other municipal purposes are of such a pressing character that it would be extremely inconvenient for it to make said expenditures at the present, or within any reasonable time hereafter;

tension, and betterment of the same; for the manufacture and distribution of gas in said city by said The United Gas Improvement Company, its successors and assigns; and for the exclusive supply by said lessee and its assigns, of all gas to be supplied to consumers by or with the consent of said city during the term of the lease," duly approved the day of _____, 1897, it was provided for the reasons therein set forth that this contract should be executed;

Now, THEREFORE, It is agreed between the parties hereto as follows:

1. The City of Philadelphia does hereby lease to the said The United Gas Improvement Company, its successors and assigns, for the term beginning the _____ day of _____, 1897, and ending December 31st, 1927, all the property, real and personal, collectively known as the Philadelphia Gas Works, with the appurtenances, including, *inter alia*, the property particularly described in Exhibit A, hereto attached, which is to be taken as a part of this contract, comprising, generally, the land, buildings, tenements, machinery, apparatus, tools, mains, pipes, services, meters and other appurtenances possessed or used by or for the City of Philadelphia in the manufacture, storage, sale, distribution and supply of gas, it being understood that the specification of said leased property in said Exhibit A shall not be construed in such way as to exclude from the list any items omitted which should have been therein included. Delivery shall be made of all such property to said The United Gas Improvement Company, its successors and assigns, by the City of Philadelphia, as soon as may be after the execution of these presents and antecedently to the date fixed for the commencement of the lease, and upon the performance by the said The United Gas Improvement Company of the obligations imposed upon it by sections 2 and 3 of this agreement, it being understood that the City of Philadelphia also must do all necessary on its part to be done to enable said The United Gas Improvement Company to know the amount to be paid under Section 2.

The City of Philadelphia does hereby authorize and empower the said The United Gas Improvement Company,

its successors and assigns, hereafter during the term of this contract to retain possession of, maintain, change, alter and repair, and to operate said gas works and appurtenances and all the property hereby leased, and to lay, repair, remove, relay, extend, and maintain mains, pipes, services and appurtenances along and beneath the surface of the highways, streets, avenues, alleys, ways, and public places in said city for the supply and distribution of gas; and said company, its successors and assigns, during the continuance of this contract shall have the exclusive right, for said purposes, to enter upon and occupy all said highways, streets, avenues, lanes, ways, alleys, and public places and to supply and distribute gas through pipes laid therein: *Provided, however,* That to such extent as the Northern Liberties Gas Light Company is now possessed of a right to supply gas within any portion of the City of Philadelphia, this contract shall not be construed as intended to vest in the lessee an exclusive right in such territory. The City of Philadelphia agrees that during the term of this contract it will do nothing, by ordinance or otherwise, which will in any way interfere with, or limit, restrict or impair this exclusive right hereby vested in said The United Gas Improvement Company, its successors and assigns.

All openings and excavations shall be made subject to such general rules and regulations as from time to time shall be in force concerning the opening and excavation of streets and the protection of travel along the same.

It shall be lawful for the said The United Gas Improvement Company to assign this contract to The Equitable Illuminating Gas Light Company of Philadelphia, and to any other corporation of Pennsylvania, and also to enter into an agreement with said company, or with any other of said companies, for the performance, in whole or in part, of this contract, or for vesting in such assignee any rights under this contract, and to authorize such other company or companies to do all things necessary in and about such performance, including the occupancy and use of the highways, streets, avenues, lanes, ways, alleys and public places in laying, repairing, removing, relaying, extending and maintaining mains, pipes, services, and appurtenances and supplying gas. Authority is hereby given to the said The

Equitable Illuminating Gas Light Company of Philadelphia, assignee as aforesaid, and to any other corporation which may thus become the assignee or covenantor of the said The United Gas Improvement Company, to enter upon and to occupy the highways, streets, avenues, lanes, ways, alleys, and public places of the City of Philadelphia for the purpose of laying, repairing, removing, relaying, extending, and maintaining mains, pipes, services, and all other appurtenances and appliances necessary for the distribution of gas to the City of Philadelphia and to the inhabitants thereof. Such assignees, including the said The Equitable Illuminating Gas Light Company of Philadelphia, may manufacture, distribute, and sell gas in all parts of the City of Philadelphia to said city and to the inhabitants thereof at all times hereafter during the existence of this lease.

No assignment of this lease, or of any of the rights or privileges herein granted, nor any contract with the said The Equitable Illuminating Gas Light Company of Philadelphia, or any other company, shall in any way diminish the primary obligation and liability of the said The United Gas Improvement Company to perform all the obligations of this contract. Its duty hereunder shall in no respect be diminished or impaired by any such assignment or contract, but it shall remain liable jointly with such assignee or covenantor for the performance of all the obligations hereof to the same extent as if no assignment, sublease or contract had been made by it. In any case in which an assignment or assignments of this contract shall be made, written notice that an assignment has been made, giving the name of the assignee and the date of the assignment, shall be filed by the United Gas Improvement Company in the office of the Mayor before the assignee shall acquire any rights under this contract.

2. An inventory and appraisement is hereto attached, marked "Exhibit B," enumerating all coal, coke, tar, and lime on hand at said City Gas Works, and all gas on hand in the holders of the city on the day of , 1897. It shall be the duty of the said The United Gas Improvement Company to pay the amount of this appraise-

ment to the City of Philadelphia simultaneously with the delivery of the property hereby leased. This inventory and appraisalment shall be adjusted to the date of said delivery, and such deductions shall be made from, or such additions shall be made to, the amount thereof, as will oblige the said The United Gas Improvement Company to pay for the quantity actually delivered, and for no more.

3. Simultaneously with the execution of this agreement, The United Gas Improvement Company shall execute and deliver to the City of Philadelphia its bond, with surety or sureties in the penal sum of one million (1,000,000) dollars, conditioned for the faithful performance of the obligations hereof. Such bond shall be in such form as shall be approved by the City Solicitor, and the surety or sureties thereon shall be approved by him.

4. If at any time after two (2) years from the date of these presents the City of Philadelphia shall request a redelivery to it of that part of the leased premises described in Schedule C, hereto attached (being part of the property known as the Ninth Ward Station), it shall be the duty of The United Gas Improvement Company, its successors and assigns, to surrender and release the same to said city upon the expiration of a period of twelve (12) months after written request therefor made by the Mayor of said city in pursuance of an ordinance to that effect.

5. The City of Philadelphia hereby assigns to the said The United Gas Improvement Company, its successors and assigns, all its rights under its contract with the Philadelphia Gas Improvement Company dated the third day of August, 1888, and it agrees that said Philadelphia Gas Improvement Company may assign the same contract to the said The United Gas Improvement Company, its successors and assigns.

6. If, on or before the first day of July, 1907 (and time in this respect shall be of the essence of this contract), there shall have been served upon The United Gas Improvement Company a written notice, signed by the Mayor of the City of Philadelphia, of the desire of said city to terminate this

contract at the expiration of ten (10) years from the first day of January, 1898, and if on or before said first day of July, 1907, an ordinance providing for such termination shall have been duly enacted by said City of Philadelphia, then it shall be the right of said City of Philadelphia to terminate this contract at the expiration of ten (10) years from the first day of January, 1898: *Provided*, That on or before December 31st, 1907 (and time in this particular shall be of the essence of this contract), the payments herein provided to be made to the said The United Gas Improvement Company, its successors and assigns, shall have been fully and completely made by said city. In case of a failure to pass said ordinance on or before said first day of July, 1907, or of a failure to notify The United Gas Improvement Company on or before that date of the desire of the city to take possession of the leased property in pursuance of said ordinance, or of the failure of the City of Philadelphia to pay in full, on or before the thirty-first day of December, 1907, the amount of money herein provided, this option on the part of the City of Philadelphia to terminate this contract prior to December 31st, 1927, shall cease and be forever at an end.

The payment which must be so made to the United Gas Improvement Company, its successors and assigns, shall be a reimbursement of all sums of money expended by the said The United Gas Improvement Company, its successors or assigns, subsequent to the date of this contract, in or about the buildings, apparatus, machinery, mains, pipes, services, connections, meters, tools, appliances, and appurtenances of the Philadelphia Gas Works and of the gas works now owned and operated by said Philadelphia Gas Improvement Company, including all sums of money paid in and about the alteration, enlargement, removal, extension, replacement, betterment, improvement, maintenance, and repair of all said manufacturing and distributive systems and plants, with interest thereon at the rate of six (6) per centum per annum; together with a sum which shall be the equivalent of the appraised value of the property now belonging to the Philadelphia Gas Improvement Company used as aforesaid, and interest thereon at the rate of six (6) per cent. per annum from the date of this con-

tract to the date of payment. Said appraised value shall be ascertained by the report of at least a majority of three (3) appraisers, one to be appointed by the City of Philadelphia, one by the said The United Gas Improvement Company, and the third by the two first chosen.

In order to aid in the appraisalment last provided for, an inventory showing in detail the property now belonging to the Philadelphia Gas Improvement Company, used for the purpose of carrying out its contract with the City of Philadelphia, shall be made as soon as conveniently may be after the execution of this agreement. This shall be certified to as being correct by either the President or the Treasurer of the United Gas Improvement Company, and the appraisalment shall be made as soon as conveniently may be thereafter.

On the first day of February, 1898, The United Gas Improvement Company, its successors or assigns, shall file with the Comptroller of the City of Philadelphia a statement, showing in detail expenditures during the year 1897, for alterations, enlargements, removals, betterments, improvements, and replacements made by it in and about the gas works, and for the mains, meters, services, and appurtenances. On the first day of February of each year following, during said period of ten (10) years, the said The United Gas Improvement Company, its successors and assigns, shall file with the Comptroller of the City of Philadelphia a similar statement of expenditures in and about the same matters made during the calendar year immediately preceding, and on the thirty-first day of December, 1907, shall file such a statement for the year ending on that date. Interest upon the amounts so shown shall be calculated and paid at the rate of six (6) per centum per annum from the first day of the year succeeding that in which the expenditures were made to the date of payment by the City of Philadelphia.

As the exercise of this option by the City of Philadelphia will operate greatly to the disadvantage of The United Gas Improvement Company by depriving it of the possession of the works during a term of sufficient length to compensate it, its successors and assigns, it is agreed that said option shall only be exercised in the way and manner and

upon the terms herein provided. This option has been conceded very reluctantly by the said The United Gas Improvement Company. If it shall so happen that the said city cannot exercise, or shall not exercise this option, upon the terms herein provided, this contract shall be treated as though said option had never been given.

7. Upon the termination of this agreement by the expiration of the term specified in section 1 of this contract, viz., on December 31st, 1927, the said The United Gas Improvement Company, its successors or assigns, shall deliver to the said city the property herein leased, together with all property now belonging to the said Philadelphia Gas Improvement Company used under said contract between it and the City of Philadelphia, as above provided, and also all extensions, enlargements, improvements, and betterments of said property, free and clear of all debts and obligations of every sort, kind, and description, and together with the right to use all processes of every kind useful in the manufacture of gas then established and in use of said works, in the same good order and condition in which the same now is, ordinary wear and tear alone excepted, to such extent as said property shall not have been altered, removed or changed under this contract. All changes, alterations, constructions, removals, replacements, and repairs which shall be necessary to be made from time to time in the proper maintenance, extension, improvement and betterment of said gas works shall be made and done by the said The United Gas Improvement Company, its successors and assigns. The City of Philadelphia shall be entitled to receive the same without any charge or cost. It is the intent of this agreement that the City of Philadelphia at the end of the term, viz., on December 31st, 1927, shall, without charge, receive the works in the condition of alteration, improvement and change in which the same shall then exist.

Upon the termination of this contract, either on December 31st, 1907, or on December 31st, 1927, the City of Philadelphia shall have the option to purchase all the coal, oil, coke, tar, lime, and other gas-making supplies and residual products then on hand at said works at the then mar-

ket price, or to have the said The United Gas Improvement Company, its successors and assigns, remove the same at its own cost and expense as soon as conveniently can be done. All the gas in the holders of said works at the termination of this contract, either on December 31st, 1907, or on December 31st, 1927, shall be accounted for at holder cost by the city to The United Gas Improvement Company when paid for by consumers.

8. The United Gas Improvement Company agrees for itself, its successors and assigns, within three (3) years from the date of the delivery to it of the said gas works, to expend in the alteration, replacement, improvement, maintenance, repair, extension, and betterment of the manufacturing and distributing systems, and mains, services, meters, connections and appurtenances of said gas works referred to in this contract, at least five million (5,000,000) dollars; and thereafter, in each year during the continuance of this contract, to expend such sums of money as may be needed from time to time, maintain the same in a state of the highest efficiency, and to extend the same so as to supply gas wherever it may be reasonably demanded and profitably furnished, until such expenditures shall reach a maximum of fifteen million (15,000,000) dollars, including said five million (5,000,000) dollars first stipulated for. Whilst The United Gas Improvement Company does not bind itself, its successors or assigns, to expend the said amount of fifteen million (15,000,000) dollars, it agrees that to that extent, if necessary, it, its successors and assigns, will make expenditures in the way designated.

The intention of this agreement is that all changes, extensions, improvements, removals, replacements, and alterations in said gas works, in the mains, pipes, and appurtenances thereto, and in the property needed to meet the reasonable demands for gas throughout the city from time to time, shall be made in such way and manner as shall maintain said gas works in first-class condition, with the best and most economical processes in use that are customary in the best regulated gas works. It is the further intent of this agreement that without cost to the City of Philadelphia, all such extensions, improvements, altera-

tions, replacements and betterments in the manufacturing or distributing system of said gas works shall, upon the termination of this lease by the expiration of its full term, viz., on December 31st, 1927, pass to and vest in the City of Philadelphia upon the terms and conditions herein provided.

9. It shall be the duty of the said The United Gas Improvement Company, its successors or assigns, as soon after the delivery to them of said gas works hereunder as is possible, with due diligence and dispatch to supply gas of good quality of not less than twenty-two (22) candle-power, tested at a distance of one (1) mile from the point of manufacture, and to maintain said supply during the continuance of this lease unless prevented by accidents beyond their control.

10. It shall be the duty of the said The United Gas Improvement Company, its successors and assigns, from time to time, as the same shall be demanded by the City of Philadelphia, to supply to it in each year, without charge, delivered in its various public buildings and street lamps along the line of its mains, not less than seven hundred million (700,000,000) cubic feet of gas, which quantity is greater than the largest quantity of consumption of gas by the city for said purposes for any one year heretofore. It shall be the duty of the said The United Gas Improvement Company, its successors and assigns, at all times during the continuance of this lease, to furnish along the lines of its mains, from time to time, to the city, such additional quantity of gas for its public purposes as the city shall demand, and for the gas thus delivered the city shall not be charged at a greater rate than that which shall at the time be charged to private consumers.

The quantity consumed by the city shall be ascertained, where the same is delivered in public buildings, by meter; and where the same is supplied to street lamps it shall be estimated at the rate of twenty thousand (20,000) cubic feet per annum for each lamp with a burner consuming not over five (5) feet of gas per hour.

It shall be the duty of the city, at its own expense, to

furnish, light, clean, extinguish and repair all lamp posts, lamps, and lanterns in use during the term of this lease. All service connections shall be made by the said The United Gas Improvement Company, its successors and assigns, and the same shall be under their control.

11. The price which shall be charged to all consumers, other than the City of Philadelphia, by the said The United Gas Improvement Company, its successors and assigns, shall, until otherwise provided by ordinances of Councils, be one (1.00) dollar per thousand cubic feet. It shall be competent for Councils to reduce these charges from time to time by ordinances; but said ordinances shall not at any time reduce the price below the following:

Until and including the thirty-first day of December, 1907, ninety (90) cents per thousand cubic feet;

From January 1st, 1908, until and including December 31st, 1912, eighty-five (85) cents per thousand cubic feet;

From January 1st, 1913, until and including December 31st, 1917, eighty (80) cents per thousand cubic feet.

From January 1st, 1918, until and including December 31st, 1927, seventy-five (75) cents per thousand cubic feet.

The said The United Gas Improvement Company, its successors and assigns, shall be entitled to enforce the same penalties for non-payment of bills at the offices of the company within five (5) days after presentation as are now in force in the City of Philadelphia, and to the same remedies against consumers for breaches of their contracts for the supply of gas.

12. The United Gas Improvement Company, its successors or assigns, shall pay to the City of Philadelphia, in each year during the continuance of this agreement, as follows, viz.:—

Upon all gas sold prior to January 1st, 1908, all sums received by them in excess of ninety (90) cents per thousand cubic feet;

Upon all gas sold after December 31st, 1907, and prior to January 1st, 1913, all sums so received in excess of eighty-five (85) cents per thousand cubic feet;

Upon all gas sold after December 31st, 1912, and prior to January 1st, 1918, all sums so received in excess of eighty (80) cents per thousand cubic feet.

Upon all gas sold after December 31st, 1917, and prior to January 1st, 1928, all sums so received in excess of seventy-five (75) cents per thousand cubic feet.

Statements shall be rendered and payments made under this section by the lessee to the city as follows: Within twenty-five (25) days after the expiration of each quarter of each year for which any payment is to be made, beginning with the quarter preceeding the first day of 189 , said The United Gas Improvement Company shall file with the Comptroller of the City of Philadelphia a statement, sworn to by its President or Vice-President, or by its Secretary or Treasurer, which shall state the quantity of gas measured in cubic feet sold hereunder within the quarter ending with the last day of the preceeding month, the amount of money collected for such sales, and the amount of money due and payable to the City of Philadelphia under the provisions of this section out of such receipts; and shall make payment to the City Treasurer of such amount so ascertained to be due to the City of Philadelphia hereunder within five (5) days after the expiration of said period of twenty-five (25) days. The City of Philadelphia shall have the right at all reasonable hours during the continuance of this contract, by its proper officers, to examine those books of the lessee which show the amount of gas so sold and paid for, so as to verify the correctness of said statements.

13. The City of Philadelphia shall have the right at all times, by its proper officers, during the continuance of this lease to enter upon and examine the premises leased, to inspect the same, and to test the candle power of the gas. Full facilities for these purposes shall be afforded by the lessee.

14. No indebtedness of the City of Philadelphia for or by reason or on account of the property hereinabove described, or the operations carried on therein, or with the same, prior to the delivery of the leased property, shall be

chargeable against the said The United Gas Improvement Company, its successors or assigns. The same shall be chargeable to and payable by the City of Philadelphia.

15. The said The United Gas Improvement Company, its successors or assigns, shall at all times during the continuance of this lease indemnify and save harmless the City of Philadelphia from all loss, injury, or damage which may be suffered by said city to or for any person, natural or artificial, by reason of any negligence of said company, its successors or assigns, and the servants, agents, or employees thereof, in the use and occupation of the property demised.

16. No disputes between the city and the lessee over any of the terms or provisions of this contract shall release the lessee from its obligations hereunder to manufacture and supply gas to the city and its inhabitants in accordance with the terms and provisions hereof during the existence of this lease.

In Witness Whereof, The corporate seal of the City of Philadelphia, party of the first part, hath been hereto affixed duly attested by the Mayor of the said city, and the corporate seal of the said The United Gas Improvement Company, party of the second part, hath been hereto affixed, duly attested by the proper officers thereof, the day and year first above written.

SECT. 2. The United Gas Improvement Company shall pay into the City Treasury the sum of fifty (50) dollars for the printing of this ordinance.

APPENDIX No. 205.

DEPARTMENT OF CITY CONTROLLER.

Philadelphia, August 30, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN:—In accordance with the provisions of the Act of Assembly approved June 11, 1879, I herewith forward a detailed statement of the estimated receipts, expenditures and liabilities for the five months of the current year, from August 1 to December 31, 1897, and for the year commencing January 1 and ending December 31, 1898. To these I have also added the calculations of tax rate, etc., in conformity with said Act.

Expenses and Lawful Obligations.

The aggregate expenses of the City for the year 1898, as estimated by the various departments, amount to \$39,440,332.32. In this are included the lawful obligations due, which embrace the payment of the Four per cent. Loan, Interest on bonds, Sinking Fund, Temporary Loan with interest, State Tax on Loans and Mandamuses, all of which provision must be made for before the appropriations are made to the Departments.

An increase is shown in the legal obligations of the City for the year 1898 over those of 1897, by reason of the change in the early part of this year of the system of redemption of the Subway, Delaware Avenue Improvement and Refunding Loans, from that of serial payments at maturity of one-twentieth of the total loans commencing annually in 1904 and 1907, respectively, to Sinking Fund Loans, necessitating an annual appropriation to the Sinking Fund for the benefit of these loans, commencing with January 1, 1898.

The appropriation for 1898 to the Sinking Fund is \$427,837.27, and includes in this amount the interest charge of \$250,250, the amendments in the Ordinances

providing for one, two and four-tenths of a mill appropriation, embracing also the interest due on the three loans. Aside from the increase referred to, a marked falling off is shown in the appropriations needed for the old Sinking Fund loans for 1898, from that of 1897 of \$65,600. I beg to call your attention also to the fact that the lawful obligations contain the amount required to meet the temporary loan with interest of \$1,089,333.33, authorized by Ordinance of July 14, 1897, but awaiting negotiation.

The Funded Debt.

The gross Funded Debt on August 1, 1897, was \$57,273,095.22, an increase since January 1 of \$3,249,975. This increase was caused by the issue of the Refunding Loan of \$650,000, Delaware Avenue Improvement Loan of \$2,000,000, and eight (8) series of the Philadelphia and Reading Railway Subway Loan of \$2,400,000, which, with the return by the Farmers' and Mechanics' National Bank, fiscal agents of the City, of unclaimed matured loans of \$4,275, amounted in all to \$5,054,275, but reduced to the figures shown above by the redemption since January 1 of matured loans amounting to \$1,804,300.

I beg to call the attention of your Honorable Bodies to a matter to be considered in connection with the increase of the Funded Debt by the addition of the Subway Loan, that, while the Philadelphia and Reading Railroad Company are bonded in the sum of \$500,000, for the payment of one-half of this obligation at the maturity *only* of each series, the first being due in 1904, the City, in consequence of the recent amendment to the ordinance creating a Sinking Fund clause, is compelled to provide *at once* towards the redemption of the whole loan by setting aside, from the amounts required for the needs of the Departments, a sum annually to be placed in the hands of the Sinking Fund Commission.

The City, therefore, not only assumes the half of the debt guaranteed by the Railroad Company, which acts as a liability, and to that extent decreases its borrowing capacity, but by reason of the above amendment is forced to provide an extraordinary sum every year for the period of

thirty years, or until January 1, 1924, the date of the maturity of the last series.

The Ordinance of March 15, 1894, creating the loan of \$6,000,000 for the work of abolishing the grade crossings and depressing the tracks of the Philadelphia and Reading Railroad Company on Pennsylvania avenue and Noble street, provided that the principal of said loan should be divided into twenty (20) series of \$300,000 each, and that each series should, by an appropriation of said amount commencing on December 31, 1904, be paid annually thereafter, until the whole principal was paid, the Railroad Company to pay its proportion, or one-half of the interest from the date of the negotiation of the loan, and one-half of the principal, as the series matured.

By the amendment of January, 1897, a feature of the loan was changed in the following manner: That, "when-ever any loan shall be created by virtue of this ordinance, there shall be, by force of this ordinance, an annual tax levied of a sum *not less* than four-tenths (4-10) of a mill, the same being sufficient to pay the interest and also the principal of the said loan, within thirty (30) years, and there is hereby appropriated annually, out of the tax so collected, a sum sufficient to pay the interest on said loan, and also the principal thereof, within thirty (30) years, and as the same becomes payable."

A calculation of the amount yielded by the levying of four-tenths (4-10) of a mill on the assessed valuation of the real estate of the City to January 1, 1924, by adding to each year the average increase in the valuation for the last five years, together with the accumulations of interest thereon at the rate of two per cent. per annum, reveals the important fact that the Sinking Fund will have in its possession on the above date, after the liquidation of the City's entire proportion of the loan, a sum greatly exceeding that required to pay the City's share of the debt.

I assume that it was never intended by the amendment of January, 1897, to the original loan ordinance that an annual tax should be levied other than sufficient to pay the interest and principal in thirty years, or a surplus accumulated to be retained and tied up in the Sinking Fund,

restricting, as it must, the requirements for permanent improvements consequent upon the growth of the municipality, and yet the language of the amendment admits of no other construction. This will apply also to the loans about to be submitted to a popular vote; that of \$8,000,000, for various municipal purposes and for the erection of a Filtration Plant of \$3,000,000.

The language alluded to is the departure from that contained in the ordinance for the Improvement of Delaware Avenue, and the recent Refunding Loan, wherein it is cited that the annual tax levied shall be *not more* than two-tenths and one-tenth of a mill respectively, to pay the interest and principal.

The Constitution of 1874, Article 9, Section 10, and the subsequent Acts of Assembly, provides for the collection of an annual tax *sufficient* to pay the interest and also the principal within thirty years, and as the yield from the present tax rate named in the ordinances referred to is largely in excess of that required I would respectfully urge upon your Honorable Bodies the advisability of introducing in the \$8,000,000 Loan Ordinance the words *not more* than six-tenths of a mill for the words *not less*, and in the Filtration Ordinance *not more* than two-tenths of a mill for *not less* contained in each of the above ordinances. The change suggested will enable this Department to annually fix the exact amount needed to meet the payment of the interest and principal of the different series at maturity.

State Hospital for the Insane, Norristown.

I beg to report that under the terms of your Resolution dated December 10, 1896, in which authority was given the City Controller to retain a certain warrant and portions of other quarterly warrants drawn to pay the State Hospital for the maintenance of the insane at Norristown; that the full amount of the overcharge for patients between June 13, 1883, and May 21, 1889, as per the annual reports of that Institution to the State Board of Charities, compared with the books of this Department and amounting to \$52,651.72, has been deducted from the appropria-

tions of the City to that institution. Of this amount, \$35,553.50 was covered into the City Treasury, December 31, 1896, and the balance, \$17,098.22 will be merged with the current funds in the possession of the City Treasurer, at the close of 1897.

Mandamuses.

The payment of writs by mandamus execution has decreased somewhat over that expended in 1896 for the same period but exceeds in amount that anticipated when the sum of \$1,000,000 was set aside on January 1, for the current year.

To August 1, the following payments had been made showing a decrease from the seven months to August 1, 1896, of \$251,647.20,

For opening and widening streets.....	\$158,193 95
For change of grades	168,543 21
For condemnation of property for Public Parks.....	115,704 57
For condemnation of property for Queen Lane Reservoir.....	141,898 23
For construction of sewers	98,857 54
For construction of bridges.....	18,335 92
For Court stenographers' fees	24,927 21
For 208 sets of Century Dictionaries to the Board of Public Education	10,481 73
For stationery furnished Prothonotary, C. C. P.....	1,886 32
For personal injuries, overseers fees, road jurors fees, abating nuisances, etc	56,524 20
	<hr/>
	\$795,252 88

In view of the falling off thus noted, I have thought it inadvisable to increase the amount for the remaining five months although the payments may slightly exceed the balance standing to the credit of this item.

Increased Valuation of Property for Taxation in 1898.

By a comparison of the following figures furnished by the Board of Revision of Taxes, it will be seen that more than the average annual increase of \$17,000,000, has been added to the taxable property of 1897.

	1897	1898
Real Estate... ..	\$816,841,844 00	\$840,496,650 00

	<hr/>	<hr/>
	\$818,827,549 00	\$842,330,700 00

It affords me much gratification to observe that in the compilation of Receipts and Expenditures for the year to December 31, 1897, a surplus is shown of \$36,235.00 which amount has been added to that subject to appropriation for 1898. I beg to add, however, that this surplus is predicated upon the receipt of the school and personal property taxes due by the State for 1897, payment of which is anticipated prior to December 31, next.

The amount shown available for appropriation for 1898 exceeds that reported for 1897 by \$266,616.63.

The amount of the deficit shown January 1, 1897, \$1,459,569.03, caused by the non-receipt of \$1,601,147.62 due by the State on account of school and personal property taxes for 1896, was transmitted in instalments, by the State Authorities to the City Treasurer, during the

months of January, February, March and April, that in the latter month being the final payment. And while the sum of the deficit was credited on January, 22, 1897, in compliance with your Joint Resolution and sustained by the opinion of the City Solicitor of January 26, 1897, I cannot refrain, in view of the small cash balance that may be on hand at the close of some future year's business, to impress upon your Honorable Bodies the advisability of rigidly adhering to Section 11 of the Act of 1879, instead of treating as cash assets funds not received or in control of the City.

Very respectfully, your obedient servant,

JOHN M. WALTON,

City Controller.

APPENDIX No. 206.

COMMISSIONERS OF THE SINKING FUND.

Philadelphia, August 31, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—The Commissioners of the Sinking Fund of the City of Philadelphia respectfully submit the following statement of the Six per cent. Loans of the City, maturing as indicated :

July 1, 1898.—Six per cent. Untaxed City Loan, Culvert No. 2.....	\$800,000 00
The amount of Investments and Cash available at that time July 1, 1898, to meet said Loan will be.....	580,000 00
Leaving a deficit of.....	\$220,000 00
January 1, 1899.—Six per cent. Untaxed City Loan, Park No. 1..	\$4,020,000 00
The amount of Investments and Cash available at that time, January 1, 1899, to meet said Loan, will be.....	3,334,000 00
Leaving a deficit of.....	\$686,000 00
January 1, 1899.—Six per cent. Untaxed City Loan, No. 35	\$1,650,000 00
The amount of Investments and Cash available at that time January 1, 1899, to meet said loan, will be.....	\$1,250,000 00
Leaving a deficit of.....	\$400,000 00

These deficits arise from our inability to secure legal investments at Six per cent. interest, the amount upon which the Sinking Funds of the City are predicated:

Gas Loan No. 5, Maturing January 1, 1899.....	\$980,200 00
Gas Loan No. 7, Maturing January 1, 1902.....	\$500,000 00
Gas Loan No. 8, Maturing January 1, 1905.....	\$1,000,000 00

The Sinking Funds of these Loans will have sufficient in cash and investments at maturity, to meet said loans, without further appropriation from the City for these Sinking Funds.

Neither will it be necessary to appropriate any money

for the interest due, from now until the maturity of Gas Loan No. 5, for the amount held by us, \$389,500, of said Gas Loan No. 5.

Very respectfully yours,

JOHN M. WALTON,

LOUIS WAGNER,

Commissioners of the Sinking Funds.

GEORGE W. KOCHERSPERGER, Esq.,

Chief Clerk of Common Council.

DEAR SIR:—I hand you herewith copy of report of jury in the matter of the widening of Cumberland street, from Richmond street to Aramingo Canal, in the Eighteenth Ward. Report filed July 27, 1897.

This was a widening under the ordinance of April 3, 1894. There has been no physical entry or taking of the property affected up to the date of the filing of this report.

Yours very truly,

JOHN L. KINSEY,

City Solicitor.

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

Court of Common Pleas No. 3.

In re widening of Cumberland street, from Richmond street to Aramingo Canal, in the Eighteenth Ward, of the City of Philadelphia.

REPORT OF JURY.

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, for the widening of Cumberland street, from Richmond street to Aramingo canal, in the Eighteenth Ward, of the City of Philadelphia, respectfully report :

That after due notice the jurors met on October 16, 1896, for organization. All the jurors were present at this meeting. At this and subsequent meetings the jury was attended by Messrs. Buckley and Sharkey, for the petitioner, Jane White; E. O. Michener, Esq., for Charles Sproehl; John T. Murphy, Esq., and William A. Hayes, Esq., for Annie Calkins; Richard Quin, Michael Kane, John King and Patrick Finley; Thomas Wagner, Esq., for Joseph Fitzell; William H. Addicks, Esq., for Hugh Peyton; John M. Beck, Esq., for Thomas Gilliece; J. Edward Carpenter, Esq., for the Estate of Clement Biddle; Maxwell Stevenson, Esq., for Peter Loughran. Thomas McMichael, a property owner, appeared in person. George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

That at this meeting, to wit, October 16, 1896, the jury were severally sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number, to perform their duties as road jurors in the matter of the widening of Cumberland street, from Richmond street to Aramingo canal, impartially and according to their best judgment. The jury then organized by electing P. M. Stackhouse, foreman, after which the petition was read to the jury and the official plan produced for their use, which is attached to and filed with this report. The jury then adjourned to meet on October 19, 1896, for the purpose of

making a view of the premises. All of the jurors were present at said view. The jury again met for the purpose of hearing testimony, consultation, reviewing and for the argument of counsel on the following days: October 23, 26, 30; November 6, 9, 13, 16, 19, 23, 27, 30; December 2, 4, 7, 11, 14, 19, 21, 28, 1896; January 4, 8, 11, 15, 18, 22, 25, 29; February 1, 5, 8, 10, 12, 15, 19, 23, 26; March 1, 5, 8, 12, 15, 16, 17, 18, 19, 20, 22, 23, 24, 25, 26, and 27, 1897.

At no time during the pendency of these proceedings was there produced and offered in evidence any notice to property owners to deliver possession at the expiration of three months, as required by the ordinance of Councils, dated April 3, 1894.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be widened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the widening thereof, and acting on their best judgment, the jury do find that the following named property owners are damaged in the amount set opposite their respective names :

Jane White	\$6,800 00
Charles Sproehl	27,000 00
Annie Calkins	2,950 00
Richard Quinn	3,200 00
Michael Kane	3,200 00
John King	3,200 00
Patrick Finley	2,540 00
Joseph Fitzell	11,550 96
Hugh Peyton	26,875 00
Thomas Gillicee	6,650 00
Estate of Clement Biddle.....	14,466 66
Peter Loughran	3,983 00
Thomas McMichael	5,750 00

The jury are further of the opinion that no property in the vicinity is specially benefited by the widening of the

said street, and that therefore the whole award as made should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed July 20, 1897.)

To the Honorable the Judges of said Court:

The jurors appointed by your Honorable Court to assess the damages and benefits, if any, caused by reason of the widening of Rising Sun lane, from Broad street to Germantown avenue, in the Thirty-seventh Ward, of the City of Philadelphia, respectfully report :

That after due notice being served on the registered property owners, the jury met for the purposes of their appointment, in Room 381, City Hall, on April 22, 1897.

At this meeting the following jurors were present: John Magnigan, Samuel B. Macdonnell, James Work, Samuel L. Kelly, Clarence R. Lewis, and S. S. Chauvenot.

The following counsel were also present, namely: Samuel F. Clevenger, Esq., appeared for Lemuel A. White, George H. Backmire, Albert B. Millett, Henry Reutschlin, Harry S. Donaldson, Frank M. Forsythe, E. W. Middleton, Trustee of Tioga Reformed Church; Charles M. Lukens and Algernon S. Keyser, executors, and Charles E. Fricke; Thomas D. Finletter, Esq., appeared for George Foelker; and George E. Fili, Assistant City Solicitor, for the City of Philadelphia.

Each juror was first sworn or affirmed on his *voir dire*, and examined touching his capacity to serve as a juror in the matter of the widening of Rising Sun lane, from Broad street to Germantown avenue, and was found competent and in all respects fully qualified to serve.

Each juror was then sworn or affirmed by one of their

own number to perform his duty as a juror in the matter of the widening of Rising Sun lane, from Broad street to Germantown avenue, faithfully, impartially, and according to the best of his judgment.

At this meeting a plan was produced for the use of the jury. The petition for the appointment of the jury was presented and read, and the proof of service on the registered property owners was also presented and read, and is now filed in the said Court of Quarter Sessions.

The jury organized by electing John Maguigan as foreman, and Samuel B. Macdonnell as secretary.

The jury then adjourned to meet on April 23, 1897, for the purpose of viewing the premises affected by the said widening.

On April 23, 1897, there being less than five jurors present, they adjourned to meet on April 24, 1897, to view the said premises.

On April 24, 1897, the jurors met and viewed the premises affected by the widening.

Subsequent meetings were held for the purpose of taking testimony, hearing the arguments of counsel, and for consultation on April 26, 28; May 5, 12, 19, 26, 28; June 2, 4, 9, 11, 16, 18, 21, 28, 29, 30; July 1, 2, 3, 6, and 7, 1897.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said widening has taken place, and after consideration as well of the damages and benefits to the said properties affected by the said widening, and made upon the best of their judgment, the jury do find and award of the following damages:

Lemuel A. White.....	\$5,576 00
George A. Backmire	1,200 00
Albert B. Millett	2,400 00
Henry Reutschlin	1,250 00
Harry S. Donaldson	140 00
Frank N. Forsythe	950 00

E. W. Middleton, Trustee of Tioga Reformed Church	800 00
Charles M. Lukens and Algernon S. Keyser, executors	1,150 00
Charles E. Fricke	1,125 00
George Foelker	803 33

The jury do further find that no properties are benefited by reason of the said widening, and that all of the damages should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed July 20, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages, if any, caused by said opening to property owners and tenants on the line of the said street, respectfully report:

That after due notice the jurors met on May 25, 1897, at 2.30 o'clock P. M. for organization. All of the jurors were present at this meeting. Robert MacCain was elected foreman, after which the petition was read to the jury, and the official plan produced for the use of the said jury. The affidavit of service of notice on the registered property owners and tenants along the line of the said street was also produced and is now on record.

That at this meeting, to wit, May 25, 1897, the jury were severally sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Sixteenth street, from Howard to Bristol street, impartially and according to their best judgment. That at this meeting, to wit, May 25, 1897, the following counsel were present representing property owners along the line of the said street: William T. Aldrich, Esq., representing Isaac Fox; Owen B. Jenkins, Esq., for William Burns and William J. Burns, and "not registered"; Eugene Raymond, Esq., for Philip F. Riley; and George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia. The jury then adjourned to meet on May 26, for the purpose of making a view of the premises. All of the jurors were present at the said view. The jury afterward met on June 1, 3, 8, 10, 15, 17, 22, 24, 28, 30; July 1, 2, 6, 7, 8, 9, 12, for the purpose of hearing testimony as to the damages caused by the opening of said street. For consultation they held six meetings and there was a review on July 13.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find that the

following named property owners are damaged to the amount set opposite their names :

William J. Burns	\$450 00
William J. Burns	350 00
Isaac Fox	1,250 00
Phillip F. Riley	2,700 00
Bernard Devine. No claim. No damages.	
William A. Nester. No claim. No damages.	
John Jacob Staub. No claim. No damages	
Daniel Loughery	2,700 00

The jury are further of the opinion that no property in the vicinity is specially benefited by the opening of the said street, and that therefore the whole amount of the award as made should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF VIEWERS.

(Filed July 20, 1897.)

To the Honorable the Judges of said Court:

The undersigned viewers, appointed by your Honorable Court in the above named case, respectfully report:

That they met for the purposes of their appointment on November 6, 1896. The viewers were duly sworn or affirmed on their *voir dire*, and found qualified to serve as viewers in this proceeding. They were then sworn or affirmed to faithfully, justly and impartially decide and true report make, concerning all matters and things submitted to them and in relation to which they were authorized to inquire, in pursuance of their appointment, and were then furnished with a plan prepared by the District Surveyor, which is attached hereto. At this meeting, Henry J. Hancock, Esq., appeared for the petitioners; Frank L. Lyle, Esq., for Henry R. Schoch; John Scott, Jr., Esq., for the Pennsylvania Railroad Company; John G. Lamb, Esq., for the Philadelphia and Reading Railway Company; Samuel C. Perkins, Esq., for the Black Estate; George R. Schaeffer, for David L. Peltz; E. G. Hamersly, Esq., for William H. Jenks; Francis S. Cantrell, Esq., for James Hinchcliffe; White & White, Esqs., for John Dobson, and Albert B. Kelley, Esq., Assistant City Solicitor, for the City of Philadelphia.

On November 9, 1896, the viewers met and viewed the premises. Meetings for the purpose of taking testimony and for the consideration thereof, were held on November 17, 24; December 1, 8, 15, 22, 29, 1896; January 5; February 9, 15, 23; March 2, 9, 23, 30; April 6, 13, 20, 27; May 4, 11, 18, 25, 28; June 2, 4, 8, 10, 15, 16, 22, 26, 29, 31; July 6, 12, 1897; which together with one to sign this report, makes a total of 38 meetings.

The viewers heard all the testimony submitted to them and the arguments of counsel, and after careful consideration they are of the opinion that the petitioners and the various claimants have suffered damage to their property, over and above any benefits received by said widening, as follows :

John Hamilton	\$300 00
William H. Jenks	7,250 00
Thomas Earley	3,000 00
Henry H. Schoch	10,750 00
Being \$4,750 for tract No. 1, and	
\$6,000 for tract No. 2.	

Carter Estate	6,750 00
David L. Pelts	8,000 00
Wm. T. B. Roberts.....	2,000 00
Est. Lucy Black, <i>et al.</i>	5,000 00
Hancock Estate	4,250 00
James Hinchliffe	2,750 00
John Dobson	5,000 00

After assessing the amount of damages the viewers considered the matter of benefits to the adjacent property owners and decided that none had arisen.

All of which is respectfully submitted.

APPENDIX No. 213.

RESOLUTION

Of request to the Director of Public Works relative to repaving with asphalt.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Director of Public Works be requested to inform Councils whether any streets in this City have been repaved with asphalt over the old rubble, Belgian block or cobble stone paving; and if so, when, and upon what streets such repaving was done, what was the difference in cost between such repaving and the usual asphalt repaving, and whether, in his opinion, the results are equally satisfactory.

APPENDIX No. 216.

OFFICE OF THE MAYOR.

Philadelphia, September 16, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—I have the honor to herewith transmit for the consideration of your Honorable Bodies the accompanying communications which I have received from Mr. J. Edward Addicks, Acting President of the Bay State Gas Company and from the Solicitors of the said Company, together with a form of proposed bill submitted by them relative to the leasing of the Gas Works.

I am respectfully,

CHAS. F. WARWICK,

Mayor.

—

Philadelphia, September 14, 1897.

HON. CHAS. F. WARWICK,
Mayor of the City of Philadelphia.

DEAR SIR:—I enclose herewith a copy of a proposed ordinance authorizing a lease of the gas works of the City of Philadelphia to the Bay State Gas Company, a corporation organized under the laws of Delaware. As you have transmitted to City Councils at their last meeting an ordinance for the lease of the Philadelphia Gas Works to the United Gas Improvement Company, which seemed to meet with your approval, I have deemed it best in the ordinance herewith submitted to follow precisely said ordinance with the exception that the Bay State Gas Company proposes to pay to the City ten cents per thousand feet sold (by way of rental) more than is offered to the City by the United Gas Improvement Company. Upon the figures of last year's business this would make about \$350,000. In addition the Bay State Gas Company proposes at its own expense to take entire charge of the city lighting.

I ask that you will give the Bay State Gas Company ordinance the same close examination and courteous attention which you did to the ordinance of the United Gas Improvement Company, transmitting the same to the City Councils for action at their next meeting.

Yours respectfully,

BAY STATE GAS COMPANY,

By its Acting President,
J. EDWARD ADDICKS.

Philadelphia, September 13, 1897.

HON. CHAS. F. WARWICK,
Mayor of Philadelphia.

MY DEAR SIR:—We herewith hand you a communication from the Bay State Gas Company (Delaware) consisting of a proposed ordinance of the Select and Common Councils of the City of Philadelphia authorizing the lease to said Company, its successors and assigns, of the gas works of said city.

We request that after your examination thereof you transmit the same to the City Council at their next meeting.

We remain, very respectfully yours,

GRAY, WARD & GRAY,
CRAWFORD, LOUGHLIN & DULLAS,
for the Bay State Gas Company (Delaware).
Solicitors.

AN ORDINANCE

Authorizing the execution of a contract with The Bay State Gas Company, its successors and assigns, by the City of Philadelphia, for the lease to the former of the gas works, street mains, conduits, pipes, services, meters and other property, real and personal, of the latter, used

for and in connection with the manufacture and distribution of gas in the city of Philadelphia; for the operation, maintenance, enlargement, extension and betterment of the same; for the manufacture and distribution of gas in said city by said The Bay State Gas Company, its successors and assigns, and for the exclusive supply by said lessee and its assigns, of all gas to be supplied to consumers by or with the consent of said city during the term of the lease.

SECTION 1. The Select and Common Councils of the City of Philadelphia do ordain:

WHEREAS, The sole source of supply of gas in the city of Philadelphia, saving of that manufactured and supplied to said city under its contract dated the third day of August, 1888, with the Philadelphia Gas Improvement Company, and also of that supplied by the Northern Liberties Gas Light Company, which latter company claims a right also to supply gas in portions of said city, is certain property known collectively as the Philadelphia Gas Works, owned by said city and now operated by it.

AND WHEREAS, Very large sums of money ought now to be expended in laying additional mains, services, and connections, in supplying meters and appurtenances, and in the erection of new and additional apparatus necessary for the economical manufacture, storage and distribution of gas sufficient to supply the present and prospective demands for gas by the city and by its inhabitants.

AND WHEREAS, The requirements of the city for other municipal purposes are of such a pressing character that it would be extremely inconvenient for it to make said expenditures at the present, or within any reasonable time hereafter.

AND WHEREAS, It is deemed by the city of Philadelphia desirable to secure by contract with a responsible company the maintenance, operation, development and extension of its gas plant, and of its system of distribution of gas, for a term of years, and also to resume at the end of said term possession of its works and plant, modernized and fully equipped, without impairment of the exclusive privilege of supplying gas within the limits of said city now vested in it.

AND WHEREAS, Said object of the city can only be accomplished by leasing all its property, real and personal, known collectively as the Philadelphia Gas Works, and the appurtenances, for a comparatively long term of years, under a contract insuring to the lessee during said term possession of said works and of the exclusive right, except as hereinafter noted, to supply the citizens of Philadelphia with gas.

Be it Resolved, That the Mayor of said city be, and he hereby is, authorized to execute and deliver, on the part of the city, to The Bay State Gas Company, a corporation of the State of Delaware, its successors and assigns, a lease and contract in the words following, and that the same, when delivered, shall be binding upon the city of Philadelphia.

This agreement, made this day of 189 , between the city of Philadelphia, of the one part, and The Bay State Gas Company, a corporation duly organized under the laws of the State of Delaware, having its principal office in said city of Philadelphia, of the second part.

WITNESSETH:

WHEREAS, By an ordinance of the City of Philadelphia, entitled "An Ordinance authorizing the execution of a contract with The Bay State Gas Company, its successors and assigns, by the city of Philadelphia, for the lease to the former of the gas works, street mains, conduits, pipes, services, meter and other property, real and personal, of the latter, used for and in connection with the manufacture and distribution of gas in the city of Philadelphia; for the operation, maintenance, enlargement, extension and betterment of the same; for the manufacture and distribution of gas in said city by said, The Bay State Gas Company, its successors and assigns, and for the exclusive supply, by said lessee and its assigns, of all gas to be supplied to consumers by or with the consent of said city during the term of the lease," duly approved the day of , 1897, it was provided for the reasons therein set forth that this contract should be executed;

Now, therefore, It is agreed between the parties hereto as follows:—

1. The City of Philadelphia does hereby lease to the said The Bay State Gas Company, its successors and assigns, for the term beginning the day of , 1897, and ending December 31, 1927, all the property, real and personal, collectively known as the Philadelphia Gas Works, with the appurtenances, including *inter alia*, the property particularly described in Exhibit A, hereto attached, which is to be taken as a part of this contract, comprising generally, the land, buildings, tenements, machinery, apparatus, tools, mains, pipes, services, meters, and other appurtenances possessed or used by or for the City of Philadelphia in the manufacture, storage, sale, distribution, and supply of gas, it being understood that the specification of said leased property in said Exhibit A shall not be construed in such a way as to exclude from the list any items omitted which should have been therein included. Delivery shall be made of all such property to said The Bay State Gas Company, its successors and assigns by the City of Philadelphia as soon as may be after the execution of these presents and antecedently to the date fixed for the commencement of the lease, and upon the performance by the said The Bay State Gas Company of the obligations imposed upon it by Sections 2 and 3 of this agreement, it being understood that the City of Philadelphia also must do all necessary on its part to be done to enable said The Bay State Gas Company to know the amount to be paid under Section 2.

The City of Philadelphia does hereby authorize and empower the said The Bay State Gas Company, its successors and assigns, hereafter during the term of this contract to retain possession of, maintain, change, alter, and repair, and to operate said gas works and appurtenances, and all the property hereby leased, and to lay, repair, remove, relay, extend, and maintain mains, pipes, services, and appurtenances along and beneath the surface of the highways, streets, avenues, alleys, ways, and public places in said city for the supply and distribution of gas; and said company its successors and assigns, during the continuance of this contract shall have the exclusive right, for said purposes,

to enter upon and occupy all said highways, streets, avenues, lanes, ways, alleys, and public places, and to supply and distribute gas through pipes laid therein.

Provided, however, That to such extent as the Northern Liberties Gas Light Company is now possessed of a right to supply gas within any portion of the City of Philadelphia, this contract shall not be construed as intended to vest in the lessee an exclusive right in such territory. The City of Philadelphia agrees that during the term of this contract it will do nothing, by ordinance or otherwise, which will in any way interfere with or limit, restrict, or impair this exclusive right hereby vested in said The Bay State Gas Company, its successors and assigns.

All openings and excavations shall be made subject to such general rules and regulations as from time to time shall be in force concerning the opening and excavation of streets and the protection of travel along the same.

It shall be lawful for the said The Bay State Gas Company to assign this contract to The City Gas Light Company of Philadelphia, and to any other corporation of Pennsylvania, and also to enter into an agreement with said company or with any other of said companies, for the performances, in whole or in part, of this contract, or for vesting in such assignee any rights under this contract, and to authorize such other company or companies to do all things necessary in and about such performance, including the occupancy and use of the highways, streets, avenues, lanes, ways, alleys, and public places, in laying, repairing, removing, relaying, extending and maintaining mains, pipes, services and appurtenances, and supplying gas. Authority is hereby given to the said The City Gas Light Company of Philadelphia, assignee as aforesaid, and to any other corporation which may thus become the assignee or covenantor of the said The Bay State Gas Company, to enter upon and to occupy the highways, streets, avenues, lanes, ways, alleys and public places of the city of Philadelphia for the purpose of laying, repairing, removing, relaying, extending and maintaining mains, pipes, services and all other appurtenances and appliances necessary for the distribution of gas to the city of Philadelphia and to the inhabitants thereof. Such assignees, including the said The City

Gas Light Company of Philadelphia, may manufacture, distribute and sell gas in all parts of the City of Philadelphia to said city and to the inhabitants thereof at all times hereafter during the existence of this lease.

No assignment of this lease, or of any of the rights or privileges herein granted, nor any contract with the said The City Gas Light Company of Philadelphia, or any other company, shall in any way diminish the primary obligation and liability of the said The Bay State Gas Company to perform all the obligations of this contract. Its duty hereunder shall in no respect be diminished or impaired by any such assignment or contract, but it shall remain liable jointly with such assignee or covenantor for the performance of all the obligations hereof to the same extent as if no assignment, sub-lease or contract had been made by it. In any case in which an assignment or assignments of this contract shall be made, written notice that an assignment has been made, giving the name of the assignee and the date of the assignment, shall be filed by The Bay State Gas Company in the office of the Mayor before the assignee shall acquire any rights under this contract.

2. An inventory and appraisement is hereto attached, marked "Exhibit B," enumerating all coal, coke, tar and lime on hand at said City Gas Works, and all gas on hand in the holders of the city on the day of 1897. It shall be the duty of the said The Bay State Gas Company to pay the amount of this appraisement to the city of Philadelphia simultaneously with the delivery of the property hereby leased. This inventory and appraisement shall be adjusted to the date of said delivery, and such deductions shall be made from, or such additions shall be made to, the amount thereof, as will oblige The Bay State Gas Company to pay for the quantity actually delivered, and for no more.

3. Simultaneously with the execution of this agreement, The Bay State Gas Company shall execute and deliver to the City of Philadelphia its bond, with surety or sureties, in the penal sum of one million dollars (\$1,000,000), conditioned for the faithful performance of the obligations

hereof. Such bond shall be in such form as shall be approved by the City Solicitor, and the surety or sureties thereon shall be approved by him.

4. If at any time after two (2) years from the date of these presents the City of Philadelphia shall request a redelivery to it of that part of the leased premises described in Schedule C, hereto attached (being part of the property known as the Ninth Ward Station), it shall be the duty of The Bay State Gas Company, its successors and assigns, to surrender and release the same to said city upon the expiration of a period of twelve (12) months after written request therefor made by the Mayor of said City, in pursuance of an ordinance to that effect.

5. The City of Philadelphia hereby assigns to the said The Bay State Gas Company, its successors and assigns, all its rights under its contract with the Philadelphia Gas Improvement Company, dated the third day of August, 1888, and it agrees that said Philadelphia Gas Improvement Company may assign the same contract to the said The Bay State Gas Company, its successors and assigns.

6. If, on or before the first day of July, 1907 (and time in this respect shall be of the essence of this contract), there shall have been served upon The Bay State Gas Company a written notice, signed by the Mayor of the City of Philadelphia, of the desire of said City to terminate this contract at the expiration of ten (10) years from the first day of January, 1898, and if on or before said first day July, 1907, an ordinance providing for such termination shall have been duly enacted by said City of Philadelphia, then it shall be the right of said City of Philadelphia to terminate this contract at the expiration of ten (10) years from the first day of January, 1898: *Provided*, That on or before December 31, 1907 (and time in this particular shall be of the essence of this contract), the payments herein provided to be made to the said The Bay State Gas Company, its successors and assigns, shall have been fully and completely made by said City. In case of a failure to pass said ordinance on or before said first day of July, 1907, or of a failure to notify the Bay State Gas Com-

pany on or before that date of the desire of the City to take possession of the leased property in pursuance of said ordinance, or of a failure of the City of Philadelphia to pay in full, on or before the thirty-first day of December, 1907, the amount of money herein provided, this option on the part of the City of Philadelphia to terminate this contract prior to December 31, 1927, shall cease, and be forever at an end.

The payment which must be so made to The Bay State Gas Company, its successors and assigns, shall be a reimbursement of all sums of money expended by said The Bay State Gas Company, its successors or assigns, subsequent to the date of this contract, in or about the buildings, apparatus, machinery, mains, pipes, services, connections, meters, tools, appliances and appurtenances of the Philadelphia Gas Works, and of the gas works now owned and operated by said Philadelphia Gas Improvement Company, should the same have been acquired by the said The Bay State Gas Company, including all sums of money paid in and about the alteration, enlargement, removal, extension, replacement, betterment, improvement, maintenance, and repair of all said manufacturing and distributive systems and plants, with interest thereon at the rate of six (6) per centum per annum, together with a sum which shall be the equivalent of the appraised value of the property now belonging to the Philadelphia Gas Improvement Company used as aforesaid, and interest thereon at the rate of six (6) per centum per annum from the date of this contract to the date of payment. Said appraised value shall be ascertained by the report of at least a majority of three (3) appraisers, one to be appointed by the City of Philadelphia, one by the said The Bay State Gas Company, and the third by the two first chosen.

In order to aid in the appraisalment last provided for, an inventory showing in detail the property now belonging to the Philadelphia Gas Improvement Company, used for the purpose of carrying out its contract with the City of Philadelphia, shall be made as soon as conveniently may be after the execution of this agreement, in case the same has been acquired by the aforesaid The Bay State Gas Company. This shall be certified to as being correct by

either the President or the Treasurer of the Bay State Gas Company, and the appraisalment shall be made as soon as conveniently may be thereafter.

On the first day of February, 1898, The Bay State Gas Company, its successors or assigns, shall file with the Comptroller of the City of Philadelphia a statement showing in detail expenditures during the year 1897 for alterations, enlargements, removals, betterments, improvements and replacements made by it in and about the gas works, and for the mains, meters, services and appurtenances. On the first day of February of each year following, during said period of ten (10) years, the said The Bay State Gas Company, its successors and assigns, shall file with the Comptroller of the City of Philadelphia a similar statement of expenditures in and about the same matters made during the calendar year immediately preceding, and on the thirty-first day of December, 1907, shall file such a statement for the year ending on that date. Interest upon the amounts so shown shall be calculated and paid at the rate of six (6) per centum per annum from the first day of the year succeeding that in which the expenditures were made to the date of payment by the City of Philadelphia.

As the exercise of this option by the City of Philadelphia will operate greatly to the disadvantage of The Bay State Gas Company by depriving it of the possession of the works during a term of sufficient length to compensate it, its successors and assigns, it is agreed that said option shall only be exercised in the way and manner and upon the terms herein provided. This option has been conceded very reluctantly by the said The Bay State Gas Company. If it shall so happen that the said City cannot exercise, or shall not exercise this option, upon the terms herein provided, this contract shall be treated as though said option had never been given.

7. Upon the termination of this agreement by the expiration of the term specified in Section 1 of this contract, viz., on December 31, 1927, the said The Bay State Gas Company, its successors or assigns, shall deliver to the said City the property herein leased, together with all property now belonging to the said Philadelphia Gas Improve-

ment Company used under said contract between it and the City of Philadelphia, as above provided, should the same have been acquired by The Bay State Gas Company, as aforesaid, and also all extensions, enlargements, improvements and betterments of said property, free and clear of all debts and obligations of every sort, kind and description, and together with the right to use all processes of every kind useful in the manufacture of gas then established, and in use at said works, in the same good order and condition in which the same now is, ordinary wear and tear alone excepted, to such extent as said property shall not have been altered, removed or changed under this contract. All changes, alterations, constructions, removals, replacements, and repairs which shall be necessary to be made from time to time in the proper maintenance, extension, improvement and betterment of said gas works shall be made and done by the said The Bay State Gas Company, its successors and assigns. The City of Philadelphia shall be entitled to receive the same without any charge or cost. It is the intent of this agreement that the City of Philadelphia at the end of the term, viz., on December 31, 1927, shall, without charge, receive the works in the condition of alteration, improvement and change in which the same shall then exist.

Upon the termination of this contract, either on December 31, 1907, or on December 31, 1927, the City of Philadelphia shall have the option to purchase all the coal, oil, coke, tar, lime and other gas-making supplies and residual products then on hand at said works at the then market price, or to have the said The Bay State Gas Company, its successors and assigns, remove the same at its own cost and expense as soon as conveniently can be done. All the gas in the holders of said works at the termination of this contract, either on December 31, 1907, or on December 31, 1927, shall be accounted for at holder cost by the City to The Bay State Gas Company when paid for by consumers.

8. The Bay State Gas Company agrees for itself, its successors and assigns, within three (3) years from the date of the delivery to it of the said gas works, to expend in the alteration, replacement, improvement, maintenance, repair, extension and betterment of the manufacturing and dis-

tributing systems, and mains, services, meters, connections and appurtenances of said gas works referred to in this contract, at least five million (5,000,000) dollars; and thereafter, in each year during the continuance of this contract, to expend such sums of money as may be needed from time to time to maintain the same in a state of the highest efficiency, and to extend the same so as to supply gas wherever it may be reasonably demanded and profitably furnished, until such expenditures shall reach a maximum of fifteen million (15,000,000) dollars, including said five million (5,000,000) dollars first stipulated for. Whilst The Bay State Gas Company does not bind itself, its successors or assigns, to expend the said amount of fifteen million dollars (\$15,000,000), it agrees that to that extent, if necessary, it, its successors and assigns, will make expenditures in the way designated.

The intention of this agreement is that all changes, extensions, improvements, removals, replacements and alterations in said gas works, in the mains, pipes and appurtenances thereto, and in the property needed to meet the reasonable demands for gas throughout the city, from time to time, shall be made in such way and manner as shall maintain said gas works in first-class condition, with the best and most economical processes in use that are customary in the best-regulated gas works. It is the further intent of this agreement that, without cost to the City of Philadelphia, all such extensions, improvements, alterations, replacements and betterments in the manufacturing or distributing system of said gas works shall, upon the termination of this lease by the expiration of its full term, viz., on December 31, 1927, pass to and vest in the City of Philadelphia upon the terms and conditions herein provided.

9. It shall be the duty of the said The Bay State Gas Company, its successors or assigns, as soon after the delivery to them of said gas works hereunder as is possible, with due diligence and dispatch to supply gas of good quality of not less than twenty-two (22) candle power, tested at a distance of one (1) mile from the point of manufacture, and to maintain said supply during the continuance of this lease unless prevented by accidents beyond their control.

10. It shall be the duty of the said The Bay State Gas Company, its successors and assigns, from time to time, as the same shall be demanded by the City of Philadelphia, to supply to it in each year, without charge, delivered in its various public buildings and street lamps along the line of its mains, not less than seven hundred million (700,000,000) cubic feet of gas, which quantity is greater than the largest quantity of consumption of gas by the city for said purposes for any one year heretofore. It shall be the duty of the said The Bay State Gas Company, its successors and assigns, at all times during the continuance of this lease, to furnish along the lines of its mains, from time to time, to the city, such additional quantity of gas for its public purposes as the city shall demand, and for the gas thus delivered the city shall not be charged at a greater rate than that which shall at the time be charged to private consumers.

The quantity consumed by the City shall be ascertained, where the same is delivered in public buildings, by meter; and where the same is supplied to street lamps it shall be estimated at the rate of twenty thousand (20,000) cubic feet per annum for each lamp with a burner consuming not over five (5) feet of gas per hour.

It shall be the duty of the city, at its own expense, to furnish all lamp posts, lamps and lanterns in use during the term of this lease, but it shall be the duty of said The Bay State Gas Company to light, clean, extinguish and repair such lamps and lanterns at its own expense. All service connections shall be made by the said The Bay State Gas Company, its successors and assigns, and the same shall be under their control.

11. The price which shall be charged to all consumers, other than the City of Philadelphia, by the said The Bay State Gas Company, its successors and assigns, shall, until otherwise provided by ordinances of Councils, be one dollar (\$1.00) per thousand cubic feet. It shall be competent for Councils to reduce these charges from time to time by ordinances; but said ordinances shall not at any time reduce the price below the following:

Until and including the thirty-first day of December, 1907, ninety (90) cents per thousand cubic feet:

From January 1, 1908, until and including December 31, 1912, eighty-five (85) cents per thousand cubic feet;

From January 1, 1913, until and including December 31, 1917, eighty (80) cents per thousand cubic feet;

From January 1, 1918, until and including December 31, 1927, seventy-five (75) cents per thousand cubic feet.

The said The Bay State Gas Company, its successors and assigns, shall be entitled to enforce the same penalties for non-payment of bills at the offices of the company within five (5) days after presentation as are now in force in the City of Philadelphia, and to the same remedies against consumers for breaches of their contracts for the supply of gas.

12. The Bay State Gas Company, its successors or assigns, shall pay to the City of Philadelphia, in each year during the continuance of this agreement, as follows, viz.:—

Upon all gas sold prior to January 1, 1908, all sums received by them in excess of eighty (80) cents per thousand cubic feet;

Upon all gas sold after December 31, 1907, and prior to January 1, 1913, all sums so received in excess of seventy-five (75) cents per thousand cubic feet;

Upon all gas sold after December 31, 1912, and prior to January 1, 1918, all sums so received in excess of seventy (70) cents per thousand cubic feet.

Upon all gas sold after December 31, 1917, and prior to January 1, 1928, all sums so received in excess of sixty-five (65) cents per thousand cubic feet.

Statements shall be rendered and payments made under this section by the lessee to the City as follows: Within twenty-five (25) days after the expiration of each quarter of each year for which any payment is to be made, beginning with the quarter preceding the first day of 189 , said The Bay State Gas Company shall file with the Comptroller of the City of Philadelphia a statement, sworn to by its President or Vice-President, or by its Secretary or Treasurer, which shall state the quantity of gas measured in cubic feet sold hereunder within the quarter ending

with the last day of the preceding month, the amount of money collected for such sales, and the amount of money due and payable to the City of Philadelphia under the provisions of this section out of such receipts; and shall make payment to the City Treasurer of such amount so ascertained to be due to the City of Philadelphia hereunder within five (5) days after the expiration of said period of twenty-five (25) days. The City of Philadelphia shall have the right, at all reasonable hours during the continuance of this contract, by its proper officers, to examine those books of the lessee which show the amount of gas so sold and paid for, so as to verify the correctness of said statements.

13. The City of Philadelphia shall have the right at all times, by its proper officers, during the continuance of this lease to enter upon and examine the premises leased, to inspect the same, and to test the candle power of the gas. Full facilities for these purposes shall be afforded by the lessee.

14. No indebtedness of the City of Philadelphia for or by reason or on account of the property hereinabove described, or the operations carried on therein, or with the same, prior to the delivery of the leased property, shall be chargeable against the said The Bay State Gas Company, its successors or assigns. The same shall be chargeable to and payable by the City of Philadelphia.

15. The said The Bay State Gas Company, its successors and assigns, shall at all times during the continuance of this lease indemnify and save harmless the City of Philadelphia from all loss, injury, or damage which may be suffered by said City to or for any person, natural or artificial, by reason of any negligence of said company, its successors and assigns, and the servants, agents, or employees thereof, in the use and occupation of the property demised.

16. No disputes between the City and the lessee over any of the terms or provisions of this contract shall release the lessee from its obligations hereunder to manufacture and supply gas to the city and its inhabitants in accordance

with the terms and provisions hereof during the existence of this lease.

In witness whereof, The corporate seal of the City of Philadelphia, party of the first part, hath been hereto affixed, duly attested by the Mayor of the said city, and the corporate seal of the said The Bay State Gas Company, party of the second part, hath been hereto affixed, duly attested by the proper officers thereof, the day and year first above written.

SEC. 2. The Bay State Gas Company shall pay into the City Treasury the sum of fifty dollars (\$50.00) for the printing of this ordinance.

LAW DEPARTMENT.

Philadelphia, September 15, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—I enclose you herewith the report of the Road Jury in the matter of the opening and change of grade of Oakford street, from Twenty-third to Twenty-fourth street, filed September 13, 1897. This street, between the points named, has been physically opened for about four months.

Also, the report of the jury in the matter of the opening and change of grade of Oakford street, from Twenty-eighth to Thirtieth street, filed September 13, 1897. Oakford street, between the points above indicated, has been physically opened for eleven months.

Yours respectfully,

JOHN L. KINSEY,
City Solicitor.

REPORT OF JURY.

(Filed September 13, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, by reason of the opening and change of grade of Oakford street, from Twenty-third street to Twenty-fourth street, in the Thirty-sixth Ward, of the City of Philadelphia, respectfully report :

That this street was opened by ordinance approved July 23, 1896. That after due notice the jurors met on May 17, 1897, and were duly sworn and qualified to serve as jurors in the above case. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The premises were viewed on May 18, 1897, and Charles F. Thatcher was elected foreman. The jury thereupon proceeded to take testimony and held meetings to hear the same, and also further meetings for consultation, as follows: May 19, June 7, 18, 22, 29; July 2, 3, 6, 7, 8, 9, 10, and 12, which, together with one to sign this report, makes a total of sixteen (16) meetings in all.

At these meetings the official plan was produced for the use of the jury; the affidavit of service of notice on the registered property owners was also produced and the petition filed in the case was read to the jury.

There appeared at these meetings, W. Gordon McCouch, Esq., for Edward H. Cloud, the petitioner, and Chester N. Farr, Jr., Esq., Assistant City Solicitor, for the City of Philadelphia.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said street is to be opened, and taking into consideration not only the damages and benefits arising from the opening of the said street, but also the grade at which it has been opened and the best uses to which the property affected along the line of the improvement could be put, the jury make the following award of damages arising from the said opening and change of grade.

Edward H. Cloud \$1,070

The jury do not consider that the opening and change of grade of the street in question has affected any of the other abutting property owners, and they further find that no properties are benefited by the said opening.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed September 13, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, by reason

of the opening and change of grade of Oakford street, from Twenty-eighth to Thirtieth street, in the Thirty-sixth Ward respectfully report:

That after due notice the jurors met on August 17, 1896, and were duly sworn and qualified in the above case. Each juror was found to be disinterested, competent and in all respects duly qualified to serve. The premises were viewed on August 18, 1896, and Mr. Wm. A. Sooy was elected foreman. The jury thereupon proceeded to take testimony, and held meetings to hear same, on the following days: September 23, 30; October 7, 14, 21; November 4, 11, 18, 25; December 2, 9, 16, 23, 30, 1896; January 6, 13, 20, 27; February 17, 24; March 3, 10, 17, 24, 31; April 7, 14, 21, 28; May 5, 12, 19, 24, 26; June 2, 9, 11, 14, 15, 16, 17, 18, 21, 22, 23, 25, 28, 30; July 1, 1897, together with one meeting to sign this report.

At these meetings the official plan was produced for the use of the jury. The affidavits of service of notice on the registered property owners was also produced and the petition filed in the case was read before the jury.

Testimony was offered by Richard C. Dale and Hazzard Dickson, Esqrs., for Emil Guenther, the petitioner, and Ann Donaldson; by J. Howard Morrison, Esq., for The Gray's Ferry Foundry & Boiler Company, limited. William Kelly claimed no damages, but was represented and appeared thorough John M. Ridings, Esq., to defend against the assessment of benefits. Lafayette Fritsch also appeared through his counsel, E. S. Dixon, Esq., for the same purpose. The City of Philadelphia was represented by Chester N. Farr, Jr., Esq., Assistant City Solicitor.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said street is to be opened, and taking into consideration not only the damages and benefits arising from the opening of the said street, but also the grade at which it is opened, the jury make the following awards of damages arising from said opening and change of grade to the property owners abutting on said street as opened upon the City plan.

In the case of Emil Guenther the jury find the following facts: That a siding extended through Mr. Guenther's property, running from the right-of-way of the Philadelphia, Wilmington & Baltimore Railroad Company to the extreme southern end of his lot and crossing the bed of Oakford street. That this siding was laid across the property and across the bed of Oakford street, after this street from Twenty-eighth to Thirtieth street, had been confirmed upon the City plan, and that Mr. Guenther used his property as a lumber yard.

In estimating the market value of Mr. Guenther's premises before the opening of the street, the jury have considered the availability of the premises for business purposes, by reason of the existence of that portion of the railroad siding south of the north line of Oakford street, and extending to the southern line of the premises; which portion of the siding the jury have considered as irreparably lost to the owner by the opening of the street, and have considered said loss in making their award.

The jury accordingly award to Emil Guenther the sum of \$11,274.

The jury make the following additional awards:

To Ann Donaldson	\$569 00
To Gray's Ferry Foundry & Boiler Co., Limited	2,990 00

The jury do not consider that the opening of the street has damaged any of the other abutting property owners, and they further find that no properties are benefited by the said opening.

All of which is respectfully submitted.

W. A. SOOY,
CHRISTOPHER C. BASTIAN,
JOHN S. KIRK,
EDW. L. FISS,

REPORT OF JURY.

(Filed September 11, 1897.)

To the Honorable the Judges of said Court:

The jurors appointed by your Honorable Court to assess the damages and benefits, if any, caused by reason of the

opening of Front street, from Tioga to Venango street, in the Thitry-third Ward, of the City of Philadelphia, respectfully report :

That after due notice being served on the registered property owners, the jury met for the purposes of their appointment in Room 381, City Hall, on April 21, 1897. At this meeting the following jurors were present: Carl G. Meininger, Lewis C. Fisher, A. C. Patterson, James M. Cox, P. M. Stackhouse, and J. F. Hartmann, Esq. The following counsel were also presnt: M. J. O'Callaghan, Esq., and F. E. Schermerhorn, Esq., representing Hettie Thompson, Elizabeth T. Schneider, Mary T. Thompson, Samuel Thompson, and John T. Thompson; Silas Jones, Esq., representing Thomas Insull; Eugene Raymond, Esq., representing William Earle; Thomas B. Taylor, Esq., representing William J. Garvin and Elizabeth S. Taylor, and Ernest Lowengrund, Esq., Assistant City Solicitor, appeared for the City of Philadelphia.

That each juror was first sworn on his *voir dire*, and examined touching his capacity to serve as a juror in the matter of the opening of Front stret, from Tioga to Venango street, and was found competent, and in all respects fully qualified to serve. Each juror was then sworn or affirmed by one of their own number to perform his duty as a juror faithfully, impartially and according to the best of his judgment.

That at this meeting the plan was produced for the use of the jury, the petition for the appointment of the jury was presented and read, and the proof of service of notice on the registered property owners was also presented and read, and is now on file in the said Court of Quarter Sessions. The jury organized by electing A. C. Patterson, foreman, and J. F. Hartmann, Esq., secretary. The jury then adjourned to meet on April 26, 1897, for the purpose of viewing the premises affected by the said opening. On April 26, 1897, the jurors met and viewed the premises so affected.

That subsequent meetings were held for the purpose of taking testimony, hearing arguments of counsel, and for consultation on April 28, May 5, 12, 19, 26; June 2, 9,

16, 23, 30; July 6, 9, 12, 13, 15, 20, 22, 27, 28, 29; August 2, 3, 4, 5, 6, 9, and one for signing this report, making in all 29 meetings.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said opening has taken place, and after consideration as well of the damages and benefits to the said properties affected by the said opening, and made upon their best judgment, the jury do find and award the following damages :

To Hettie Thompson	\$1,166 66
To Elizabeth T. Schneider.....	666 66
To Mary T. Thompson	666 66
To Samuel Thompson	666 66
To John T. Thompson	1,000 00
To Thomas Insull	1,200 00
To William Earle	250 00
To John Jacobs	125 00
To William Lawnton.....	125 00
To Alfred Broadbent.....	125 00
To William Jones	125 00
To William J. Garvin.....	375 00
To Elizabeth S. Taylor.....	208 30
<hr/>	
Total	\$6,699 94

The jury do further find that no properties are benefited by reason of the said opening, and that all the damages should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed September 11, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, for the widening of Chestnut street at Nos. 511 and 513 Chestnut street, respectfully report :

That after due notice the jurors met on the twenty-third day of June, 1897, at 2 o'clock P. M., in Room 577, City Hall, Philadelphia, for organization. The following jurors were present : J. E. Soule, William Harris, S. J. H. Salter, George Kelley, and J. M. Ritter. Edmund G. Hamersly, Esq., appeared for the Pennsylvania Company for Insurances on Lives & Granting Annuities, Trustee for Charles Henry Ridgway, under will of John Jacob Ridgway, deceased, and David Lavis, Esq., Assistant City Solicitor, appeared for the City of Philadelphia.

At this meeting the said above mentioned jurors were severally sworn or affirmed by one of their number on their *voir dire*, and examined touching their qualifications to serve as road jurors in this proceeding, and each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then sworn or affirmed to perform their duties in the said matter of the widening of Chestnut street, at Nos. 511 and 513 Chestnut street, impartially and according to their best judgment. The jury at this meeting also organized by electing J. E. Soule, foreman, and William Harris, secretary. J. A. Flanagan, one of the six jurors originally appointed in this proceeding, signifying his determination not to act as such juror, the Court, on motion, appointed John M. Scherr a juror in his place and stead. At this meeting a copy of the petition was read to the jury, and the official plan was

produced for their use. The affidavit of service of notice on the registered owners of property affected by this proceeding was also produced, and is now on record in the Court of Quarter Sessions of said County.

The jury met on the 30th day of June, 1897, at 2 o'clock P. M., and made a view of the premises. Meetings for the purpose of taking testimony and hearing arguments of counsel, were held on the following days, to wit: July 2, 6, 8, 13, 16, and a meeting to review the premises was held on July 3, 1897. Meetings for consultation were held on July 20, 21, 22, 24, and 26, 1897.

At the meeting held on July 2, 1897, J. M. Scherr, who was appointed a juror in the place of J. A. Flanagan, a juror who resigned, was examined touching his qualifications to serve as road juror, and being found disinterested, competent, and in all respects duly qualified to serve, was sworn to perform his duties as a juror in the matter of this proceeding.

And now, after a full and impartial consideration of the testimony submitted to them, and after a careful view and review of the lines at which said street is to be widened, and considering as well the advantages and disadvantages to each and every property on the line of the said improvement, the jury do find that the said above mentioned premises are damaged, and award the sum of \$1,041.67 to the said Pennsylvania Company for Insurance on Lives & Granting Annuities, Trustee for Charles Henry Ridgway, under the will of John Jacob Ridgway, deceased, and determine and find that the whole of said amount so awarded as damages should be paid by the City of Philadelphia.

The jury considered the question of benefits, and determined that no benefits should be assessed by reason of this proceeding.

All of which is respectfully submitted.

REPORT OF JURY.

Filed September 1, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, for the opening of Greene street, from West Logan street to Seymour street, in the Twenty-second Ward, of the City of Philadelphia, respectfully report:

That after due notice the jurors met on May 26, 1897, at 3 o'clock P. M., in Room 577, City Hall, Philadelphia, for organization. The following jurors were present: Emmerson Bennett, Jefferson H. Nones, Joseph M. Ritter, George W. Gardiner, and G. W. Michener. Bernard Gilpin, Esq., appeared for Annie E. Richards and Edwin S. Richards; Joseph W. Hunsicker, Esq., appeared for Esther M. Smucker and Mary J. M. Wagner; Thomas A. Gummey, Esq., for Francis M. Lance, and David Lavis, Esq., Assistant City Solicitor, for the City of Philadelphia.

At this meeting, to wit, on May 26, 1897, the jury organized by electing Emmerson Bennett, foreman, and Jefferson H. Nones, secretary. After which the jurors were sworn or affirmed by one of their number on their *voir dire* and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then sworn or affirmed to perform their duties in the matter of the opening of Greene street, from West Logan street to Seymour street, impartially and according to their best judgment. At this meeting a copy of the petition was read to the jury, and the official plan was produced for the use of the said jury. The affidavit of service of notice on the registered owners of property through which said Greene street is to be opened was also produced, and is now on record in the Court of Quarter Sessions for said county.

Richard M. Hartley, one of the jurors appointed in this proceeding, never appeared nor performed his duties as juror in this proceeding.

This jury expired by the three months' rule of limitation, and a new petition was filed for the purpose of having them reappointed for the purposes herein mentioned, said jury was reappointed, and with the exception of Richard M. Hartley, who again failed to appear before the jury and serve as juror, were re-examined touching their qualifications to serve as jurors in this proceeding, and being found disinterested, competent, and in all respects duly qualified to serve, were sworn or affirmed to perform their duties in this proceeding to the best of their judgment.

The jury met for the purpose of hearing evidence, arguments of counsel, and for consultation on the following days: May 28, June 1, 8, 15, 22, 28; July 1, 6, 7, 8, 12, 13, 14, 15, 16, 19, and 26, 1897.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which the said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said Greene street, from West Logan street to Seymour street, the jury do find and award the following damages :

To Annie E. Richards, the sum of...	\$500 00
To Esther M. Smucker and Mary J. M.	
Wagner	500 00
Estate of Francis M. Lance.....	825 00

The jury considered fully the claim of Edwin S. Richards, which was presented to them, and upon which they heard evidence, and determined that no damages whatever should be awarded to him.

The jury determined that all the damages which have hereinbefore been awarded to the respective parties named should be wholly paid by the City of Philadelphia.

The jury also considered the question of benefits, and determined that no benefits should be assessed by reason of this proceeding.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed September 7, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages and benefits, if any, caused by the opening of Glenwood avenue, from Twenty-second street to Dauphin street, in the Twenty-eighth Ward, of the City of Philadelphia, by virtue of the ordinance of Councils dated February 28, 1896, respectfully report:

That after due notice the jurors met on May 27, 1897, at 3 o'clock P. M., for organization. All of the jurors were present at this meeting, with the exception of Richard Hartley. At this meeting A. C. Patterson, was elected foreman, after which the petition was read to the jury, and the official plan produced for the use of the said jury. The affidavit of service of notice on the registered property owners and tenants along the line of the said street was also produced, and is now on record.

That at this meeting, to wit, May 27, 1897, the jury were severally sworn or affirmed by one of their number upon their *voir dire*, and examined touching their capacity to serve as road jurors in this proceeding. Each juror was found to be disinterested, competent, and in all respects duly qualified to serve. The jurors were then severally sworn or affirmed by one of their number to perform their duties as road jurors in the matter of the opening of Glenwood avenue, from Twenty-second street to Dauphin street, impartially and according to their best judgment.

That at this meeting, to wit, May 27, 1897, the following counsel were present, representing property owners and tenants along the line of the said street: Messrs. Walton and Andre, for James and Charles A. Maguire, the petitioners in this case, and for Harry B. Weymer; Walter E. Brand, Esq., for Penn Square B. & L. Association; Charles G. Harris, Esq., for James C. Smith; Andrew Zane, Esq., for George W. Ledlie, and Henry N. Wessel, Esq., for Emma J. Speise. These were all the claimants for damages. No one appeared for George C. Graeber, Catharine B. Town and D. Harry Gordon. George E. Fili, Esq., Assistant City Solicitor, appeared on behalf of the City of Philadelphia.

The jury then adjourned to meet on May 28, 1897, for the purpose of making a view of the premises. All of the jurors were present at said view, but Richard Hartley.

The jury again met on the following days for the purpose of hearing testimony, argument of counsel, and for consultation, on June 2, 10, 14, 17, 21, 24, 28; July 1, 6, 7, 8, 9, 10, 12, 13, 14, 15, 16, 17, 19, 20; August 9, 10, and 13, 1897.

And now, therefore, after a full and impartial consideration of all the testimony submitted to them, and after a careful view and review of the lines and grades at which said street is to be opened, and considering as well the advantages and disadvantages to each and every property on the line of the said street by the opening thereof, and acting on their best judgment, the jury do find that the following named property owner is damaged to the amount set opposite his name:

To James and Charles A. Maguire. . \$3,100 00

The jury are further of the opinion that no property in the vicinity is specially benefited by the opening of the said street, and that therefore the whole amount of the award should be paid by the City of Philadelphia.

All of which is respectfully submitted.

REPORT OF JURY.

(Filed September 10, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by your Honorable Court to assess the damages caused by the opening of the above street between the points named, respectfully report:

That due notice, according to the rules of Court, having been given to the owners of property affected and the tenants and jurors, in accordance therewith the jurors met at No. 1432 South Penn Square, Philadelphia, on February 18, 1896, and were then organized and severally sworn or affirmed according to law upon their *voir dire*, and being found competent to serve, and there being no objection,

were severally sworn or affirmed to perform their duties as jurors impartially and to the best of their knowledge, and according to their best judgment, in accordance with the provisions of the Fifty-third Section of the Act of June 13, 1836. The jury then organized by selecting John P. Watson as foreman.

That the jurors held meetings as follows: 1894, June 22; November 27; 1895, February 18, 25; March 2, 3, 10, 17, 24, 31; April 7, 14, 21, 28; May 5, 12, 19, 26; June 2, 9, 16, 23, 30; October 6, 13, 20, 27; November 10, 17, 24; December 1, 8, 15, 22, 29; 1896, January 5, 12, 19, 26; February 2, 9, 16, 23; March 2, 9, 16, 23, 30; April 6, 13, 20, 27; May 4, 11, 18, 25; June 1, 8, 15, 22, 24, 25, 28, 29, 30; July 1, 2, 6, 7, 8, 9, 12, 13, 14, 15, 16, 17, 19, 20, 21, 22 and 23, making in all 82 meetings.

That Watson P. Magill, one of the jurors, departed this life on the 26th day of July, A. D. 1895, and John Galloway was appointed in his place on February 5, 1896.

That before and after taking testimony, they viewed the said premises.

That they were attended at the various meetings by John H. Chestnut, Esq., John G. Johnson, Esq., and E. G. Hamersly, Esq., for Horace E. Richards; J. Howard Gendell, Esq., for Margaret E. Hubbard; David W. Sellers, Esq., for the Philadelphia, Germantown and Norristown Railroad Company; Thomas Earle White, Esq., for James Dobson; Frank L. Lyle, Esq., for Henry R. Shock, owners, and by Norris S. Barratt, Esq., Assistant City Solicitor, for the City of Philadelphia.

That at the meetings held on the days mentioned, the jury heard the testimony of expert witnesses called by the property owners, and by the City, as to the value of the property on Abbottsford avenue, from Wissahickon avenue to Scott's lane, and as to the effect upon such property by the opening of Abbottsford avenue to the full width laid down upon the City plan.

The City of Philadelphia offered in evidence the following ordinance:

AN ORDINANCE

To revise the lines and grades of Abbottsford avenue, between Fox street and Wissahickon avenue, in the Twentieth Ward, and to repeal ordinance opening the same.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Works be, and is hereby authorized to revise the lines and grades of Abbottsford avenue, between Fox street and Wissahickon avenue, in the Twenty-eighth Ward, so as to include within the lines of Abbottsford avenue, the bed of what is known as Williams lane, between the Philadelphia, Germantown and Chestnut Hill Railroad and Wissahickon avenue: *Provided*, That William H. Jenks and the legal representatives of James A. Wright, deceased, dedicate that portion of Abbottsford avenue, the full width of eighty (80) feet, which passes through their lands, and that Henry R. Shoch agrees to dedicate a strip of ground of the width of fifty (50) feet within the lines of the portion of said Abbottsford avenue, which passes through his property.

SECT. 2. That so much of the ordinance approved March 30, 1893, as authorizes the opening of Abbottsford avenue, between Wissahickon avenue and Fox street, be, and the same is hereby repealed.

Approved the thirtieth day of March, A. D. 1895.

EDWIN S. STUART,

Mayor of Philadelphia.

And as the City notified the jury that it withdrew its condemnation of so much of Abbottsford avenue as was between Wissahickon avenue and Fox street, in accordance with Section 2 of above ordinance, in making up their awards the jury did not consider Abbottsford avenue, between Wissahickon avenue and Fox street, the ordinance opening it between those streets having been repealed.

And now, after a full and impartial consideration of the testimony submitted to them, and a careful view and review of the lines and grades at which the said street is to

be opened, and taking into consideration not only the damages and benefits by reason of the opening of said street, but also the grade at which it is opened, and considering all the advantages and disadvantages to each property by reason of the opening of Abbottsford avenue, and acting in the premises impartially and according to their best judgment, the undersigned have agreed upon the following as an assessment of damages to the property affected by the opening of Abbottsford avenue, between Fox street and Seott's lane:

To Horace E. Richards.....	\$5,819 00
To Margaret E. Hubbard.....	3,162 00
To James Dobson	8,143 00
To Elizabeth E. Abbott.....	10,350 00
To Henry R. Schoch.....	2,160 00

Total..... \$29,634 00

The jury considering fully the question of benefits to adjacent properties on the line of the opening, and finding no benefits, other than a general benefit to the entire community, they are therefore of the opinion that the total damages should be paid by the City of Philadelphia.

All of which is respectfully submitted.

LAW DEPARTMENT.

Philadelphia, September 9, 1897.

GEORGE W. KOCHERSPERGER, Esq.,
Chief Clerk of Common Council.

DEAR SIR:—I enclose you herewith copy of the report of jury in the matter of the widening of "G" street, from

Venango street to Erie avenue, said report being filed this day.

“G” street has been physically widened from the Connecting Railroad to Old Erie avenue, to its full width, but has not been widened from Venango street to the Connecting Railroad. The bridge has not been widened, and is about two feet below the established grade.

Yours very truly,

JOHN L. KINSEY,
City Solicitor.

—

IN THE COURT OF QUARTER SESSIONS FOR
THE COUNTY OF PHILADELPHIA.

In the matter of the widening of “G” street, from Venango street to Erie avenue.

(Copy.)

REPORT OF JURY.

(Filed September 9, 1897.)

To the Honorable the Judges of said Court:

The undersigned jurors, appointed by this Court to assess the damages for the widening of “G” street, from Venango street to Erie avenue, respectfully report:

That they assembled on the part of “G” street in question after due notice to property owners, on the 15th day of February, 1896. They proceeded to view, and did view the entire length of the street in question.

The jury held subsequent meetings on February 18, 23, March 1, 8, 15, 22; April 5, 9, 12, 19, 23; May 3, 7,

10, 17, 21, 28, 31; June 4, 11, 18, 21, 28; July 2, 12, 13, 14, 15, 16, 17, 19, 20, 21, 22, 23, 24, 26, 27, 28, 29, 30.

At some or all of these meetings the jury were attended by William H. Addicks, Esq., for Dillwyn Wister, John M. Kennedy, Jr., and Barbara Rice; Thomas Wagner, Jr., Esq., and Alexander Simpson, Esq., for Alphonse Dollfus, John M. Campbell, Anna M. Crow, Jane Seel and William Penny, and E. Spencer Miller, Esq., Assistant City Solicitor, for the City of Philadelphia.

At their earliest meeting the jury were sworn on their *voir dire*, and found competent to serve. They were thereafter severally sworn to do their duty as jurors in the matter of the widening of "G" street, from Venango street to Erie avenue, impartially and according to their best judgment.

At their said earliest meeting they were supplied with a plan of the locality, which was at their service throughout the proceeding.

After hearing much evidence and the arguments of counsel, the jury considered the entire case as presented to them by their view and the hearings, and reached the conclusion that the following property owners are damaged in their properties in the following amounts by the widening of the street in question:

To Dillwyn Wister	\$2,237 50
To John M. Kennedy, Jr.....	1,000 00
To Alphonse Dollfus	2,550 00
To John M. Campbell.....	212 00
To Barbara Rice	225 00
To Anna M. Crow	106 25
To Jane Seel	225 00
To William Penny	106 25

The widening of "G" street involved as a part of the work the raising of its level a height of 11 feet at the east end of the slope to the upper level of the bridge, and 3 feet at the top of the bridge.

After fixing the damages as above stated, the jury con-

sidered the question of benefits, and reached the conclusion that no benefits should be charged. They recommend that all the damages should be paid by the City of Philadelphia.

All the foregoing is respectfully submitted.

APPENDIX No. 224.

Philadelphia, September 16, 1897.

To the Select and Common Councils
of the City of Philadelphia.

GENTLEMEN:—There has been introduced before your Honorable Body and by you referred to appropriate Committees certain propositions for leasing the Philadelphia Gas Works.

It has been stated by prominent members of the Councils and by eminent officials of the City, as well as by the public prints, that such a condition of affairs exists as to make it to the best interests of the City to have a very careful consideration of every possible phase of the Gas Works problem; that after an examination into the subject from every standpoint the City should definitely decide upon the best one of three courses, viz.:—1st, To lease the works upon the best terms possible; 2d, To purchase all the gas required by the City from the party or parties who will furnish it to the City in the holders at the lowest price, or 3d, To

have the City equip its plants and manufacture all its own gas. The two remaining alternatives, to wit, a sale of the works outright, or a continuation of the present mixed system of manufacture and purchase, both seeming to be out of the question, the first because of the sentiment against it, and the second because of the divided responsibility and resultant loss to the City in gas and other leakage.

Of the three alternatives for consideration above mentioned the first, to wit, a lease of the works, is already before your Committees, and the last, viz., the manufacture by the City of all its gas, does not require outside co-operation.

In order, however, that the City may have before it also for consideration the second course mentioned, viz., the purchase from outside parties of gas delivered in the holders, I beg leave to submit herewith (accompanied by a request that it be referred to the Committees now having the lease question under consideration) a draft of an ordinance for the purchase of gas from the lowest responsible bidder.

Should the City decide upon adopting this course my clients will be pleased to submit a competitive bid under the conditions mentioned in the ordinance, which will afford the City a large saving over present prices.

Respectfully,

JNO. J. WHITE,

Attorney,

for John W. Baker, *et. al.*

AN ORDINANCE

To authorize the purchase of gas to be supplied to the City in the holders at the various gas works and providing for the execution of a contract therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Director of the

Department of Public Works is hereby authorized and directed to advertise for and receive and open publicly at an hour upon a day specified in such advertisement, sealed proposals for the furnishing to the City, under the provisions hereinafter specified, of all of the gas of not less than twenty-two candle power, in quantities required at the various holders from time to time during a period of not less than five years, said proposals to be accompanied by a certified check for twenty-five thousand (25,000) dollars to be forfeited to the City in case of an award of the contract to the party making the proposal and his failure to comply with the same.

SECT. 2. Upon the receipt of said proposals after thirty days' advertising therefor the contract for the purchase from the successful bidder of all of the gas required by the City of Philadelphia at its various holders, during the term specified, shall be awarded to the lowest bidder, and the Mayor of the City of Philadelphia is hereby authorized and directed to enter into a contract, to be prepared by the City Solicitor, with such bidder for the same.

SECT. 3. The contract so entered into shall provide for the purchase by the City and the furnishing by such bidder to the City of all the gas which the City shall require for its own use and to supply to consumers of gas within the City, during the specified period commencing at the expiration of six months from the signing of said contract, the contractor in the meantime to have the privilege of erecting, and during the continuation of the contract of operating and maintaining upon the property of the City now occupied by the gas works, and elsewhere as he shall desire, his works, machinery, etc., for the manufacture and supply of said gas, all of which works, machinery, etc., so erected by said contractor shall, upon the termination of the contract and all extensions thereof, become the property of the City upon the City paying therefor the then value thereof, to be ascertained by a majority of three arbitrators, one chosen by the City, one by said contractor, and the two thus chosen choosing a third.

SECT. 4. The contractor in such contract shall have the privilege of having the City purchase for him the works

and property of the Philadelphia Gas Improvement Company at the Twenty-fifth Ward Works and then purchasing the same from the City at cost price to the City, if he shall so desire, said works so purchased to become a part of his works to be purchased by the City under arbitration as above provided.

SECT. 5. The contractor or successful bidder may form or incorporate and assign the contract above provided for to such company or companies for the carrying out of the requirements of the contract as he shall desire, but before the execution of the said contract security for the performance thereof satisfactory to the Mayor of the City shall be given to the City.

APPENDIX No. 225.

RESOLUTION

To request the City Solicitor to enter judgment against bond now on file against the Standard Telephone Company.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Solicitor is hereby requested to enter judgment on bond on file against the Philadelphia Standard Telephone Company, for fifty thousand (50,000) dollars, said company not complying with ordinance of Councils, approved March 31, 1896.

APPENDIX No. 226.

RESOLUTION

To discharge the Joint Committees of Finance and Gas from the consideration of all bills relative to the leasing of the Gas Works.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the Joint Standing Committees of Finance and Gas be, and are hereby discharged

from further consideration of all bills, now before them, for the lease or sale of the Gas Works; and be it further

Resolved, That all parties are hereby notified that the Gas Works of the City of Philadelphia are not for lease or sale.

APPENDIX No. 227.

RESOLUTION

To require the due advertisement and sale of the lease of the Philadelphia Gas Works, in accordance with the resolutions of Councils of January 5, 1870.

WHEREAS, Certain ordinance having been introduced into Select and Common Councils for the purpose of leasing the Philadelphia Gas Works.

AND WHEREAS, The said resolution of Councils passed January 5, 1870, provides, That all leases or sales shall be made as provided therein.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the lease or sale of the property of the Philadelphia City Gas Works shall be made at public auction to the highest and best bidder, after due advertisement in at least five daily newspapers of the City for at least two weeks previous to the day of the sale: *Provided*, That the officer having charge of the sale or lease of the said works shall cause to be inserted in the advertisement of the sale or lease that the City reserves the right to reject any bid not deemed satisfactory and for the best interest of the City.

APPENDIX No. 228.

RESOLUTION

Of request to the City Controller to countersign certain warrants drawn against Item 7, in the annual appropriation to the Clerks of Councils, for the year 1897.

Resolved, by the Select and Common Councils of the City of Philadelphia, That the City Controller be, and

he is hereby authorized and requested to countersign certain warrants drawn by the Clerks of Councils against Item 7, in the annual appropriation to the Clerks of Councils, for the year 1897: as follows:

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Commissioners

of the Sinking Fund be, and they are hereby authorized and directed to pay into the City Treasury the sum of forty thousand six hundred and thirty-three (40,633) dollars and eighty-three (83) cents from the moneys heretofore received by them from the sales of portions of the present Almshouse property in the Twenty-seventh Ward, as a special fund for the purpose of enlarging three ward buildings of the Insane Department at the Philadelphia Almshouse.

APPENDIX No. 232.

Philadelphia, September 16, 1897.

To the Presidents and Members of Select and
Common Councils of the City of Philadelphia.

GENTLEMEN :—We, your Committee on Surveys, to whom was referred the resolution requesting the Committee on Surveys to consider the propriety of erecting rest shelters at intersections of streets, having considered the same beg leave to report that the project is one that should be given a fair test, and as an appropriation of one thousand (1,000) dollars has been made for the purpose, we report the annexed ordinance to provide for the erection of rest shelters on Broad street, and ask its favorable consideration.

Ellsworth H. Hulst (*Ch'n*), Josiah Linton, Arthur T. Wadsworth, C. E. Connell, Jacob J. Seeds, Emer S. Little, G. H. Kittams, W. N. Stevenson, W. F. Short, H. W. Sherlock, John Dougherty, Geo. B. Edwards, Hugh Black, P. A. McClain.

AN ORDINANCE

To provide for the erection of rest shelters on Broad street.

WHEREAS, The travel has become excessive, having increased very greatly in this last year, upon many of the highways of the City, particularly Broad street, whereby pedestrians are often placed in a hazardous position by

reason of excessive travel, it is deemed advisable to experiment with rest shelters such as are commonly used in the great Cities of the World; therefore,

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Public Safety is hereby authorized and directed to erect not more than twelve of such shelters upon Broad street, at such points as may be deemed advisable.

SECT. 2. The cost of the same to be taken out of Item 27, in the annual appropriation to the Department of Public Safety (Bureau of Police), for the year 1897.

APPENDIX No. 233.

APPENDIX No. 243.

RESOLUTION

Requesting the heads of Departments to comply with resolution passed by Select and Common Councils on May 6, 1897.

WHEREAS, The following

“RESOLUTION

“Of request to the heads of the Departments relative to fees and charges.

“WHEREAS, The expense of maintaining the various Departments is increasing at a rapid rate, by reason of the improved service and equipment of the various Bureaus made necessary in modern municipal government.

“AND WHEREAS, The income of the City is insufficient to keep pace with the demands of the Departments, therefore,

“Resolved, by the Select and Common Councils of the City of Philadelphia, That the heads of the various Departments be requested to immediately transmit to Councils a schedule of all fees or charges in their several Bureaus for information or service performed, together with the report or recommendation as to how much these charges or fees may be increased without necessarily becoming burdensome or exorbitant, but to be more in harmony with the improved service rendered, and be it further

“Resolved, That the various Departments of the City furnishing service or valuable information to individuals, corporations or companies without charge, be requested to recommend a schedule of prices for such service,” was passed by the Select and Common Councils May 6, 1897,

AND WHEREAS, The only Departments having furnished the information desired were the Departments of Public Works and Law, therefore be it

Resolved, by the Select and Common Councils of the City of Philadelphia, That the heads of the various Departments who have not yet complied with same be requested to do so within thirty days.

APPENDIX No. 244.

RESOLUTION

Requesting the Director of the Department of Public Works to furnish certain information relative to new gas mains, meters, apparatus, etc., necessary to secure the economical manufacture, storage and distribution of twenty-two candle power gas to the inhabitants of the City of Philadelphia.

Resolved, by the Common Council of the City of Philadelphia, That the Director of the Department of Public

Works be requested to furnish the Select and Common Councils of said City with full and detailed information of all new or additional gas mains, service pipes, meters and apparatus of every description; also the necessary repairs to old mains, old service pipes and of all other matters whatsoever, which are now urgently needed, or which in his opinion will be required within three years from January 1, 1898, in order to secure the economical manufacture, storage and distribution of twenty-two candle power gas to the inhabitants of our City; together with his estimate of the cost of all such matters as well also as the cost of production of said gas under such conditions; to the end that Councils may be informed of the minimum requirements and covenants which they should exact from any lessee, if they should conclude that it would be to the interest of the inhabitants of the City to execute a lease of the gas works now owned by said City, for the purposes of securing such new mains, meters, apparatus, etc., and for the economical manufacture and distribution to the inhabitants of our City of such gas.
